A banker at Bend, believing the hog is a great source of wealth, has arranged for the purchase, through the Portland Union Stockyards Co., VEAL of two or three cars of sows of good blood in the Middle West and will HIDES sell them to the farmers around Bend, taking their notes for them for one year. This shows the confidence the bankers have in the hog as a mortgage lifter and the plan promises to aid very materially in

A special session of the Legislature to enact good roads legislation nor West's commission, which has just met and outlined several bills. These provide for state aid, and state highway commisioner, and for enabling counties to avail themselves of the bonding act for road purposes passed at the last general election. The commissioners, who represent all parts of the state, are hopeful that much will be accomplished in the good roads movement by the enactment of these measures.

on Friday evening Sept. 15th. This adds another first class hotel to Portland's increasing good hotel list, It is situated where the first Heilig theatre was, corner 14th and are elegantly furnished and a goodly number were already occupied on the night of the opening.

Great benefits to the Pacific Northwest will follow the opening of the Panama Canal, according to Bernard N. Baker, retired steamship owner, who is visiting in Portland. Reductions of one-third and one-half in freight rates are predicted on shipments to and from the Atlantic Coast cities.

The Progress acknowledges the receipt of an invitation to be present at the opening of the Oregon Normal School, at Monmouth Tuesday September 19th, 1911.

"I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success," writes Mrs. M. I. Basford, Poolesville, Md. For sale by all good dealers.

## An Explanation

In the statement of the city pub lished in this issue, a misunderstanding is liable, hence I desire to make this explanation to avoid it.

The fiscal year ends June 30. At this time there was a delinquent list of water consumers amounting to over four hundred dollars. To avoid reporting this amount delinquent I kept the books open and made collections and by so doing reduced the outstanding account to \$118.25. This was credited to the month of June and explains why a check at a later date was necessary. The last payment I made to Treasurer Kimmel in June was for more money than my collections showed and was due to the fact that I had not, at the time of depositing, checked the amount up. These accounts are public records and will verity this statement, of which the Conneil had notice, but no report of it was made by the examiner in his report, consequently I deemed this explanation necessary.
