A big project is that just launched by the Deschutes Rimrock Power Company, which plans the expenditure of \$9,000,000 in developing electric energy on the Lower Deschutes and operating pumping plants with it to lift water onto the semi-arid lands lying near the Columbia River.

This is thought to be the biggest investment of foreign capital ever made in the Pacific Northwest, exclusive of the trans-continental railroads. It is also the greatest individual power project in the Pacific Northwest.

The first knock is yet to be heard on the Pendleton Roundup. For an affair that attracted the wide attention this unique celebration enjoyed, this is indeed an enviable record.

The State Land Board will probably try to secure title within a short time to Summer and Abert lakes in Southern Oregon. It has been recommended that this be done because of the value of the salts in the waters of the two lakes.

Hood River's annual apple fair, an event of wide interest, will be held this year on October 9, 10, and 11. The management of the show is now erecting a suitable building to house the exhibits.

At Austin, Pa. a large dam that belonged to a pulp mill broke and repeated the horrors of the Johantown flood, but in a less degree. It is not known yet what the loss of life will reach, but estimates place it at probably one hundred fifty lives.

Rear Admiral Schley, the hero of Santiago, dropped dead from heart disease while walking on the street of New York City, on Monday.

Italy and Turkey are at war. The reports say that the Turks are being badly defeated in the battles.

Mrs. Millard, of Springwater, is recovering nicely from blood poison in her hand.

Mrs. A. W. Botkin returned from Portland on Wednesday where she had been on a week's visit with relatives.

Walter Gribben brought some large beets, turnips and some tobacco, which was raised on Estacada Heights, which will be used for exhibition purposes.

Another real estate trade took place in Estacada on Wednesday, whereby Jerry Jones becomes the owner of five acres of land East of Estacada, and J. W. Reed the house and lot of Mr. Jones located on 5th and Main.

Examination For Assistant Rangers

Washington, D. C., October 2.—The Civil Service Commission will hold an examination for Assistant Forest Ranger on October 23-24, 1911. The U. S. Department of Agriculture estimates that 400 eligibles will be needed during the field season of 1912. Assistant Forest Rangers are paid an entrance salary of \$1,100 per annum.

The examination will be held at National Forest headquarters in Alaska, Arizona, Arkansas, California, Colorado, Florida, Idaho, Kansas, Minnesota, Montana, Nebraska, Nevada, New Mexico, Oklahoma, Oregon, South Dakota, Utah, Washington, and Wyoming. No examination will be held in Michigan.

The law requires that, when practicable, Forest Rangers must be qualified citizens of the state or territory in which the national forest on which they are appointed is situated. Since the list of local eligibles must be exhausted before eligibles residing in other states can be appointed, the chance of citizens of outside states who go to the national forest states and take the examination to secure an appointment is small.

The requirements and duties of forest rangers are thus described in "The Use Book," which contains the regulations and instructions for the use of the national forests:

"A ranger of any grade must be thoroughly sound and able-bodied, capable of enduring hardships and performing severe labor under trying conditions. He must be able to take care of himself and his horses in regions remote from settlement and supplies. He must be able to build trails and cabins, ride, pack, and deal tactfully with all classes of people. He must know something of land surveying, estimating and scaling timber, logging, land laws, mining, and the livestock business.

"On some forests the ranger must be a specialist in one or more of these lines of work. Thorough familiarity with the region in which he seeks employment, including its geography and its forest and industrial conditions, is usually demanded, although lack of this may be supplied by experience in similar regions.

"The examination of applicants is along the practical lines indicated above, and actual demonstration, by performance, is required. Invalids seeking light out-of-door employment need not apply. Experience, not book education, is sought, although ability to make simple maps and write intelligent reports upon ordinary forest business is essential.

"For duty in some parts of Arizona and New Mexico the ranger must know enough Spanish to conduct forest business with Mexicans.

"Where saddle horses or pack horses are necessary in the performance of their duty, rangers are required to own and maintain them. The forest service furnishes no personal or horse equipment.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. Cheney & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDING, KENNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation. The examination will consist of questions regarding the use of the forest, supplemented by a field test to show the applicant's fitness to do the actual work of a ranger. Education and experience will be rated on the answers to the questions on these subjects in the application form and on the applicant's use of English in the written test. Horses for the tests in riding and packing will be provided by the forest service.

The examination is under the control of the Civil Service Commission, and not of the forest service. Information in detail regarding it, including the names of the places at which it will be held, will be sent to anyone applying to the United States Civil Service Commission, Washington, D. C.

Club Gets Busy

The Estacada Commercial Club is beginning to recuperate after its siege of resting, and the following executive committee has been named preparatory to "doing things." Dr. H. V. Adix, chairman, E. F. Cruse, L. E. Belfils, A. E. Sparks and Ed. Saling.

About fifteen new members have been added during the past week. The need of a good live Commercial Club in Estacada is so vital a question that it cannot be neglected longer.

A committee, composed of Dr. Adix, L. E. Belfils and R. M. Standish will make arrangements for a big banquet to be given at the Hotel Estacada in the near future.

Willis Cox is erecting a large house on his lots on the Boulevard. Mr. and Mrs. Stokes are rejoicing over the arrival of an eight and one-half pound baby girl at their home.

Robt. Taylor and wife, of Amity, returned on Wednesday after several days visit here with J. I. Bunker and family.

A. F. Watson formerly of Lansing, Mich., has rented one of Pages houses and will move his family here. He is a cabinet maker and machinist and will have charge of the manufacturing with Al Darling. This firm intends to commence the manufacturing of boxes, screen doors, cabinets etc. in connection with their building material work. Mr. Watson comes well recommended as thoroughly understanding the line he is working in. He is also the owner of acreage north of town which he purchased about three years ago.

Before You Move Investigate

Be sure your new home has that important modern convenience—electric light. There are many such and they are in great demand by those who know how to enjoy them. The modern electric light is so much better than any other that no one need hesitate about the cost. There has been perfected the MAZDA lamp which gives twice as much light as ordinary electric lamps using an equal amount of electricity.

We have MAZDA Lamps

For all those who live in wired houses we offer an opportunity of getting the benefit of the great light-giving quality of these lamps. For those who own unwired houses on our distributing lines we will give advice of value in wiring houses for electric light.
