### Mrs. W. A. Jones Dies In Portland

Estacada was shocked at nine o'clock this morning when news was received from Portland that Mrs. W. A. Jones was dead. She has not been feeling very well for some time and the first of this week her trouble became more serious. Wednesday evening it was decided to take her to the Good Samaritan hospital at Portland. Mr. Jones accompanied by Mr. and Mrs. Adix left on the last car on Wednesday night with Mrs. Jones for there, and nothing further was heard from her until the sad intelligence was received this morning of her death, the particulars of which we are at this time unable to give. ### Estacada Exhibit Attracts Crowds

Fruits, Vegetables, Grains and Grasses Make Attractive Exhibit In Waiting Room

### More Specimens Are Needed At Once

Fresh Fruits Which are now in Use must Soon be Replaced by new Articles

The committee which was recently appointed by the Estacada Commercial Club to attend to the arranging of a suitable exhibit in the glass case in the O. W. P. waiting room at 1st and Alder streets, Portland, have placed on display a creditable exhibit, although the material in use is more or less temporary, being made up of fresh fruits, vegetables, etc. It will be necessary, therefore, to restock this case very soon again.

The P. R. L. & P. Co. gave the committee in charge \$25 with which to buy suitable glassware to have permanent exhibits placed in, these exhibits are to be preserved in alcohol. The Portland Chamber of Commerce agreed to put these exhibits in alcohol free of charge if we will furnish the glassware and the fruits. About 30 fine glass jars have been purchased for this purpose and as fast as we can obtain the fruits, etc., they will be delivered to the Chamber of Commerce for preserving.

The exhibits were placed in a glass case in the waiting room in their present condition and they will remain there as long as they present a good appearance, when they will be removed and the preserved products will take their place. The committee is therefore very desirous of obtaining a new supply of fruits, etc., so that they may be placed in the alcohol solution and used to take the place of the fresh fruit as it is removed from the case. These specimens may be brought to the Estacada Commercial Club, or left at this office, from where they will receive immediate attention.

### A Good Position

Can be had by ambitious young men and ladies in the field of 'wireless' or railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 a month, with good chance of advancement. The National Telegraph Institute, of Portland, Ore., operates under supervision of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details.

An "ad" will help you.
