Governor Gilchrist, of Florida, who was a passenger on the northbound train, was uninjured.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured the weards of others, and why should Passenger train No. 105, out of Kansas Ctiy, in charge of F. R. Travers, conductor, was running late. L. P. whereabouts of No. 105. At the point of collision the track make a sharp curve, shutting off the view of the Fort Crook station. It was at this point that Engineer Crawford of the freight sighted No. 105, which was coming at high speed. En-gineer Crawford, it is said, had no orders in regard to No. 105, but he whistled and slackened speed. When the passenger did not answer he concluded it was a train on the adjoining Burlington tracks.

When within a few car lengths of each other, both engineers realized the danger and reversed their engines. The momentum of the passenger train however, was so great that in a mo-ment it was piled high upon the freight engine, which had almost stopped. The crews of both engines jumped.
Dr. John Colliver, of Los Angeles, a

passenger in the Pullman, rushed to the front and worked heroically to assist the injured.

The crew and uninjured passengers formed themselves into a band that worked under the direction of Dr. Colliver until the arrival of the Army medical corps, from Fort Crook, under Major Dale and Lieutenant Clark.

A call was sent to Omaha for medi cal assistance The engineer of the passenger declared he heard no whistle from the freight train. He said he was not going over 25 or 30 miles.
