Thrsday, Dec. 7, 1911

Announcement of a new railroad across Oregon from east to west was appropriate news for Thanksgiving week. President Lovett of the Harriman system has authorized the construction of the Oregon Eastern from Vale to Dog Mountain, a distance of 140 miles. The road will not stop there but will be built to Burns, then presumably on to Bend and very likely south to connect with the Natron-Klamath line.

Work on the project will be rushed and it is expected to get the first link under way before the end of the present year. This new mileage will be of great value to Eastern Oregon, a country now undergoing rapid development, and will give modern transportation to a district now isolated.

There are a number of worthless cur dogs about Estacada that make night and day exhibitions of holding up stock of any kind and running and killing sheep. We advise the people that are annoyed to borrow a gun if they do not own one, and use it freely on this dog bunch, it has become the talk of the town the depredations they are committing. Not one half of the dogs are owned or claimed by any one and a very small per cent of them have ever had any dog tax paid for them.

Four big realty deals during the past week, in different parts of the state, involving over \$1,500,000, show the faith Eastern capitalists have in Oregon. A tract in Southern Yamhill County, embracing 2300 acres, brought \$350,000; 50,000 acres in Klamath County sold for \$300,000; 1200 acres in Baker County brought \$250,000, and a big tract of timber in the Sumpter Forest Reserve sold for \$500,000.

A Redmond bank has made arrangements to bring in several carloads of good dairy stock for ranchers of that section, following the same plan as that of Bend capitalists in furnishing brood sows to farmers in that locality. Redmond, with a large area of irrigated alfalfa growing all about it should make an ideal dairy center.

Good roads throughout Oregon will be the chief topic discussed at the annual convention of County Judges and Commissioners of the state, which will be held in the Portland Commercial Club convention hall December 12-14. Road legislation will be considered with a view to permanent highway construction throughout the state.

President Chas. C. Moore, of the Panama-Pacific Exposition, will soon visit Oregon cities to impress upon them the importance of the coming fair and to urge their cooperation and assistance. President Moore looks to the Pacific Northwest for valuable assistance in making the Exposition a success.

Oregon apples grown at Talent by Houston Bros., captured a big prize at the recent National Apple Show at Spokane. These growers got first prize for a carload of Yellow Newtown apples. They carried away \$300 cash, merchandise worth \$200 more, besides banners and cups.

Alfalfa seed has become one of the profitable crops of the Ontario region. More than \$30,000 has been realized from the sale of seed this season. Most of the product goes to Eastern markets.

James B. and John J. McNamara, of Cincinnati, pleaded guilty as dynamiters in Los Angeles and suddenly ended, so far as they are concerned, one of the spectacular newspaper trials between capital and labor.

Garfield Hills Interesting Meeting

Last Saturday afternoon the annual road meeting of Road District No. 10 was held at the Garfield Grange Hall.

This meeting was very well attended and voters from all parts of the district were present.

The meeting was called to order by Mr. J. M. Schultz, acting for road supervisor F. E. Thomas. The first business was the election of a chairman and R. M. Standish was elected to that office with Mr. A. O. Whitcomb acting as secretary.

The meeting lasted about two and one half hours during which time the matter of road improvements in the Garfield district was thrashed out. There were a large number present who wished to have a large appropriation allowed for the opening of the new Wooster-Stokes Road, which road would lessen the distance from upper Garfield district to Estacada by about one and one half miles. Several motions for a 10 mill excess tax, were defeated, owing to the amount included in the motion for the opening of this new road.

There were a few present who were in favor of smaller tax, but as they were in the minority, their motions to that effect were quickly voted down.

The consensus of opinion seemed to be in favor of a liberal road tax and the improvement and completion of the present roads, before spending much money in opening up new roads.

Finally a compromise motion was passed, voting 7 mill excess tax, said sum to be spent first in the completion of the Wilson Hill, from the beginning of the road district to the present rock road near Mrs. Stubbe's place, the remaining amount, excepting \$200, for the Reagan road, near town, was to be divided equally between the Zion Road, the new Wooster-Stokes Road and the Davis & Divers Road, the latter road being the one passing in front of the Garfield Grange Hall, thence down by the church, school house etc. Motion also included a request of the court to allow the regular road tax to be applied along with the excess tax.

This motion seemed to meet with approval as it was quickly voted through.

Mr. F. E. Thomas the present supervisor, made a motion that an excess tax of 1 mill be voted for the purchase of tools for road building, which motion was passed, making total of 8 mill tax.

A motion was made and passed, thanking Mr. Frank Thomas for his past services as road supervisor and recommending his continuance in this capacity for another year.

The meeting was free from discord and all voters had a chance to be heard, as the general discussion of roads and improvements was extensive.

We are going to clean up our stock of building material this month. And in order to do it quick, will make an extra large discount until Jan. 1st 1912, for cash. It will pay you to get busy and buy now. If you don't use it until spring, 2x4, 2x6, 2x8, etc. Flooring, Rustic, Shiplap, Finish, Lath, etc. Estacada Lumber & Mfg. Co. Dec. 7-11

VIOLA

Mr. Robert Estes, a cousin of Mrs. Frank Cockerline, from Sterling, Colorado, and also an uncle, Mr. Tracey, spent Thanksgiving day with her. They were highly elated over our valley, and words could not describe their praise. Mr. Tracey was much pleased with the lumber resources.

Mr. and Mrs. Rutherford ate Thanksgiving dinner with their daughter Mrs. Graham.

Mr. Edward Miller entertained a host of friends at his home Thanksgiving.

Church services were held in the Methodist Church on Thanksgiving.

Clarence Jaubb left here last September for the Maderas vicinity in eastern Oregon with the intention of making that place his permanent home, but conditions were such as to change his mind, he left there with a whizz and a whirr only to arrive home the first part of last week. The trains were moving too slow for Clarence, so we wouldn't be surprised if he invented trains that moved at the rate of ten thousand miles per hour. He says give him Viola every time, and we don't blame him either.

We are having fine weather and farmers may be seen most any time taking advantages of their good opportunities.

Thousands of Christmas and New Year's cards at Boners. Also a nice line of post card albums, stationery, etc.

Trout Placed In Oregon Streams

Six hundred and twenty-five thousand black spotted trout are being held at the Bonneville hatchery, all of which will be released in the various waters of the state as soon as the special tanks that are being constructed are completed and the little fish are old enough to take care of themselves. These trout eggs were secured from the Yellowstone country, where they were taken by the Government.

This release of trout is especially designated to assist in the re-stocking of several of the streams of the State. Under authority of the State Fish and Game Commission, Warden Finley has been instructed to designate the waters into which the trout will be liberated. Under the state law, any stream may be closed by the commission for a period, for the purpose of re-stocking or protecting fish.

To entail as little hardship as possible upon the anglers of the state, the State Game Warden believes that some of the upper small tributaries of the rivers of the state would be the best grounds for the trout. These tributaries will then be closed for two or three years, and at the expiration of that time opened again, when the fishing in the main streams will be unexcelled. It is believed that in that time, the trout will be able to propagate and mature sufficiently to amply re-stock the main river.

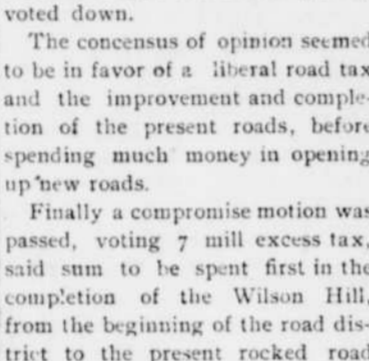

It will be the policy of the warden to make the distribution as wide as possible, closing small tributaries in all parts of the State. A year hence, the same plan will be followed, so that after three years, many new streams will be opened for fishermen every year.

About 75,000 steelhead trout are now being released in the upper tributaries of the Clackamas River. These have been fed by the state for some time, but have been held at the government station at Cazadero. The commission is now getting ready to gather a large number of trout eggs at the coast stations, and up the Mackenzie. This work will be done in the spring.

Electric Christmas Gifts Are Popular

They still possess that element of novelty dear to the American heart and thus solve the problem of giving Christmas gifts that are "different."

Imagine how pleased most men would be to receive an electric shaving cup or electric cigar lighter, instead of neckties, socks and handkerchiefs "as usual."

A tea kettle for grandmother, a samovar for Madame's five o'clock tea, a chafing dish for the college girl or bachelor maid, a dish stove for the bachelor, a flatiron or sewing machine motor for the practical housewife—all these novel and useful gifts will be appreciated by whoever receives them.

It should not be forgotten that these electric Christmas gifts are all useful gifts. Each of these devices is designed to do some one thing better than it can be done any other way, whether it is percolate coffee, toast bread or furnish the power for running a sewing machine.

The line of electric Christmas gifts is so complete that in it will be found a suitable gift for every member of the family.

Clio And Phyletes At Boner Theatre

The Itala masterpiece entitled "Clio and Phyletes" is a magnificent production, with amazing settings, a thrilling battle and spectacular fire scene, the acting is splendidly done, the photography superb.

The warrior Phyletes falls in love with the beautiful Clio, daughter of King Dyomedes.

The barbarian king, Hexar, who calls on Dyomedes, is so struck by the dazzling beauty of Clio, who is mistress of her father's palace, that he asks the king for his daughter's hand.

Dyomedes orders Hexar from the palace and he leaves in rage only to return to avenge the insult. The walls of the city is stormed by Hexar's warriors and he enters the palace.

Phyletes, who has returned after carrying the body of Dyomedes who has been wounded to a place of safety, sees the fair Clio in the embrace of the barbarian enters the vaults of the palace sets a fire, which in a few minutes is a roaring furnace.

He then enters the room where Clio is held a prisoner strikes down Hexar and escapes with Clio while the palace comes crashing down on the barbarian forces.

A most interesting play that was much appreciated by the Sunday evening play goers.

Found—A pair of gold rimmed spectacles. Owner can have the same by proving property and paying for the ad at Progress.

EAGLE CREEK

Mr. and Mrs. "Pete" Cester spent Thanksgiving and some days thereafter with "Pete's" parents at Molalla.

An old gentleman who bought ten acres from Franklin Taylor has begun clearing the land. We did not learn his name.

Mrs. Wm. Howlett is able to get about again and assist with the housework.

The little folks have been telling the news, but we do not think Uncle Roy cares to have it published just yet.

Mrs. J. W. Douglass moved to Estacada last Saturday. Miss Bina took a position with the Estacada Mercantile Co the same day.

It is reported that there is a change being made in the Banfield Veysey Fuel Co. Mr. Banfield retiring and Mr. Holman, the present general manager, taking his place.

Mr. Geo. White went to Damascus Tuesday of last week and returned with the thorough bred Jersey bull, Amerigo Charles. He is a dandy.

J. W. Cahill was agreeably surprised on the evening of Nov. 29, when Fred Hoffmeister suddenly threw open the door exclaiming, "Good evening, Mr. Cahill, you're fifty years old." Fred was accompanied by his family and other friends and neighbors who spent a pleasant evening with music, games and taffy. Refreshments were served and "all were as merry as a marriage bell."

Mr. and Mrs. Schupbach and daughter visited friends in Portland last week.

Mrs. Marion Lady has been in Estacada all week attending to business matters. She has advertised her household goods for sale, this afternoon and will remain long enough afterward to complete these business matters. We have been informed of these additional facts relating to her wedding at Sheridan, the date was November 22nd, at the M. E. Parsonage, the Rev. Kuhlman officiating. The ring service was used.
