Eyes of Eastern people have been fixed on Oregon during the past two weeks. The Governors' Special, carrying an exhibit of state products, has been visiting the principal cities of the country and has attracted great attention everywhere Oregon has been favored with more interest than any other state, judging from the great number of inquiries asked of those on board.
At the Chicago Land Show, too, this state has played a prominent part. Oregon Day, December 7, was marked by a very large attendance of interested people who were eager to learn more of Oregon. At St. Paul's Land Show, which opens this week for 11 days, Oregon will also be represented by delegates and an exhibit. These big features will do much to point land hungry people to this state, where agricultural opportunity awaits them.

The Christmas holidays are approaching, to the special delight of the small boy and girl and the pleasure of most of us. Yet there may be, and possibly are, persons among us that this Christmas time will not bring the joy but a sad reminder of other years, conditions and friendship. If we want to enjoy this season of good cheer to the fullest extent, why not search out such, if any there be, and so far as our ability goes, fill the vacant place by the kind word or little remembrance. It is not always the financially weak one that needs these words or kind remembrance but it is possible to be the millionaire as well. If we search we certainly will be rewarded by the consciousness of having done our duty.

Trains will probably be running to Lakeview by late winter or early spring as rail connection has been completed with that city from Alturas, Modoc County, California. A wonderfully rich country will be opened up to the outside world.
That Oregon Creamerymen need not take second place in the manufacture of dairy products was stated on undoubted authority at the recent convention of butter and cheese makers in Portland. Prof. John Sollie, of Albert Lea, Minn., chief judge of the exhibits, said he was surprised at the high quality of cheese and butter he found here. He said the butter shown would rank with any he has judged in New York and the Eastern states.

A Northwest dairy stock exhibit has been suggested in connection with the annual state dairy convention. It is planned to bring prize animals here for display and the management of the Portland Union Stock Yards has offered the use of the barns, show ring and pens for exhibit purposes. It is thought such a show could be made of interest to the dairy men of Oregon, Washington, Idaho and Northern California.

Southern Oregon cities are looking forward to a network of inter-urban electric lines that will greatly facilitate travel and inter-community life in that section of the state. Plans are announced of a trolley line from Grants Pass to Ashland, linking all the intermediate cities.

A fine country place on the bank of Crooked River, Crook County, costing \$50,000, is promised by Henry McCall, the son-in-law of Thomas W. Lawson, of Boston. Mr. McCall has bought 400 acres and will make a beautiful home of it. This is one result of the visit of Mr. Lawson to Oregon last summer.

Great advances in road building throughout this state are shown by figures of county judges. In 1905 Oregon had 35,000 miles of roads and spent \$500,000 in repairs and construction. In 1910, with 40,000 miles of roads, \$2,000,000 was spent.

Fire Company Elects Officers

At a recent meeting of the Fire Department the annual election of officers occurred. B. R. Kimmel was re-elected chief; Fred Jorg, president; Wm. Perry, vice president; Harry Eckles, secretary; I. V. Barr, treasurer and Jim Smith, assistant chief.

The report submitted by the committee for the Thanksgiving dance showed surplus of \$5.80, which was the amount of the money cleared at the recent dance.

The company has formerly been composed of 25 members, but the additional cart which has been placed on the hill, necessitated a larger number and accordingly the company was increased to 30 members.

Patronize Your Home Merchants

At the Estacada Mercantile Co you can find lots of nice things for presents. The Estacada Furniture Co., the Estacada Pharmacy and Dales all show a nice line of Christmas holiday goods and make a splendid window show of these goods. When your home merchant makes the effort to please you and give you variety, we think he is entitled to and ought to receive your patronage. Your home merchant should in addition to your patronage receive the encouraging word from you that you appreciate him and his goods. These remarks apply only to worthy business men who do business honestly and sell you goods just as low as they can be secured elsewhere. Prices vary a little, but if you could get a can of corn for ten cents in Portland that your home merchant charged you eleven cents for, give him the extra cent rather than pay your fare of one dollar and thirty-five cents just to save that one cent. The fact is in all legitimate business your home merchant does sell you as cheap as your stores of the larger city. There are persons who make themselves believe they buy something for less, when in reality they were caught just as the can of corn transaction spoken about illustrates. Do your Christmas shopping early as is good advice in Estacada as elsewhere and for the same reasons. You get the choice and have time to look at it. Give your home people a chance first and then if you cannot be suited I suppose you will feel justified in buying elsewhere.

John Zobrist has added to his real estate holdings in Estacada by purchasing the two adjoining lots to his present bachelor quarters on Zobrist street, from Chas. Beers. The sale was consummated through W. A. Jones.

Electric Christmas Gifts Are Popular
They still possess that element of novelty dear to the American heart and thus solve the problem of giving Christmas gifts that are "different."
Imagine how pleased most men would be to receive an electric shaving cup or electric cigar lighter. Instead of neckties, socks and handkerchiefs "as usual."
A tea kettle for grandmother, a samovar for Madame's five o'clock tea, a chafing dish for the college girl or bachelor maid, a dish stove for the bachelor, a flatiron or sewing machine motor for the practical housewife—all these novel and useful gifts will be appreciated by whoever receives them.
It should not be forgotten that these electric Christmas gifts are all useful gifts. Each of these devices is designed to do some one thing better than it can be done any other way, whether it be percolate coffee, toast bread or furnish the power for running a sewing machine.
The line of electric Christmas gifts is so complete that in it will be found a suitable gift for every member of the family.

The Rev. Irl R. Hicks 1912 Almanac
Before the great Drouth of 1907, the Hicks Almanac gave timely warning. For over two years prior to 1911, the Hicks Almanac again sounded a warning of drouth danger. And so for forty years this same friend of all the people has steadfastly refused the offers of speculators and continued to warn the public of the coming dangers of storm and weather. As they should have done the people have nobly stood by Professor Hicks, their faithful public servant, who has grown old in their service. Send only one dollar to Word and Works Publishing Company, 3401 Franklin Avenue, St. Louis, Missouri, and get his Magazine and Almanac both for one year. The Almanac alone, a fine book of 150 pages, is only 35c. by mail. Let everybody respond and receive the warnings of our National Seer for the coming year.
