about our certificate of deposit. If you have money awaiting investment exchange it for one of these certificates which bear interest according to the time the money is left with bank. The certificates are as good as cash, in fact they are a great deal better than idle cash.

The EYE

The eye is a wonderful piece of divine mechanism and deserves the best care within the reach of human knowledge.

The delicate construction of this organ makes it necessary to use great care in selecting eye glasses and spectacles.

It is not generally understood by those depending on artificial assistance for good vision, that it requires as much scientific knowledge to adjust lenses to the eye as it does to prescribe medicines for the human system.

Much of the present day eye trouble is due to wearing cheap, decentered lenses fitted (?) by incompetents, or bought across the counter or from peddlers.

We cease to wonder at the magnitude of present day eye trouble, when we think of the thousands who are wearing such glasses—lenses which change and distort the rays of light, producing innumerable eye ailments and defects.

No person should wear a glass unless prescribed by a reliable specialist—one thoroughly acquainted with anatomy, physiology and diseases of the eye, laws of light and optometry.

Council and Mayor Lock Horns in Lively Tussle

CHANGE IN TWO COMMITTEES

Mayor Offers to Let Two Members Resign, Otherwise May Remove—Hot Shots Exchanged

In a session characterized by verbal pyrotechnics, the city council at its regular meeting, Tuesday evening, entertained the biggest crowd of the year.

Declaring his authority had been encroached upon, Mayor Reed asked Alderman Jones to resign from the police and health committee and Alderman Underwood from the street committee. He added he was prepared to remove them if they did not resign and said he would re-arrange the committees.

Underwood made no protest, but Alderman Jones and the mayor engaged in a lively argument, broken finally by a motion to adjourn to tonight. The mayor fired a bomb when he announced that dating from Tuesday night he would no longer sign warrants to pay Marshal Ames, alleging the marshal had not performed work assigned to him. This Ames denied and offered to "let the people settle it."

The first set to of the evening came over a bill filed by Willis Yonce, \$26.50, for hauling brick and planking. Alderman Jones of the finance committee fought it, saying the price was too high and stating that some of the bill should be paid by property owners, in front of whose lots the brick was dumped. The bill went over, a motion by Alderman Hawkins to pay it, failing of a second. Bills of \$129 were allowed.

After consulting with B. O. Boswell, representative of the Electric Light Company, the council passed a motion for eight new street lights, five on the hill, one on north side of Third street on the Boulevard, one in front of the Sagner home and one on the northwest corner of Currier and First streets.

In stating he would no longer sign warrants for the pay of Marshal Ames, the mayor said repair work had been neglected and rubbish had not been burned nor street crossings kept clean, as required. The taxpayers, he said, were not getting what they paid for. Marshal Ames denied most of the statement, but said the old planks and mattresses referred to were too wet to burn. He asserted he had done everything he had been ordered to do. The mayor said he had no objection to retaining Ames, but he ought not to be paid more than \$40 a month for police work.

After W. Cary and R. M. Standish asked the council to extend the water mains to Terrace addition down the alley between Clackamas Avenue and Terrace street, the question of a special election for this purpose was discussed and an agreement made to take up the matter Thursday night at an adjourned session. The council has authority to extend the mains without special election with the understanding that the addition will come into the city and pay taxes.

Estacada Takes Scalp Of Park Place Team

Estacada High School added another scalp to its belt Friday night when it beat Park Place 27 to 17 in a well contested basketball game. The visitors, apparently, were unused to as low ceiling as the pavilion and in making long passes, they continually threw the ball into the electric bulbs or bounced it from the beams. They improved, however, as the game progressed and at the close were doing better work. The first half ended 14 to 7 in favor of Estacada.

The attack of the locals was fast and at the start they rolled up the count rapidly. There was some confusion on both sides owing to similarity of uniforms and it affected the team work, but on the whole, both teams put up a game that interested the crowd and kept it on its toes to the windup.

Evans the Estacada center outplayed his opponent Rivers, getting the ball away to his team in good shape. Morton for Estacada threw

most of the baskets, some from a difficult angle. Graham was especially good in passing the ball and Woodle and Wooster, who substituted for Fellows at left guard, contributed their full share to the success of the evening.

In the second half, the visitors played a better game making 10 while Estacada rolled up 13. In the game Estacada had 86 chances to score taking advantage of 27, while Park Place had 41 with a total of 17 counts. There was little fouling.

The girls' team of Park Place failed to appear and a pickup team from Estacada and one from River Mill substituted. Dale of the town team showed to advantage in basket throwing. Estacada won 28 to 9. The lineups: Estacada Position Park Place. Evans C. Rivers Graham L. F. Lucas Morton R. F. Hendricks Wooster L. G. Knight Woodle R. G. Rivers Referee, Schultz; Umpire, Page. Estacada Position River Mill Townsend C. Woodle Schultz R. F. Sharp Dale L. F. Cowling Morton R. G. Cruse Page L. G. Sutterfield Umpire, R. Morton; Referee, Graham.

Many Inquiries Made About Estacada Country

Good results are evident at the office of Secretary Standish of the Commercial club, due to the advertising which has been done in the past few months. And the question as to what becomes of the dues is answered by a look at the books.

Being secretary-treasurer of this thriving organization is no snap, for in addition to attending to the correspondence, the official has to look out for collections and it has been suggested that the members can greatly aid the club if they will call at the office and pay the dues and incidentally look over the records and see what is being accomplished.

Most of the money raised, has been used for advertising. One ad was placed in the Annual Oregonian in January and the returns are still coming. Each inquiry is listed and a complete record kept. The inquirer is sent an Estacada booklet and a personal letter is written by the secretary when detailed information is required.

To date there are several hundred inquiries on file, some asking only for the booklet and others asking about cost of electricity for power etc, indicating that the writer is contemplating locating some industry in the city. Especial attention is being paid to this class of inquiry.

No Tax Levy Made For City Expenses

Citizens of Estacada will not be required to pay a 5 mill tax for running expenses of the municipality this year, because no levy was made by the city officials.

The levy should have been reported to the county clerk not later than Dec. 31, but this wasn't done, so taxes will be 5 mills less and the city must depend upon what it still has in the treasury and what it may get from saloon licenses.

It costs the town \$1,300 for lights, police and salary of the city recorder, annually. On hand in the general fund is about \$1,700 and about \$3,000 in the sewer and road fund, together with about \$400 taxes not turned in by the county. Saloon licenses expire in August and October and if they renew there will be \$3,000 more available. Heretofore the levy produced about \$750 annually, but would have been double that amount this year, on account of increased assessed valuation. The announcement of the oversight was a surprise to Estacada.

WARNING!

Blasting of stumps will take place daily in Terrace addition between 12 noon and 1 o'clock. The public is warned to exercise care while in the vicinity.

A POSTAL BANK

Estacada Among Seven Favored Towns of Oregon

WILL BE OPEN ON MARCH 7

Postmaster Johnson Receives Literature for Distribution—How to Open A Savings Account

Estacada has been named by the Postmaster General of the U. S. as the location of a Postal Savings Bank, which will open for business here March 7. Postmaster Johnson received notice this week, he having sent data to the department some two months ago. Six other towns in Oregon are also named in the department's notice.

The postmaster has a lot of circulars for distribution explaining the system in full. Patrons are invited to call for them.

Deposits may be made for post-savings certificates of \$1, \$2, \$5, \$10, \$20, \$50 and \$100. No account may be opened for less than a dollar nor fractions of a dollar accepted for deposit. However, amounts less than a dollar may be saved for deposit by purchase of 10 cent postal savings cards or adhesive 10 cent postal savings stamps, which may be turned in when the amount has reached a dollar.

Interest of 2 per cent is allowed on deposits payable annually. No interest will be paid on money which remains on deposit for a fractional part of a year. So, in withdrawal, which may be made at any time, interest only on that part of the deposit left a year, is payable.

These are a few of the rules, full explanation of which is furnished in the circulars.

Benedicts Beat Bachelors At Baseball, 11 to 9

While the effete easterners were wallowing around in snowdrifts 'steen feet deep Sunday and wearing fur coats to keep from freezing, Estacada fans were watching the Married Men and Single Men in a game of baseball which the Benedicts won 11 to 9.

The Bachelors had the best of it during the earlier innings but they blew up on the homestretch and the Responsible Heads of Families got under the wire with another argument for matrimony.

The game was characterized by good hitting, a few fancy fielding stunts and some fair pitching. The lineup:

Benedicts: N. Bronson, p; Eckles, c; Underwood, 1b; Simmons, 2b; Nichols, ss; Eshleman, 1f; H. Jones, cf; P. Eshleman, rf.

Bachelors: L. Bronson, p; Sutterfield, c; Townsend, 1b; Hughes, 2b; Morton, ss; Yont, 3b; Cary, 1f; Barr, cf; Condon, rf; Umpire, G. Townsend.

Terrace Addition Lots Are Going Rapidly

With the announcement that Terrace addition had been placed on the market, that section of Estacada became a scene of activity which has shown no cessation since. Residents of the city, farmers in this vicinity and Portland people quick to see the chance for a home or investment bought lots and within twenty-four hours two buildings were started, with lumber ordered for several more.

20% Stump Powder in ten box lots \$5 50, in five box lots \$5 75. Orders to be placed in advance. Thursday deliveries only. McCurdy Lbr. & H'd'w. Co.

WHERE?

Terrace Addition

WHY?

Because work is under way for the clearing of the Streets, Alleys and Lots in the new Terrace Addition. Clackamas Avenue is over half done, Terrace Street is being begun and the big Alley is beginning to look like a county road. Railroad Avenue is being contracted for clearing.

Who's Doing It?

The owners of the addition are having all the Streets cleared and the owners of the lots are having their own properties put in shape for building.

48 Lots Were Sold This Past Week

Some to Estacada townspeople—some to Estacada Farmers—and some to Portland people

WHY? Because TERRACE ADDITION Lots represent one of the best, cleanest investments ever offered in this county. The Prices are Low enough and the Terms Easy Enough to allow anyone and everyone owning a lot

BUILDING BEGUN Foundations are already up for two houses on Terrace Addition Lots and within thirty days several more buyers will start building.

SWITCH TRACK Within a few days, work begins on the new switch track which will be nine hundred feet long, running between Fourth and Terrace Sts. on the flat. Along this track will be twenty-three good lots, each lot having a fifty foot track frontage for shipping, warehouse and factory locations. Several parties have already made reservations on this track.

If You Are Looking For a Home Location or a Good Clean Investment

Let me show you around TERRACE ADDITION, for there are Lots from \$35 up, and on easy terms
