As anxious as anybody to bring the murderers of the Hill family of Ardenwald to justice, County Commissioner William Mattoon of Estacada takes the position that the county should not hire special counsel to assist the district attorney unless the latter asks for it. The county court is somewhat divided, but Mr. Mattoon has made his position clear. He understands that there has not been sufficient evidence introduced to secure a conviction and before the county goes to an extra expenditure of \$8,000 to \$10,000 he wants to be assured that the district attorney needs help. Considerable feeling has been worked up over the case and Mr. Mattoon thinks there will be farther developments. Sheriff Mass asserts he has evidence to convict Harvey, but the county court wants to be "shown" before authorizing special counsel.

The regular meeting of the Ladies Aid Society of the Methodist Episcopal church, will be held on Wednesday, March 6, at 2:30 p. m. at the residence of Mrs. Womer. All members are requested to be present.

Exchanges from New York and New Jersey are printing the circular letter sent out by the Central Labor Union of Portland, warning people to keep away from Oregon. The New England newspapers are commenting on the letter and endorsing the views of the labor council. The harm done by the letter to Oregon and the coast, is considerable and will require hard work by the business people of the state to offset it. And the old adage that a lie travels faster than the truth is being exemplified in this case.
