A Critical Inspection

of your eyes may show the cause of that contrary and persistent headache, those nerve trying aches which drugs fail to relieve more than temporarily; may reveal some hidden defect that is sapping your nervous vitality, thus effecting organs remote from your eyes; might disclose the obscure cause of nervous disorders, the relief of which would afford you untold joy. There may be others who give the same thorough scientific examination as we, but many of our patients who have previously "been the rounds" say they haven't found them.

BOOST FOR CO. DIVISION

Mass Meeting Selects Committee to Arrange.

MUCH ENTHUSIASM IS SHOWN

New County Deemed for Best Interest of East Clackamas—"Cleanup Day" Chosen for Estacada.

A big meeting to organize for a campaign for a division of Clackamas county was arranged at a mass meeting held at Boner's theatre last Thursday evening.

And a "Cleanup Day" for Estacada—a day when its citizens will get out and donate a days work toward making the town tidy, was selected and a committee named to canvas for volunteers. The date for both meetings is Friday, March 22—the cleanup to take place during the day and the county division meeting in the evening at 8 o'clock.

When Governor West arrives here the next day to speak at the Garfield Grange Estacada will present a renovated appearance.

All this activity follows the coming to Estacada of F. D. Hunt, traffic manager of the P. R. L. & P. Co., who has had appropriated \$500 to clear the right of way along the townsite. Mr. Hunt also offered to donate enough crushed rock to pave Broadway from the depot to the intersection of Second street.

Enthusiastic for Division

Announcement by The Progress of the county division meeting brought out a good crowd at the theatre. W. A. Heylman was elected chairman and G. E. La Follette, secretary. Chairman Heylman explained the purpose of the meeting and called for a discussion of the subject of county division. R. M. Standish, industrial agent of the P. R. L. & P. Co., expressed the belief that the company wanted to see a division and the tax money kept in the district from which it was collected.

E. W. Bartlett told of the difficulty of doing business at the present county seat and said he was eager to help in the proposed division. W. Cary spoke along the same line. Mayor J. W. Reed said he was decidedly in favor of division and believed if everybody would get out and boost it could be accomplished. He added that he believed Oregon city would help.

Map on Picture Slide

Chairman Heylman offered to have a picture slide made, showing Clackamas county and the proposed line of division for use at the big meeting March 22. Boone Shortridge offered to circulate petitions in Lane county, his former home.

Edwin Bates told how the grange helped in the successful campaign for division of Hood River. He suggested commercial clubs could help materially.

Following a general discussion, the following committee was elected to prepare a statement of a campaign method, to notify other districts of the meeting and to secure a map and data in the proposed district: Robert Duncan, J. W. Reed, J. M. Shibley, Edwin Bates, A. E. Sparks, L. E. Belfils, R. M. Standish, E. W. Bartlett, C. W. Devore.

Grand Cleaning Day.

R. M. Standish aroused much enthusiasm by proposing a holiday for the whole town, the day to be devoted to cleaning the streets and alleys and putting the municipality in apple-pie order. Robert told how other towns in the east did it and how captains were appointed to direct the work and how everybody, bankers, merchants, preachers, business and laboring men all put on overalls and "hopped to it."

"And even the ladies helped," he added, "they served coffee and sandwiches and everybody had a fine time."

The idea made good and many volunteered labor of themselves and teams. Professor James said if the school board would give him the chance he would turn fifty school children loose to help. Chairman Heylman then appointed this committee to canvas the town and get a list of those who would join the "White Wings": Mayor J. W. Reed, Robert Duncan, R. M. Standish.

Jefferson Too Much for Local Basketball Team

It was an off night for Estacada High school basketball team and Jefferson High of Portland—one of the crack teams of the city league—won 33 to 20 in a game that was a battle all the way, Friday evening.

Playing at top-speed, the visitors apparently had little or no trouble with the low ceiling. They worked with accuracy and spirit and as they were playing under rules different from those which Estacada is accustomed to, it helped them

some. Still, the locals hadn't much license to win for they got away to a bad start and they didn't play up to their normal form. But they didn't lay down an instant. They were full of fight when the whistle blew ending the contest. It was the second defeat for them the entire season. Their other defeat was by one point. They have won about a dozen games. That's some record, by the way.

Jefferson's forwards proved regular fiends at basket throwing and while the team as a whole fouled twelve times, Estacada landed only two of the baskets from the foul line.

A big crowd saw the game and took delight in panning the Portland referee, who had it coming. The first half stood 16 to 8 for the visitors and the second half 17 to 12. For Estacada, Morton threw four baskets from the field, Evans two, Douglas two and Graham one. The visitors tossed 13 baskets from the field and seven from the foul line out of a total of nine chances.

The Estacada lineup: Fellows and Evans, center; Graham and Douglas, forwards; Morton and Woodie, guards.

Property Shows Increase of More Than \$400,000

School district 108, which includes Estacada, shows an increase in valuation of more than \$400,000 the past year, according to the figures received from the assessor by L. E. Belfils of the Estacada State bank.

The exact figures for 1911 were, \$989,407.72. In 1910 the valuation was \$580,000 and in 1909, \$147,000, a gratifying showing. This year will show an even larger increase owing to completion of the work at River Mill.

The school census shows another interesting fact for 1911, the number of school children being 279 as against 243 in 1910 and 147 in 1909.

Mrs. Waterbury Expires After Extended Illness

Mrs. Louisa Cox Waterbury, aged 63, died last Thursday at the home of her daughter in Estacada, after an extended illness. Deceased was born in Missouri and emigrated with her parents to Oregon, when a young girl, settling in the Willamette valley. She was married to Mr. Waterbury and resided for a time near Salem. Her husband and three children, Mrs. A. J. Price of The Dalles; Mrs. L. A. Chapman and Mrs. H. J. Chevon of Estacada, survive her. The funeral was held Friday from the undertaking parlors of the Henthorns and interment was at Springwater cemetery. Deceased was beloved by the whole community and the funeral was largely attended. The sermon was preached by Rev. W. Givens of the Christian church. Mrs. Waterbury was a member of the Adventist Christian church.

Social Functions

Mr. and Mrs. Robert Currin were hosts, last week, to a number of their friends, at their home in Currinsville. The evening was delightfully spent at "500," eight tables participating. The first prizes were won by Mrs. Ed Saling and C. C. Saling; second prizes by Mrs. A. E. Sparks and L. M. Yocum. Following the game refreshments were served. Among those present were: Messrs. and Mesdames: J. W. Reed, L. E. Belfils, Jellison, Yocum, James, E. E. Saling, Miller, C. C. Saling, Lindsey, Mrs. A. E. Sparks, Mrs. Gartner and G. E. La Follette.

Pupils of the fifth and sixth grades of the Estacada school gave a surprise party, the recipient of the attention being their teacher, Miss Ellen Moelke. The affair took place at the home of Mrs. M. Adams and about 35 attended, bringing refreshments with them. Games were played and an enjoyable evening spent.

"FREE" DITCH IS COSTLY

Originally Dug by Volunteers It Caves In

COUNCIL BUYS SOME TILING

Change Made in Water Pipe to Terrace Addition—No Successor to Alderman Osborne, Resigned.

A ditch on Wade street between Fourth and Eighth street, dug partly by volunteer labor about six months ago to drain the townsite border, has, to date, cost Estacada about \$155. At the council meeting Tuesday evening a bill for \$130.68 for tiling was paid and bids are now asked for cleaning up the ditch and laying the tiling. The council some time ago paid \$25 for excavating, the volunteers who dug most of the ditch finding they had underestimated. Since then the ditch has caved in and dammed the water and it became necessary for the council to act.

The council also authorized a change in the water pipe to Terrace addition, it being discovered that the 6 inch pipe originally advertised for, would not fit the terminus of the present main which is 4 inch. The cost will be less than originally figured.

No Successor to Osborne.

Although Osborne's resignation as alderman was read early in the meeting, it was not until the wind-up that Alderman Jones, gazing mournfully at the vacant chair, inquired in hushed accents:

"How about a new alderman?"

"We have lost one tonight," said Mayor Reed solemnly, "Let us wait."

Sighs from Alderman Lindsey, Hawkins and Underwood. City Recorder Devore coughed.

It was decided to have Engineer Look survey a road from the Springwater bridge to the railroad crossing over the latter's property. Traffic Manager Hum having agreed to recommend the change.

Bills of \$263.94 were allowed, after Jones had objected to ordering work exceeding \$25 without advertising. A bill for hauling was laid over for modification.

Bids for Clearing

Bids are asked for clearing the bottom in Terrace addition. Call on Cary Brothers for particulars. Bids must be in by March 26 at 6 p. m. The right to reject any and all bids is reserved.

CITATION
