### MUFFLING THE BELLS

Aldermen put finish on Bossy's meanderings.

### STIFF FINE FOR LIVE STOCK

Prohibited from roaming in Estacada after 7 P. M. and before 6 A. M. Re-advertise for sewer bids.

No more will the harassed citizen trying vainly to sleep, be disturbed by the tinkle-tinkle of the cow bell and the snort of the frisky horse. The city council has passed an ordinance imposing a fine upon the owners permitting live stock to run at large after 7 o'clock P. M. and before 6 A. M. in Estacada's incorporate limits.

Brickbats and heated language will no longer make night hideous. For Marshal Ames will be on the job ready to herd any Bossy or Dobbin prowling around the lawns and gardens. What may be expected, can be ascertained by perusing the ordinance, which is published in full on the last page of The Progress.

Sewer bids are asked. Jones and Rhodes to whom was awarded the contract for excavating for the new city sewer, failed to comply with requirements as to bond etc. and the council re-advertised for bids to be opened at an adjourned regular meeting, next Monday night. The ordinance for concreting Broadway, was not introduced because not enough property owners had petitioned in the block between Second and Third streets. Bills of \$256 were allowed, after which adjournment was taken.

### Manufacture building Material in Estacada.

Charles Dubois, manager of the Dubois Lumber Co., will shortly be located in his new location, the former brick plant in Terrace addition which he purchased some time ago. The P. R. L. & P. has been notified that the grading is finished for installation of the switch and this will likely be built soon. All kinds of building material will be found at the company's plant.

Manager Dubois contemplates putting in machinery for manufacturing and thus provide a good pay roll in Estacada. This will be done later.

### Fruit Growers elect officers for a Year.

A. O. Whitcomb was elected president of the Estacada Fruit Growers association at a meeting held at the home of J. M. Schultz Tuesday evening, by the recently elected directors.

All the directors were present and the following additional officers were chosen for the ensuing year: A. O. Whitcomb, president; A. W. Botkin, first vice-president; Thomas Yocum, second vice-president; R. M. Standish, sec.; J. M. Schultz, treasurer.

The incorporation of the association was affected. Bills were audited and a committee was instructed to negotiate with Cary Bros, owners of Terrace addition for the purchase of three lots, on which a storage and packing house will be constructed.

### ESTACADA DISTRICT FAIR LIST

Prizes to be given pupils who show best exhibits of agricultural products, August 27.

The prize list for the district fair in the Estacada country has been issued by H. M. James, superintendent and there will likely be many entries for the event, Tuesday, August 27.

### CURRINSVILLE.

B. Frill and Henry Fanton are falling timber for the Miller Lumber Co.

James Benzon and Roy Morrow attended the Elks convention last week.

The Misses Leta Conner and Alta Sarver were in Estacada Saturday evening.

A number of young men of this vicinity are leaving for Eastern Oregon to work in the harvest fields.

Quite a number of Estacada women were in the Clackamas Sunday picking black berries. They secured about 76 quarts.

"Heine" Cruse in order to see the Elks parade last Thursday at Portland, attempted to climb a water pipe to the sixth story of the Portland hotel. He slipped, when some distance up and fell bringing the water pipe with him. Evidently he was not injured for he won a foot race with a "cop."

Miss J. L. Bishop a well known school teacher of Nehalem, who is visiting Miss Echo Githens of Currinsville has been subjected to a good deal of joking over the search for Howard Ormiston a 15 year old boy of Oregon City, whom Deputy Sheriff Ames was asked to look for, the supposition being that the young woman had abducted him. The boy, after Miss Bishop secured the consent of his mother, accompanied the teacher to Miss Githens home, as guide and then went to Portland, where he stayed a day or so seeing the sights, after which he turned up at home to find that his folks had been making a great fuss over his absence.

### EAGLE CREEK

Boost Cascade County!

Mrs. Garhardus who has been ill at a hospital for some time, is slowly recovering.

The bridge across Eagle creek at Alspaugh is now completed and people of this vicinity find it more convenient than fording.

George F. White of Portland has been looking after the farm work while his son George is recovering from an operation performed recently.

Miss Echo Githens of Currinsville has been engaged as teacher in school district 50. She is well known here as a good teacher.

The new Eagle Creek school is nearly completed and it is expected the ninth grade will be taught the coming term. Miss Elsie Grace has been engaged as primary teacher.

### ESTACADA BOY HURT

Albert Lichthorne nearly killed by automobile.

### DRIVEN BY A PORTLAND WOMAN

Wife of W.W. McCredie, baseball magnate at wheel. Lad reported to be improving and will likely live.

While waiting for a street car at Union and Killingsworth avenues in Portland, Sunday evening, Albert Lichthorne of Estacada, aged 11 years was knocked down and run over by an automobile, driven by Mrs. W. W. McCredie, wife of the baseball magnate. He was taken to St. Vincent's where, at first, physicians held out no hope of recovery. Today, however, it was said the lad would probably live.

Albert Weiser, an uncle of the boy employed an attorney and witnesses stated that the machine was going above 10 miles an hour and on the left hand side of the street, contrary to ordinance. The boy's injuries consist of three fractured ribs and internal injuries. The heavy machine passed entirely over him. Mrs. Lichthorne his mother, is at his bedside. Mr. Lichthorne was in town a day or so, but the boy's improvement, allowed him to return to take care of his business.

### Bartlett sees vision of arrest—Cop wants ride

E. W. Bartlett, Mrs. Bartlett, Mrs. A. E. Sparks and Mrs. R. M. Standish motoring to Portland the day of the Elks parade were given a great scare by a policeman and for a moment Bartlett had visions of a trip to the police station and possibly a fine, though for what reason he couldn't think.

Approaching town through the suburbs, a policeman ran out suddenly, threw up a detaining hand and when Driver Bonney slowed down, leaped aboard the car. Bartlett waited breathlessly for the storm to break. It didn't come. "Hello Bill!" ventured Bartlett. "Hello Bill!" returned the cop, grinning.

"Were you—er—did you expect to take us to the station?" asked the lawyer.

"What" exclaimed the policeman "Well, yes, if you're going that way. I just wanted a ride."

He got it. Five people breathed easier.

### Duncan—Davis Marriage.

Cards announcing the marriage at Portland of Robert A. Duncan and Miss Sara Olive Davis, July 7, were received in Estacada last week much to the surprise of the recipients. Miss Davis, who during the past two seasons has had charge of the millinery department at William Dale's, recently left here apparently to go to her home. Instead her mother met her at Portland and the marriage took place. The bride is an exceedingly popular girl and Mr. Duncan, who until a few months ago was a member of the firm of Cruse Bros. has hundreds of friends in this section, where he was reared. He is now a traveling salesman for a Portland wholesale house. The couple have begun housekeeping at 701 Hoyt street, where, after July 15, they will be at home to their friends. Mr. and Mrs. Duncan visited here Monday. Congratulations poured in on them.
