C. Gee Wo

THE CHINESE DOCTOR

Both the American and the Chinese physicians use medicines made from plants and herbs. But the Chinese have extended their researches and use Roots, Herbs and Barks that have never been heard of in this country. And with these harmless and non-injurious remedies Dr. C. Gee Wo has cured hundreds of patients of all sorts of diseases and who had previously been taking the medicines prescribed by well known American physicians. He has testimonials from patients all over the northwest as to the fine results he obtained with the use of these nature remedies. Should you live out of town and wish to begin treatment, send 4 cents in stamps for a consultation blank and circulars.

DEAD HERO HONORED

City Weeps for "Billy" Rugh, Who Gave Life for Another.

Streets Blocked and Funeral Held in Open-Coffin Showered With Coin for Monument.

Chicago—A funeral such as was never known before was accorded "Billy" Rugh, "newsboy," who gave his life that a girl might live. Greater homage in pageantry and grandeur has been paid kings and statesmen beloved by nations but this was a spontaneous tribute from the hearts of men and women in honor of a hero. Fifteen thousand persons, singing "Nearer My God to Thee," crowded about his casket on a street corner in Gary, Ind., Sunday afternoon. By their very numbers they had blocked a mile long funeral cortege and prevented the holding of a church service.

Strong men of many races, workers in steel mills that were closed in Rugh's honor, wept as they formed in line with their employers and walked slowly past the coffin of the dead "newsboy." Their wives and children were with them and many stretched forth their hands in an effort to express their reverence by offering money for the erection of a monument.

Policemen found difficulty in explaining to hundreds of the mourners, for they all were mourners, although some could not speak English, that they must not shower the coffin with money, but must keep it until arrangements for the memorial tribute could be made.

The coffin, buried in the floral offerings of city officials, fraternal organizations and private citizens, was carried in a casket through the streets of Gary, Ind., Sunday afternoon. Thousands blocked the streets and the church was filled to overflowing long before the advance squad of policemen, leading the procession, arrived.

Then the plans were changed and it was decided to hold the service from the church steps. But the procession never got that far. When the corner before the church had been reached the crowd was so dense that this plan had to be given up.

Instead, a space was cleared in the center of the road and there, upon low rests, the coffin was placed. Led by the church choir and with music furnished by two bands that had donated their services, the crowd sang old Gospel hymns as Rev. J. M. Avann stepped into the fire department automobile and utilized the seat as his pulpit. Throngs of persons upon nearby porches joined in the singing.

The pastor likened the dead hero, to the Christ, and quoted from the Bible. "He saved others, yet himself he could not save." This was his text.

CAPTURE TURKISH WARSHIPS

Greek Gunboats Make Big Haul in Mediterranean.

San Francisco—Three Turkish ships were captured and one destroyed Sunday by the Greek gunboats A and B, according to a cablegram received here by T. B. Mountanos, editor of the California Greek newspaper. A Turkish torpedo boat destroyer and two gunboats were captured in an engagement against the Greek port of Navarin. The gunboats captured were said to be part of a consignment of five ordered from Germany by the Turkish government. The cablegram was dated Athens.

London—On the mountainous front of 200 miles from Kirk Killish in the east to Uskup in the west the advance of the allied armies into Turkey continues. The Turkish army appears to be acting on the defensive. Its outposts are slowly withdrawing and are attempting only to screen the way for mobilization while the main forces are marching toward the frontier.

Wood Favors Presidio.

San Francisco—Major-General Leonard Wood, chief of staff of the United States army, announced after an inspection tour here that he would recommend to the War department that congress be asked for an appropriation of \$4,000,000 for improvements at the Presidio. His plans, he said, included provisions for an additional regiment of infantry and artillery each, a concrete warehouse and a new administration building, all of which he said he hoped to see completed by 1915.

Rebels Fire on Street Parade.

Mexico City—Twenty-two persons are said to be dead and a large number wounded as the result of rebel troops firing on a parade of citizens in Vera Cruz. Earlier reports had 15 killed. The demonstration was made to show the loyalty to the government of those who participated. Failing to stop it, Felix Diaz, the rebel leader, who controls the town, ordered the troops to fire.

Diaz, according to a story current here, is greatly handicapped in the progress of the revolution by the lack of arms and ammunition.

Thief Passes Up \$25,000.

Skagway, Alaska—Nearly \$25,000 in gold in the Wells Fargo company express office was passed by a robber who sandwiched Agent Herbert Taylor Saturday night.

The robber took a package containing \$1200. When Taylor went into a rear room for a bucket of coal the robber, who had been concealed in a closet, struck him over the head. Taylor lay unconscious until next morning.

Two Aviators Fall to Death.

Geising, Germany—An aeroplane piloted by Lieutenant Weissbarth, a German military aviator, and carrying a passenger, fell to the ground from a great altitude while flying near here, and both men were killed.

Tonic—Alterative

What is a "Tonic"? A medicine that increases the strength or the tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your doctor about it.

Bilious attacks, sick-headaches, indigestion, constipation, dizzy spells—these are some of the results of an inactive liver. Ask your doctor if he endorses Ayer's Pills in these cases. The dose is small, one pill at bedtime.

Make Use of Scorched Timber.

The great forest fires which unfortunately occur almost every autumn leave vast quantities of "fire killed timber." This is now being used extensively for many purposes, being preferred in some cases to green timber. It grows, for instance, are said to prefer it for packing boxes because it is almost odorless and does not impart an unnatural flavor to the fruit. Telephone poles and railway ties are also made to advantage from fire killed timber.

WOMAN SICK TWELVE YEARS

Wants Other Women to Know How She Was Finally Restored to Health.

Louisiana, Mo.:—"I think a woman naturally dislikes to make her troubles known to the public, but complete restoration to health means so much to me that I cannot keep from telling mine for the sake of other suffering women."

"I had been sick about twelve years, and had eleven doctors. I had dragging down pains, pains at monthly periods, bilious spells, and was getting worse all the time. I would hardly get over one spell when I would be sick again. No tongue can tell what I suffered from cramps, and at times I could hardly walk. The doctors said I might die at one of those times, but I took Lydia E. Pinkham's Vegetable Compound and got better right away. Your valuable medicine is worth more than mountains of gold to suffering women."

—Mrs. BERTHA MUFF, 603 N. 4th Street, Louisiana, Mo.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., serve to prove this fact.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

ROOSEVELT RESTS EASY; CONDITION SATISFACTORY

Chicago, Oct. 16.—Colonel Roosevelt awoke soon after 2 o'clock this morning and his clinical record was taken. His pulse had fallen to 80 and was not far above normal. His temperature remained stationary at 98.8 and his respiration was 18. He felt wakeful and switched on his night light and began to read.

Chicago, Oct. 15.—Colonel Roosevelt, shot last night by a crank in Milwaukee, was resting easy tonight and his physicians said, after a day of nervous strain, that they were pleased by his condition.

The clinical record showed, however, that his condition was hardly as favorable as when he entered the hospital early in the morning. His pulse at 10 o'clock was 86, or 14 counts above normal, and two counts above the record two hours after he was shot.

His temperature was 99.2, or three-fifths of a degree above normal. It was believed the night would indicate whether the wound would heal normally.

Tetanus anti-toxin was injected into the Colonel's abdomen a short time before he went to sleep. A rise in temperature followed, together with slight local irritation. Otherwise the patient exhibited no symptoms from the anti-toxin, although the surgeons were prepared for the slight nausea and dizziness that sometimes follow the treatment. The six-tenths of a degree of temperature, it is said, were not caused by the condition of the wound, as up to the time of the injection the patient's temperature virtually was normal. The increase in the rate of his pulse is not accounted for.

TAFT REVIEWS BIG FLEET.

123 War Vessels Pass Majestically Before President.

New York—The Atlantic fleet steamed out to sea Tuesday afternoon. From the super-dreadnaughts Arkansas and Wyoming, to the tiniest submarine, the 12 war vessels passed in review before President Taft. The column was 15 miles long and was nearly two hours in passing.

Secretary of the Navy Meyer stood with the president on the bridge of the president's yacht, Mayflower, while the long line moved past.

Flying the flag of Rear Admiral Oshtemo, the fleet commander, the Connecticut led the way, with the Arkansas following. When abreast the Mayflower the Connecticut fired a six-pounder. It was the first gun of the long presidential salute.

Tens of thousands of persons blackened the shore line of the Hudson as the fleet steamed by. Another army viewed the pageant from downtown skyscrapers. Other thousands were aboard a fleet of excursion steamers. One accident marked the review, when the torpedo boat Craven bumped against a lighter. Examination proved that she had been damaged only slightly.

ROBBERS "SHOOT UP" CAR.

Attempted Hold Up in Busy Part of City Fails.

Portland—Two men were shot, two slightly injured in a scuffle and one woman was badly bruised and shocked Tuesday night when two masked men held up a South Portland streetcar going south at Third and Hall streets.

Both robbers escaped from the car and were chased into the hills in the vicinity, but one was later caught downtown and confessed to a part of the crime. A second is also held as an accomplice.

The holdup occurred within two blocks of the brilliantly lighted South Portland Ghetto and part of the affair was enacted on the South Portland bridge, under the glare of high-power advertising and street lights.

Taft Horrified By Shooting.

New York—President Taft issued a statement on board the Mayflower relative to the shooting of Colonel Roosevelt. "I cannot withhold an expression of horror," he said, "at the act of the maniac who attempted to assassinate Colonel Roosevelt. When I expressed regret I was informed Roosevelt was then speaking and had escaped injury. Later news however, showed that he was much more seriously than early word indicated, and I feel the deepest sympathy for Mr. Roosevelt and his family."

Schrank Once Bereaved.

New York—Eight years ago Schrank's name appeared in the papers here in a connection quite different from that in which it figures to-day. At the headquarters of the General Slum Survivors' association he was recalled as the youth who, on June 16, 1904, identified the body of his sweetheart, who was one of the thousand or more who died when the steamer General Slum was burned at East River. More than one man lost his mind after witnessing the dreadful scenes following this disaster.

T. R.'s Guide Found Dead.

Cebolla, Colo.—The body of Howard Carpenter, Colonel Roosevelt's guide to the Gunnison country a few years ago, was reported found at the headwaters of Elk creek, 70 miles west of Gunnison, after a search for him of two weeks. The flesh virtually was stripped from the bones. It is believed he had been attacked by a wounded bear and dragged into the thicket in which his body was found.

Strikebreakers Travel Under Guard

Denver—Guards prevented a party of Western Federation of Miners members from entering a car on which strikebreakers from the East were brought through Denver headed for Bingham, Utah. Union Pacific train No. 103 was delayed 20 minutes because of the incident.

Unsatisfying Menu.

The young girls who work in the Paris shops have 50 centimes to spend for their midday meal, and when a charitable society inquired as to how the money was being spent, the following list was found to embody the average: Fried potatoes or sausage, 10 centimes; bread, 10 centimes; bonbons, 10 centimes; violets or other flowers, 20 centimes. The society no longer had any cause to wonder why the girls were undernourished and ill-nourished.

Have studied elocution and am fond of late hours."—Everybody's Magazine.

National Characteristic.

A national characteristic of the French people is their habit of family exclusiveness. It is very rarely that a family divides for a holiday. For one thing, middle-class people in France do not pay visits except to members of their own family, and for another, a French mother likes to keep her children under her own eyes as much as possible, both before and after marriage.

William Penn's Sepulcher.

It is in the Church of St. Mary Redcliffe, in Bristol, that the remains of Sir William Penn, father of the proprietor of Pennsylvania, rest. A tablet to his memory has been on the walls of the edifice ever since Sir William's death. Above it are hung his armor, his sword and his flag.

Mothers will find Mrs. Winslow's Soothing Syrup to be for their children's "the best thing period."

Case of Ingratitude.

When Lord B. died a person met an old man who was one of his most intimate friends. He was pale, confused, awe-stricken. Every one was trying to console him, but in vain. "His loss," he exclaimed, "does not affect me so much as his horrible ingratitude. Would you believe it? He died without leaving me anything in his will—I, who have dined with him at his own house three times a week for 30 years!"—Life.

Compensation.

A little girl who had been out walking with her aunt heard the latter complain that her feet were tired. "My feet get tired, too, when I go out walking," said the small maiden, "but I always think what a nice ride my stomach has been having."

No Difference to Her.

"I understand your husband is a candidate for office," said a suffragette out west to her sister in the cause. "Are you going to support him?" "Oh, I suppose so," answered the sister, somewhat wearily. "I've been supporting him for the past ten years."—Chicago Record-Herald.

Positions for the Fair Sex.

Several bank presidents in the smaller towns are women, as well as clerks, tellers and cashiers. Government experts frequently are among the fair sex, whose deftness of touch makes their fingers especially efficacious for such work as that of the dead letter office.
