**Cascade up to the Voters.**  
Before the next issue of The Progress, the voters of the state will have registered their will and among others the fate of the Cascade county movement will be known. Advocates of this just and equitable division have fought faithfully and hard with the means at their command and the fight has been effective. There is every reason to believe Cascade county will be on the map after the polls have closed.

There is every reason why division should come about and not one of the legitimate arguments made by the campaign committee has been answered. Those who oppose have simply asserted that the movement went no deeper than the ambitions of would be office holders, despite the fact the salaries are not sufficient to cause strife among aspirants for political preferment. The highest salary is \$1,200 for the clerk and recorder offices combined. Another statement was made that the Portland Railway, Light and Power Co. was the promoter of division. It is false. Charges are not proof and calumnies are not evidence.

During the campaign it has developed the county court has appropriated money out of the county treasury to fight division, taking tax money paid by residents of Cascade county to be used against themselves. This was also done in 1910 when a large number of residents favored annexation to Multnomah county. If there was no other reason, the conduct of our county officials in this respect would be ample why division is imperative. When conditions reach a point where a coterie of county seat politicians can dig their hands into the taxpayers strong box to promote private interest, it is high time to call a halt. The Progress believes the voters will assist us to secure relief. If the movement should fail, Cascade county will be back on the firing line two years hence, pleading for a chance to handle its own affairs.

When voting for 318 yes—Cascade county—don't forget to vote 348 yes, which gives future county division advocates a chance to secure justice.

While placing your X opposite 318 Yes, Cascade county, don't forget to vote 348 Yes providing for the future division of counties. The bill is meritorious and deserves support.

The Coos County Good Roads association has an excellent road bill on the ballot this year, providing for bond issues according to the will of the voters of the county. The bill is 360 X yes, a good bill to vote for.

That noise you hear in the direction of Oregon City is the politicians over there whistling to keep their courage up over this county division question. The Enterprise takes four columns to assert that there isn't a bit of sentiment for Cascade county anywhere.

Ben Selling is calling attention to Senator Bourne's re-entering the fight, after having apparently acquiesced in the primary which repudiated him. Selling stands a good show of election although the republican vote is badly split three ways.

A jocular printer in the Enterprise office at Oregon City last week, broke into the box of free plate matter sent out by the Bull Moose committee and ran about six columns of laudation of Roosevelt and his party. Taft was whipped to a frazzle for one day and then the Enterprise woke up and resumed boosting for the regulars.

One of the most interesting contributions to the present campaign is Senator LaFollette's story in LaFollette's magazine of how he was betrayed by Roosevelt, during LaFollette's canvass for the presidency. The revelations come as a distinct shock to many of the former president's supporters. There is scarcely any doubt as to Roosevelt's duplicity, for the senator proves his case from beginning to end.

**E. T. MASS**  
**SHERIFF**  
Candidate for Re-Election  
DEMOCRATIC NOMINEE  
TO THE LEGAL VOTERS OF CLACKAMAS COUNTY:

Being a candidate for re-election and believing my first duty to be to attend to the office to which I was elected and therefore being unable to interview the voters in person, I take this method of familiarizing the public of an outline of what has transpired in the sheriff's office.

I desire to call attention to the fact that the 1910 tax roll was \$75,000 larger than 1909, the 1911 tax roll \$150,000 larger than 1910 that owing to the increase of population, etc., of the county, 1,000 more tax receipts were issued in 1910 than in 1909 and 3,500 more than when my opponent was last chief deputy sheriff. Therefore this office waited on 1,000 more taxpayers than did the sheriff of 1910, and 3,500 more taxpayers than when my opponent was last chief deputy. There were 30 more cases in the Circuit Court in 1911, not including County Court cases, such as non-support of family or contributing to the delinquency of minors, etc., that there were 20 more in jail in 1911 than in 1910. As shown by the records kept by my opponent, there were only four men in jail for four years when he was last deputy sheriff, against 81 in my first year. The fees for serving civil papers in one year were one half more than the whole four years my opponent was deputy last.

That owing to the increase of population there was a general increase in crime. There were two blind murder cases, one very brutal and atrocious, in which I made every honest and possible effort to apprehend the guilty parties, for which effort I was commended by the grand jury in their final report and the following letter which I hereby submit. If you approve of this record, I solicit your support for re-election.

E. T. MASS, Sheriff.  
TO THE LAW ABIDING CITIZENS OF CLACKAMAS COUNTY:

On account of recent attacks made for political purposes on the standing and official worth of Sheriff E. T. Mass, I am impelled by a sense of fairness and justice to make reference in this public manner to the revolting crime that robbed me of a beloved daughter and innocent grandchildren that wete the joy and sunshine of my declining years. I refer to the murder of William Hill, his wife and two children.

I desire to say as emphatically as it is possible for human utterance to make it, that in the official investigation undertaken by Sheriff Mass immediately following that foul crime, and which has been pursued with dogged determination and without intermission up to the present time, he has done all and more than could be expected of an honest, intelligent and efficient officer. More than this, he has accomplished that which, had he been given the support and assistance by law from the state's officials, would have enabled him to bring to justice the perpetrator of the foulest crime ever committed in the state.

These statements are made by me with a full and intimate knowledge of the facts. That which is done cannot be undone, and no human agency can return to me and mine the loved ones so brutally slain. But I can and do render the tribute of appreciation to the honest worth of Sheriff Mass. As a sorrowing father and grandfather I thank and honor him; as an old time resident of Clackamas County I commend him to my friends and to those residents of the county who hold honesty and efficiency in an official above the lying utterances and selfish motives of petty politicians.

**GRANGE CONDEMNS OFFENDER**

Resents Statement of Grange Bulletin That Corporation is Back of Cascade County—Passes Strong Resolutions.

Without a dissenting voice or vote, Garfield Grange No. 317 at its meeting last Saturday afternoon, adopted resolutions condemning officers or an officer of the state grange for using the Pacific Grange Bulletin as a medium to circulate a false statement that the P. R. L. & P. railroad is chief promoter of Cascade county, despite the fact that T. W. Sullivan, an official of that company and J. E. Hedges, attorney for the company, both of Oregon City are on the campaign committee fighting division. The resolutions signed by E. T. Davis, master and C. F. Frazier, secretary, follow:

Whereas the inhabitants of the eastern part of Clackamas County have initiated a bill to create a new county to be called Cascade County; and

Whereas, We are conversant with the need of such a county; and

Whereas, A large majority of the people in the territory included within the proposed Cascade County are in favor of its creation; and

Whereas, The people of the proposed Cascade County are the movers and financiers thereof; and

Whereas, We know that the move to create Cascade County is not a political move, nor the move of any corporation; be it

Resolved, That it is the sense of this meeting of Garfield grange, No. 317, that said bill creating Cascade County should be voted for; be it further

Resolved, That we regret the wrong impression given in the editorial of the Pacific Grange Bulletin for October, 1912; be it further

Resolved, That Garfield grange, No. 317, condemn the action of the officer or officers of the state grange in using the Grange Bulletin for political or county division purposes.

Mr. M. E. Gaffney, the Democratic nominee for County Recorder, for Clackamas county, is the only candidate for that office whose name will appear on the official ballot at the general election, that was regularly nominated at the primary election, held on April 19th, 1912. Mr. L. E. Williams, the republican nominee, elected at said primary election, having failed to file his acceptance of said office as required by law. The democratic party should be commended for placing upon their ticket the name of M. E. Gaffney for county recorder, as he is one of the best qualified men in the county for that office, and if elected will personally attend to the duties of the office with credit to himself and entire satisfaction to the tax payers of the county.

Mr. M. E. Gaffney is the son of one of the old and most respected pioneers of Clackamas county, and has resided in this county almost his entire life. His occupation is that of a farmer, and has continually made that his business up to the present time. He has taken the advantage of acquiring a thorough education in our schools and is a graduate of one of the best business colleges in Portland. A vote for M. E. Gaffney for County Recorder on November 5th, 1912 will certainly be for the right man in the right place, and an honor to one of Clackamas County's native sons.
