Considerable Convenience to Keep Record of Profit and Loss of Flock of Mongrels.

(By MRS. JOHN UPTON.) ago how much it paid to keep account of the profit and loss from the flock. Last year I tried this with a mongrel flock of 65 head, with the following

I paid for feeding, the year, \$80.65 and for chickens \$13.40, a total cost of \$94.05. I sold poultry for \$47.91; eggs, \$57.56; eggs used and for setting, \$54.86; value of pullets, roosters and 10 hens on hand, \$78.75. Total,

This would leave a profit of \$145.03 This includes the value of the chicks

or pullets from the 65 hens. The 65 hens were kept in one flock on a side hill. The house was 16x20x6, facing south, with a concrete wall and dirt floor. One end was partitioned off and made fireproof for an incu-bator room. I ran a small incubator the center, who gives to every one the of 60-egg size until April, when I pur-

chased one of 80-egg size.

During the fall months all of this flock was sold but ten hens. I had on hand from the season's hatching 115 son who has the number must answer pullets. They were kept in three the season's hatching 115 son who has the number must answer with his fruit name before the leader pullets. They were kept in three ony houses until late fall, when they were divided into three flocks; one of he has to give up his seat to the lead-White Leghorns, to be kept for layers; one of Rhode Island Reds, to be leader continues with other numbers used for raising broilers, and the third until he catches some one. Every little while the leader shouts "fruit bastock of mongrels.

The Danger.
"It may seem a trifling matter," says a writer in the Observer, "but I sis and Job, which are now worth think that the man who wears his gloves seems to be smarter than the man who carries his gloves in his hands." Surely it is no trifling mat ter. One might meet the Observer writer any day, and then if one were carrying one's gloves instead of wear- is not always a square, how many difing them, what an outsider one would feel.—The Bystander.

Hard to See Under Water.

by Janet Ross.

There is no scientific instrument of the "scope" character which enables one to see down to 50 or 60 feet under water. When the sun shines vertically over water, a box or bucket with a glass bottom is often used to look into the water. A cloth covering to-exclude light from the box or bucket sometimes employed. But without electric or some other light in the water these devices are not very satis-

Peaceful Beginning.

A young barber was telling one of his regular customers of his recent wedding. "You bet we had a good time at my wedding," he said. "Lots of young people there, a big crowd. and we had dancing and singing and lots of fun, and there wasn't one fight."

Just So.

Curlosity is finding out something about somebody else that don't con-cern you and which would make you mighty mad if somebody else found it out about you when it didn't concern somebody else.

House Plans Important. The care in the home and all other great Carlyle one morning when his forms of household work are greatly wideawake blew off. A working man facilitated by right planning and the very civilly ran and picked it up. In- use of suitable materials for the stead of giving the man a pourboire, construction and furnishing of the however meager, Carlyle took the returned hat with a bow, and said: water supply and other conveniences "Thank ye, my man; ye can just say are essential, not only for comfort ye've picked up the hat of Thomas and for saving labor, but also from Carlyle."-"That Fourth Generation," the standpoint of home hygiene.

The Coughs

They may not cough today, but what about tomorrow? Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. This cough medicine is especially good for children.

No anodynes. No alcohol, Many a child is called dull and stupid when the whole trouble is due to a lazy liver. We firmly believe your own doctor will tell you that an occasional dose of Ayer's Pills, sugar-coated, will do such children a great deal of good. Ask him.
