Cleans Blood Through Kidneys
A Most Important Function and One to be Carefully Guarded.

The purpose of the kidneys being to filter the blood the question of treating supposed kidney weakness should be considered carefully. Instead of drugs and alleged kidney stimulants the better plan is to purify the blood with an antidotal effect such as you get from S. S. S. It should be remembered that the kidneys are made up of a fine network of blood vessels, and it is to stimulate the functional activity of kidney tissue through this capillary net work that S. S. S. shows one of its most remarkable effects.

The medicinal value of the components of S. S. S. are relatively just as vital to healthy kidney action as the nutrients obtained from grain, meat, fats, sugars, or any other part of our daily food is to the natural reconstructive requirements of the tissues. And there one component of S. S. S. which serves the active purpose of stimulating the cellular tissues of the kidneys to a healthy and judicious selection of its own essential nutrient. Thus, in cases of rheumatism, cystitis, chronic sore throat, huskiness of voice, bronchitis, asthma, and the myriad of other reflex indications of weak kidney action, first purify your blood with S. S. S. so it will enable the tissues to rebuild their cellular strength and regain their normal health.

You can get S. S. S. at any drug store but take no other so-called blood purifier. S. S. S. is purely a botanical product, and you will make a great mistake to have some enthusiastic peddler of a mercury, arsenic or iodine of potash preparation that may do you irreparable harm. S. S. S. is prepared by The Swift Specific Co., 169 Swift Bldg., Atlanta, Ga., and if you have any deep-seated or obstinate blood trouble write to their Medical Department for free advice. It will be worth your while to do so.

COOKED IN NEW WAYS

THREE GOOD RECIPES FOR PREPARATION OF CHICKEN.

Will Be Found Pleasant Change From the Generally Accepted Methods—Most Delicious Served With Asparagus—Special Stew.

Chicken, Waldorf Style.—Boil a chicken until it is tender; take it from the fire and remove all white meat, which cut into small dice-shaped pieces, adding two truffles, cut in the same way. Put the mixture into a saucepan with a pint of fresh thick cream, season with salt and pepper and allow to boil for twelve minutes, then thicken with two raw egg yolks diluted in two large spoonfuls of Madeira wine. Stir this thoroughly in with the chicken, also two ounces of fresh butter added in small bits, and mingle without letting it boil again, then serve.

Chicken, Asparagus.—Cut a chicken into quarters and put into a saucepan with a little butter to fry. When it begins to steam dust over with a little flour and fry to a pale brown, now sprinkling over a teaspoonful of chopped parsley and a little salt. Take a couple bunches of asparagus, break off the tender parts, wash them well in salted water, boil slightly in salt water, and drain. Put a lump of butter and one tablespoonful of cream into a saucepan over a slow fire, place half the asparagus on top, dust with pepper, and then arrange the pieces of chicken over it; cover with the remainder of the asparagus and put a few pieces of butter on top. Pour over all one breakfast cupful of cream and stew gently till done. Turn the whole out into a dish, garnish with croutons of fried bread and serve.

Stewed Chicken, Matelote.—Singe a fowl, draw out and cut into pieces, rub with butter, and flour and brown in an oven. Put four tablespoonfuls of butter into a frying pan and in it fry a carrot, a parsnip and an onion, all cut in pieces. Place the fowl in a stewpan with the vegetables and one quart of white stock. In the butter in which the vegetables were fried, brown two tablespoonfuls of flour, and stir this in with the fowl. Mash the liver, cooked separately, and stir it in with the fowl also, along with a tablespoonful of capers and salt and pepper. Simmer slowly for three-quarters of an hour, add a quarter of a pound of mushrooms cut into small pieces and simmer for a quarter of an hour longer. Serve garnished with mashed potatoes.

Apples and Red Jelly.
Take six good-sized apples and core them. Put two cloves into each apple and as much granulated sugar as it will hold. Place them in a baking pan, without touching, and add a cup of water or more, as you think fit. Look at them often and try to keep them whole. When done, take out carefully and place in dish. Strain the sirup they were cooked in and put in another saucepan, with a little gelatine (dissolved) and a few drops of red coloring. Boil till quite clear, and then put around apples. Set away to cool till supper time.

Cherry Puffs.
One-half cup butter, one cup sugar, two eggs, one cup sweet milk, two cups flour, two tablespoonfuls baking powder, stewed cherries.
Cream, butter and sugar, add eggs, and flour, and baking powder alternately with milk. Butter small china baking cups, add teaspoonful cherries, then batter, then more cherries, and have cups two-thirds full, with batter on top. Place cups in pan of water, and bake in oven twenty minutes. Serve with hot, foamy sauce, or cherry juice.

How to Cook Lamb Kidneys.
When you buy lamb kidneys have the butcher leave all the fat on them. Wash them and put in a baking pan with a little salt and pepper and bake about one-half hour in a good hot oven.

Mock Indian Pudding.
Have one quart boiling water in a double boiler, add one teaspoon salt, then stir in slowly three-quarters cup of farina and cook about ten minutes, then set on back of stove and add slowly one pint of milk, one-half cup sugar and two-thirds cup of molasses. Season with pinch of ginger and teaspoon of cinnamon and bake about one-half hour. An egg may be added if desired.

Dents on Furniture.
When furniture becomes dented, the following is very good: First dampen the marked part with water, then cover with several thicknesses of wet brown paper and then hold a hot iron close to the paper, not actually touching, until all the moisture is absorbed. This quite effectively removes all dents and gives very good results.

Hamburg Loaf.
One and one-half pounds of meat, three slices of bread crumbed, one-quarter pound fat pork chopped fine, one egg beaten, salt and pepper to suit taste. Place alternately in pan meat and dressing, some pork on top. Bake slowly one hour or less. Pour one-half cup of water over it.

Kiss Pudding.
One quart of milk, three tablespoonfuls of cornstarch, yolks of four eggs, one-half cup sugar and a little salt; put part of the milk, salt and sugar on the stove and let it boil; dissolve the cornstarch in rest of the milk; stir into the milk and while boiling add the yolks, flavor with vanilla.

Shrimp Salad.
Take one can of shrimps, remove from can at once, wash and chill thoroughly in ice water. Add an equal portion of celery or lettuce. If lettuce, serve on leaf. Mix with salad dressing.

ARMY PAYS TRIBUTE

Silence Reigns at Gettysburg While Salute Is Fired.

Ten Thousand Hear President Deliver Parting Address—Exodus For Home Begins.

Gettysburg, Pa.—The regular army paid tribute Friday to the thousands who sleep under the hills of Gettysburg. Somewhere down in the heart of the tented city a bugle sang out in silver sweet call, that wandered over the field where Lee and Meade made history. The big flag before the headquarters of General Liggett, flashing in sudden currents of red and white and blue, glorious in the sunshine of a perfect July day, came slowly half way down the shaft. In front of the tent, shoulders squared, figure trim in summer uniform of white, face toward the flag, the general clicked heels together and stood at attention.

The guns of the Third battery burst into salute. Every officer over the length and breadth of the wide field, every enlisted man turned away from the duties of the moment and faced the flag, heads together, heads up and eyes alight with the sentiment of the hour.

As the last gun of the 48 sent the echoes clattering about Seminary Ridge and Round Top, there was solemn silence—the hush of peace. Old veterans who did not realize, perhaps, exactly what was going on, stood silent under the spell of the universal feeling that seemed to sweep the field. Even the clatter of pots and pans in the mess tents was hushed, and the jingles of cooks about to dish up the midday meal lowered to whispers.

For five minutes the camp was quiet. Then the bugle spoke again in notes joyous. The silken flag leaped up the staff to its very pinnacle and the noises that 40,000 men can make reverberated their way, the regular army's tribute to the dead and to the flag of a reunited Nation.

That five minutes' silence was probably the last formal mark of the semi-centennial celebration. In notes joyous, the silken flag leaped up the staff to its very pinnacle and the noises that 40,000 men can make reverberated their way, the regular army's tribute to the dead and to the flag of a reunited Nation.

The President came into Gettysburg shortly after 11 o'clock from Baltimore. Through the narrow crooked streets of this war-torn city, town he motored out to camp with Governor Tener of Pennsylvania, and Representative Palmer of Pennsylvania, by his side. On his appearance at the station of Gettysburg college grounds came the customary 21 guns.

From the station to the camp, over the village streets and gray and dusty Emmitsburg roads, the President was driven, while the Pennsylvania constabulary, looking business-like and efficient in their slate gray uniforms, guarded his automobile and kept the traffic clear.

The President was in the tent only a half hour. At the conclusion of his speech he shook hands with many of those on the platform and then walked between lines of the constabulary to his private car waiting on a nearby siding. He stood on the rear platform as the train pushed slowly down toward Gettysburg through the camp.

Special trains began pushing out of Gettysburg early and the railroad men were working their hardest to put them out on schedule.

Governor Mann, of Virginia, and General Bennett H. Young, of Louisville, Ky., commander-in-chief of the United Confederate Veterans, started a movement to have a reunion of the armies of the North and South at Richmond in April, 1915, on the 50th anniversary of the evacuation of the capital of the Confederacy.

HUNDREDS DIE FROM HEAT

Mississippi Valley and East Suffering Severely.

Chicago—Reports received up to Wednesday night showed that at least 112 persons died Wednesday as a result of the heat wave in the Central West, which has continued unintermittently for six days. It extended from Denver to Pittsburgh, and as far north as Lake Superior.

From 96 degrees at Pittsburgh, the temperature through the whole Middle West ranged well into the 90s. Marquette, usually cool, on the shore of Lake Superior, recorded 92 degrees and culminating with 102 degrees in Chicago. This gave Chicago a record for the day of being the hottest place in the United States except for Tucson, Ariz., where the temperature also was 102.

Fatalities due to the heat were reported at Hibbing, Minn.; Biwabik, Minn.; Milwaukee, Racine, Lacrosse, Wis.; Peoria, St. Louis, Grand Rapids, Cleveland and Chicago. In Chicago alone there were 47 deaths officially reported. From different points in Wisconsin 13 deaths were reported.

Drownings, electrical storms, high winds and intense heat were the features of the weather near Duluth. Heat prostrations were beyond count.

Forty-six persons are known to have died here as a result of the intense heat. This number includes only the cases reported by the coroner and the police, and it is expected will be increased by reports of private physicians.

BIG CHRISTIAN MEET OPENED

Ten Thousand in Portland Turn Out in Rain.

Portland, Or.—In the presence of 10,000 people the second World's Christian Citizenship conference opened Monday afternoon in Multnomah stadium. The sessions will continue for eight days. A thin drizzle of rain which started at the opening hour failed to daunt either participants or audience, and the out-of-door exercises were carried out as scheduled.

Addresses of welcome were made by Governor West; Charles E. Wolverton, judge of the United States District court; T. J. Cleeton, county and probate judge of Multnomah county, and H. R. Albee, mayor-elect of Portland. Response was made by the president of the conference, Dr. James S. Martin, of Pittsburgh.

Two addresses featured the opening day's proceedings, "I Am for Men," by the Rev. Robert F. Coyle, D. D., of Denver, and "Government of the People, by the People and for the People," by the Rev. James T. McCory, D. D., of Pittsburgh.

Ministerial and lay delegates to the conference spoke in various churches Sunday.

MONDELL HELPS ENTRYMEN

Bills Are Introduced Relating to Homestead Lands.

Washington, D. C.—A bill providing for a second homestead or desert land entry to all qualified entrymen having lost or abandoned a former entry to all qualified entrymen was introduced by Representative Mondell. The bill would make cancellation of the former entry on account of fraud or the sale of the former entry at a price greater than the filing fees, the only disqualification.

Mr. Mondell has also introduced a bill providing complete title to entrymen who have accepted limited titles to lands withdrawn on account of minerals but later restored as non-mineral.

ALLIES IN BIG FIGHT

Greeks and Servians War to Death With Former Friends.

Bulgarians Have Advantage—Servians Suffers More Than During War With Turkey.

London—After ten days of fighting, more severe and deadly in character than anything in the last Balkan war, a little light begins to break on the hitherto obscure operations. In the first place, the Servians have lost more men than in the whole previous campaign, and semi-official statements issued at Belgrade have the appearance of an intention to prepare the public for news of a disaster.

Desperate fighting, with varying fortunes, has progressed along the Vardar and Bregalnitsa rivers, and seems to be in favor of the Bulgarians.

Important news has been received of the Bulgarian invasion of Serbia through Belogradchik, 45 miles northeast of Nish, Serbia's most important fortified town. No indication is given of the strength of the Bulgarian column at this point, but the Bulgarians declare they have defeated the Servians and captured five guns and a quantity of other war material, and, by the occupation of the passes, to have opened the road to Nish.

There is heavy fighting also between the Servians and Bulgarians to the south of Ispid in the neighborhood of Kotechani. About 200,000 men are engaged, and the losses on both sides appear to be terrible.

Bulgaria's strategy appears to be to hold the Greeks in check, probably with comparatively small forces, while she deals with Serbia. This assumption, if correct, would explain the victorious advance of the Greek army.

Unconfirmed reports credit the Bulgarians with victories near Korit, giving them the key to Uskup, and with an outflanking movement from the south of Tahnos Lake, which would cut off the Greek retreat.

Saloniki dispatches continue to report Greek victories. The Greeks are said to have captured 16 guns at Doiran. Evidence of desperate fighting is found in the arrival of 8000 wounded at Saloniki, taxing the town's accommodations and resources to the utmost.

A conservative estimate of the killed and wounded in last week's fighting fixes the number at from 30,000 to 40,000. Thousands of destitute refugees from the scene of the fighting are coming into Saloniki.

The Greeks continue to make wholesale charges against the Bulgarians of burning and pillaging all the villages they abandon and of committing murders, mutilation and other horrors.

To Check Foreign Influx.

Washington, D. C.—William B. Wilson, secretary of labor, intends to ask for a thorough revision of the immigration laws to prevent the tremendous influx of undesirable foreigners to this country each year. He is at present making an exhaustive study of the problem and his recommendations will be submitted to President Wilson.

"I have decided," Mr. Wilson told a reporter, "that the immigration laws are not sufficiently strong. "Our first duty is to those who are in America, native or foreign. The question naturally follows whether the tremendous influx of aliens is not injurious to those who are already here. There is no question that there is great evil in our immigration system and it is up to us to correct this. "Both Democrats and Republicans and congress will join next year in putting through a strong immigration bill."

Miners and Owners Firm.

Charleston, W. Va.—According to intimations received here, "Fight It Out" is the slogan of both the coal operators and striking miners in the Paint and Cabin creek fields. At a mass meeting held at Mucklow, Thomas Kearns, president of District No. 17, United Mineworkers of America, urged the miners to stand their ground, and announced that W. L. Connell, of the Paint Creek Collieries company, with whom he conferred recently, has refused to make concessions. Thousands of miners are idle in the two fields.
