Instead of staying at this end of the line all night, the freight starts from Portland in the morning and returns at night.

The O. F. S. held its regular monthly meeting Tuesday evening and as it was the last time that Rev. Browne and wife were to meet with the order as officers and members, as they expect to remove from Estacada, a little reception was held in their honor after closing the regular session. Refreshments were served and a general good time had visiting. Rev. Browne and wife are charter members in the Estacada Chapter and have been efficient and valued members.

Marshal Ames went up the Little Sandy from Bull Run one day last week, at the request of the Game Warden, to look after some dogs that are causing trouble with the deer. While Mr. Ames was there a deer was chased into the river by dogs and died from the effects of fright and the shock of the cold water. He brought the animal home and Dr. Adix' dogs had a feast. Parties owning dogs in that vicinity, have been notified to keep them up or they will have trouble with the game wardens.

There being an almost entire change of text books for the public schools this year, makes the preparations to commence school duties this week, rather arduous as well as expensive. But as the old books are taken in exchange for new ones, this helps some on the expense account. The Progress understands that text books for the public schools, are changed every six years here in Oregon.

The Estacada (Oregon) Progress comes to our desk this week with the familiar name of Nina B. Ecker, Editor and Manager, at the head of the editorial column, and elsewhere in the paper is the announcement that Mr. Boyle, who went from Winside last spring to edit and manage this paper has gone to Montana, and Mrs. Ecker has taken the place made vacant. With all respect to her predecessor on the job, the Democrat predicts that The Progress will progress under the able management of Mrs. Ecker if she will be given the support which will enable her to do her best. She is a writer of experience and ability, and well known how to successfully manage a local newspaper. Wishing the new editor success. —Nebraska Democrat.
