LAST FOOTBALL GAME OF THE SEASON

Estacada Downs Oregon City 12 to 0

Estacada High School closed its second season of football, by defeating Oregon City by the score of 12 to 0. This was by far the most important game of the year. So it is with great satisfaction that the above score is recorded.

Never in the history of this community has excitement been so high as when the local team made its first score on such heavier opponents. Many of the spectators turned white in the face when they saw both teams line up on the field of action. Forward passing and team work is what won the day for the local team, while the losers were twice only, as far as the forty yard line. In conveying the ball, Womler, Dale, Graham and Denny were the bright stars of the day, while Captain Morton must be given credit for giving these the ball at the proper time. When the other side had the ball, Gard was the shining light, for time after time he broke through the opponents and got the man behind the line. Fellows, Bartlett, Barr, Shankland and Reed also held up their end of the work.

The next thing in order will be a banquet to the boys for their good work during the whole season, but especially do they deserve such by their defeat of Oregon City.

Contributed.

THANKSGIVING

This is the day of Thanksgiving and we want to make the most of it and give all praise to the Great and good Giver for the many blessings we enjoy. It is a national holiday handed down from our forefathers after years of hardships and toil. The first Thanksgiving lasted three days and was participated in by Indians as well as white people. The harvest had been abundant and the Puritans had the spirit of thanksgiving in their hearts. May we not forget the customs of our forefathers and remember the poor and unfortunate all about us.

Thanksgiving also brings turkey, cranberry sauce, plumb pudding, pumpkin pie and all the fixin's.

It is the wish of the Progress that the day will bring joy and happiness to all its readers.

The marriage of Mr. C. P. Surinus and Miss Anna Allen was solemnized at 1:30 yesterday afternoon, at the home of the bride's parents, Mr. and Mrs. C. L. Allen. Rev. W. Givens officiating. We are going to press too early to give any details, but extend congratulations nevertheless.

On account of lack of patronage, Mr. Ford was obliged to call off the lecture course. Only about fifty dollars worth of season tickets were sold, which did not warrant the engagement of the Lyceum course. This is to be regretted, for no doubt the entertainments would have been good and well worthy of patronage.

Lloyd E. Williams, who is said to have resided in Estacada several years ago, and who disappeared from his home in Oregon City in 1912, and was mourned as dead by friends and relatives, has at last been heard from in Australia. At the time of his disappearance he was recorder for Clackamas county. He has a wife who is now employed in the recorder's office in Oregon City, as deputy. Some time ago Mrs. Williams received a letter from her son in Australia in which he explained his disappearance and said it was due to a nervous breakdown. Now the mother is expecting his return in the near future.
