During the past two weeks this
office has had almost too much work
to handle with the limited amount
of help it has, but patrons have been
patient and lenient and we managed
to get through all right without
turning away any job work, with
the exception of a poster for the
Commercial Club basketball team.
This work could have been done at
this office had the order come in
in time and not just the day before
the game and when the Progress had
eight orders for job work on the
book, which was promised for that
week. Over a half column write-up
of this same team and about the
Saturday night game, was run in
the Progress tree of charge the same
week, but this fact "cut no ice"
with the committee—we do not
know who it is, decided to send to
Gresham for their bills. We make
this explanation because so many
people are asking why the Estacada
Commercial Club basketball team
got their bills at Gresham.

Just six more days until Christ-
mas. Have you bought all those
Christmas presents yet?

Estacada merchants are not com-
plaining of being overworked yet.
"Do your shopping early" is advice
people neglect to follow.

The dense fog Monday evening,
when one could scarcely see across
the street, made people think they
were in London, don't cher know.

That was indeed hard luck for
the fellow in Portland who stole a
pair of shoes, when he discovered
that both shoes were for the same
foot.

That Oregon can raise as good
corn as can be raised in Nebraska
and Iowa, was demonstrated last
week at the O. W. R. & N. corn
show held in Portland. The corn
displayed was produced from accli-
mated seed from corn that had been
grown in the Northwest for four
years or more. It has always been
thought that corn could not be grown
in Oregon on account of the cool
nights and the short seasons, as the
corn does not have time to mature,
but this is a mistake if the right kind
of seed is planted.

good" along the lines of reciprocity.
Where were the Estacada peo-
ple last night, who were under
such deep obligations and yet made
themselves conspicuous by their
absence at the concert?

Next week the Progress expects
to go to press one day earlier on
account of Christmas coming on
Thursday. We trust our corres-
pondents will bear this in mind, also
those who have change of adver-
tisements and notices for publication
and get copy to the office early in
the week.

The Estacada Fire Company
have posters out announcing their
annual ball on New Year's Eve, at
the Estacada pavilion. A four-
piece orchestra will furnish the
music and supper will be served at
the pavilion. The fire company
should receive the support of the
entire town as you never can tell
when they will be called upon to
save your property, and perchance
your life.

The Best Light At The Lowest Cost

ELECTRIC LIGHT is the most suit-
able for homes, offices, shops and other
places needing lights. Electricity can be
used in any quantity, large or small, there-
by furnishing any required amount of
light. Furthermore, electric lamps can
be located in any place, thus affording
any desired distribution of light.

No other lamps possess those qualifi-
cations, therefore it is not surprising that
electric lamps are rapidly replacing all
others in modern establishments.
