A FRIEND TO THE

Five years ago I was so troubled with kidney trouble and inflammation of the bladder that I had to lease working my farm. Life looked dark to me until I heard of Dr. Kilmer's Swamp-Root through a cured friend. I tried a bottle and began to feel better at once. After using five or six bottles I felt fine and have continued to work as I had before my affliction. I want to state that Dr. Kilmer's Swamp-Root is a kidney medicine that will cure and I owe my good work during the past five or six years to it.

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.

If you will go into any first class store and get a bottle of S. S. S. you are on the way to getting rid of Catarrh. But don't let anyone work off that old trick of something "Just as good."

S. S. S. is taken into the blood just as naturally as the most nourishing food. It apreads its influence over every organ in the body, comes through all the veins and arteries, enables all mucous surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhai pollution.

S. S. S. cleans out the stomach of mucous accumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

The medicinal components of S. S. S. are relatively just as essential to well-side dearing of the alir passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system.

You will soon realize its wonderful influence by the absence of headache, a decided clearing of the alir passages, a steadily improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eccumulations, enables only pure, blood-making materials to enter the intestines, combines with these food elements to the blood. Baker, an almost equally dominant figure in American finance, that he soon would take similar action gave Wall street a thrill that almost brought trading on the Stock Exchange to a halt.

While it is probably true that many of the prominent bankers had information foreshadowing this momentous move toward ending interlocking directorates, the public and brokers had no advance knowledge of what was taking place in the inner councils of the greatest of all American houses of Wherever telephone and ticker flashed the news about the street, groups of men gathered to disiss what was the all-absorbing topic. Mr. Morgan, departing from his irm's traditional policy of silence, made a public statement announcng the withdrawal of five members of J. P. Morgan & Co. from directorships in corporations and the intention to withdraw from more. The statement

"The necessity of attending many board meetings has been so serious a burden on our time that we have long ished to withdraw from the directo rates of many corporations. Many of these directorships we have accepted with reluctance, and only because we felt constrained to keep in touch with properties which we had reorganized or whose securities we had recom-mended to the public, both here and

"An apparent change in public sentiment in regard to directorships seems now to warrant us in seeking to resign from some of these connections.
