At a regular meeting of the Civic Improvement club yesterday afternoon, the library question was again thoroughly discussed and plans furthered for the establishing of a public library for Estacada. A committee was appointed by the president, with Mrs. Reed as chairman, to get the enterprise started. They will ask for contributions of books and a sum of money from the Civic club funds, will be set aside each month, as we understand, to start a library fund.

Holder acted as installing officer for the Odd Fellows and Mrs. Clara Hichbotham installed the Rebekahs. After the banquet supper, the members of the orders returned to the lodge room and spent a short time in playing games and visiting. All report a most enjoyable evening.

As there is considerable small pox talk in this vicinity now, the Progress wishes to announce that there are no cases in this city and no indications of any. The disease was brought to this section from California by people who live four miles away. Those who first had the disease are well now and at present there is but one case in a mild form and the family is isolated and quarantined.

The editor of this paper again urges the necessity of getting copy for publication to the office not later than Wednesday noon, especially if long articles, to insure publication. Last week enough copy came in Wednesday evening to fill one side of the paper almost and all had to be put in type Thursday morning, with two or three late ads. The force worked until 3:30 Thursday afternoon trying to get all the articles in that week's paper and finally running out of type, leads and patience, decided to quit right then and go to press. The paper was several hours late as it was.

MARRIED

JONES-HARDMAN—On Tuesday, Jan. 6, at the Christian church parsonage at Albany, Oregon, Mr. Earl Jones and Miss Ethel Mae Hardman, Rev. Emerson officiating. Only a few relatives of the bride were present.

The groom is well and favorably known in Estacada, where he has resided for some time, being employed at the River Mill power plant by the P. R. L. & P. Co. He has the reputation of being an exemplary young man and well worthy the young lady of whom he has chosen as a life partner.

Although a stranger to Estacada people, the bride comes highly recommended and seems to possess many womanly charms.

After a few days' visit with friends at Portland, the newly-weds arrived in Estacada last Saturday, where the groom already has a nice home for his bride.

The Progress joins with their many friends in extending cordial felicitations.

BASKETBALL

In one of the fastest games of basketball ever played in Estacada, the Sellwood team went down to an overwhelming defeat at the hands of the Commercial Club team on Saturday evening. The score being 52 to 18 in favor of the Commercial Club. On next Saturday evening the Commercial Club team will meet the Harriman Club of Portland which is considered one of the best teams in Portland. Unless the celebrated Harriman "Block Signals" work better than ever before we believe that they are in for a trimming equal to that meted out to the Sellwood boys on last Saturday night. The nine o'clock car will not leave until the game is over and it is hoped that a large crowd will witness this game.

There will be the best dance of the season at Eagle Creek, Saturday evening, Jan. 31. Good music and good floor. See small bills.

On the affirmative were Kenneth Bartlett and Chester Womer and on the negative Hurley Fellows and Earl Tracey.

Christian Church News

A rather unique affair has been started at the Christian church by the bible school workers, in the shape of a ninety day automobile speedway contest. It behooves all the members of the Sunday school to attend regularly so as to keep their automobile in good running order to win the race.

A Chart on Church Attendance and personal records is being kept by the pastor, for 1914, which is very interesting to all who attend the preaching services, both morning and evening.

A mee ng will be held tonight at the church for the purpose of organizing a Sunday school teachers' training class. Everybody is invited to attend.

Spread of the English Language.
The English language is the richest, most virile and most powerful of all the languages now to be found among men. The men who conceived and made good this nation were Englishmen, and of course they spoke the only language they knew anything about, the language of their ancestors, the English language. The great Dr. DeJillinger said of this language that "to it is assigned in the coming age the intellectual supremacy that in ancient times belonged to the Greeks and afterward to the Romans." In 1700 English was the language of 9,000,000 people. Today it is the language of 175,000,000, and by the end of the century it will be the language of 800,000,000 people.—New York American.
