Canning Factory for Estacada

There seems to be much talk among the people of Estacada and vicinity regarding the building of a canning factory. In fact at least a dozen farmers have called at the Progress office and discussed the matter and gave their opinion regarding the same. Now in view of the favorable opinion expressed by all, a canning factory in Estacada is not out of the question and it is up to the business men of Estacada to take it in hand. A few men can take it upon themselves to call a meeting, invite the whole community in and discuss the question, and at such a meeting the ways and means may be found to build and operate this establishment which would mean so much to Estacada and vicinity.

Another Success

Another one of the occasions which has made the Civic Improvement Club famous for its success in entertaining, was that of Saturday evening. Seventy-five tickets were sold for the dance; not as many as on some former occasions of the kind, but enough to make a nice company without being crowded. The Club did not furnish supper or lunch at this time, but cold, refreshing punch was served free to the dancers. Dancing was discontinued at 12 o'clock and those who desired lunch got the same at Marchbank's restaurant up town. An enjoyable time is reported. The proceeds from the dance will net the Civic Improvement Club \$47.00.

Coon Boyer became quarrelsome Wednesday evening and the result was that he was placed under \$250 bonds to keep the peace. On account of not being able to furnish the same, he was taken to Oregon City this morning. Such cases are regrettable and it is hoped that the young man will "turn over a new leaf" when he returns.

Forest Grove High school will play Estacada High school on Saturday, Feb. 7th, at the Pavilion. There will in all probability be a double-header that night but should there not be, you will get your money's worth, because the visiting team is one of the strongest teams in the state while our boys are going to give them one of the hardest games of the season. Plan to be there.

A little practice game took place at the Pavilion last Monday evening when the Garfield Country Club played against the High school. Needless to say, the latter won with ease, but in a year or so, with a little more experience, the Country Club will be putting forth a team that will be up and doing all the time.
