A canning factory is not an impossibility for Estacada. Everybody get busy.

Clackamas county's \$400,000 road bonds are held by the supreme court to have been legally voted.

Well, it will be a mighty good thing to "clean up" the orchards. A good fruit is always better than a poor one for any purpose. Now if the commission men can only be put out of business, all will be well.

The only real snow storm of the season visited this section Monday night and Tuesday. While most of people did not enjoy the change, it was a regular innovation for the small boys who could snowball to their hearts' content.

Readers of the Progress who are not reading "Going Some" now being published in weekly installments on the second page of this paper, are missing something worth while. It is not only one of the best stories ever written but is a laugh from start to finish.

No one has ever been able to start perpetual motion. Nor has any one ever yet been able to establish a business and give it a good advertising push at the start and cause it to run on and grow forever and a day without advertising. As motion must have some motive power to keep it moving so business must be stimulated by advertising to make the best success. —Nebraska Democrat.

The Progress has been requested to tell you that if you have an income of \$5000 or more per year pay the tax by March 1 or Uncle Sam will proceed to make it very interesting for you. The editor of the Progress gets \$10000 a year for running this paper and will pay her income tax at noon on Feb. 31, and cordially invites all other patriotic Estacadians to do likewise at the same time, this date having been agreed upon as "Estacada Day For Paying Income Tax".

Supt. of Public Instruction, J. A. Churchill, informs us that with the aid of the Oregon Agricultural College plans are being made to organize in every school district a boys' and girls' industrial club. Each club is expected to take up one or more of the following projects: boys' corn growing contest, boys' potato growing contest, girls' canning contest, girls' cooking and baking contest, boys' and girls' poultry contest, girls' sewing contest, boys' pig feeding contest, gardening contest, dairy herd and management, manual training. The state board has appropriated \$1000 to be distributed as prizes in this department at the State Fair. Two boys from each county will be entertained free the week of the fair. In addition to this, they expect to send ten children who stand highest in the state contest to the Panama exposition at San Francisco.

Having secured equal suffrage with men, all women, whether it be distasteful to them or not, should exercise the privilege at every opportunity. If all women vote suffrage for the sex will prove a success and a blessing but if a large percentage of intelligent, home loving women do not go to the polls, it will bring discredit not only upon equal suffrage but themselves as well. There is an element among the women who will vote that is easily controlled by the enemies of good government making a factor that should be offset by the women who cannot be thus influenced. In Colorado, the original equal suffrage state, the cause has been brought into considerable disrepute for the above named reasons and because a large number of the so-called leaders among the women are chronic office seekers and publicity seekers and some of them are notoriously known to be "out for the money" and their "influence" goes to the highest bidder.

## THIS NEW MEDICINE

### SAVES YOU MONEY

We are druggists right here in your town and make a living out of the drug business. But it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure-alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and should get the most you can for your money.

We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called Rexall Olive Oil Emulsion. It is the best remedy when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscle, good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7000 Rexall Stores, and in this town only by us. \$1.00—Estacada Pharmacy, Estacada, Oregon.

## SPRINGWATER

Floyd Spurlin took a trip to Portland last week.

Wilcox's folks had a house full of company last Sunday.

Mr. and Mrs. Sherman Kilgore were guests at Mrs. Genseroski's Sunday.

We had a shower of snow Monday forenoon. It came in big flakes for a little while but soon all melted away.

There hasn't been much doing the last week except raining. It began last Tuesday and rained every day the rest of the week.

D. Horner has received registration papers for his Berkshire boar. He has also bought a registered Berkshire gilt which is from prize winning stock.

We hear that Gene Lewellen has taken R. C. Herring on a six months trial. If at the end of that time he proves to be a good hand on the ranch, he may adopt him.

Elder Cook, a Latter Day Saint from Vancouver, has been giving some very interesting sermons the past week at Estacada and will continue all this week. Come and hear "The Old Jerusalem Gospel". It will do you good.

J. F. Smith has been putting some more improvements on his mail wagon during this rainy spell. He has also put a lantern box on so that when you see a light coming down the road some of these dark nights, why just clear the track.

Tuesday morning we find about two inches of snow which makes the mail carriers shiver. There is a cold wind up this way too this morning. We hope the snow will not stay on long. It don't look good to us, but just now it looks favorable to getting quite a snow. The wind is blowing and the snow is coming down quite fast. However, the sun almost shines once in a while so we still have hopes that this will not last long.

There was a very sad accident happened down at Mr. Wilcox's during the windstorm we had a few days ago which may prove to be fatal. The wind blew the coop door down and let out a rooster Mr. Wilcox had got of George Keller in a trade. One of the Wilcox roosters came at him for war and the final wind-up was that the Keller rooster came out minus one eye and his throat cut quite badly, which may cause his death.

## ALSPAUGH

Edgar Hieple is on the sick list.

Mrs. H. N. Barton is visiting friends in Portland.

Mr. and Mrs. Chas. Sparks spent Saturday evening with Mr. and Mrs. John Githens.

A number of people from this vicinity attended the dance at Estacada Saturday night and report a fine time.

Miss Alma Frank spent Sunday afternoon at the home of John Githens.

Chas. Hinely's baby has been very ill during the past few days.

Noel Sarver is planning on going to South America in the near future. He intends to stay there for several years.

Mr. Spear from Montavilla is

visiting with his uncle, Mr. Richey of this place.

Mrs. Dick Githens was an Estacada visitor Friday.

Mr. and Mrs. J. W. Dowty were entertained at dinner by Mr. and Mrs. Jack Brown Sunday.

Miss Gussie Githens was a Portland visitor last week.

John Githens has been making a new fish pond. He has two fish ponds on his farm now.

## EAGLE CREEK

Winter has come to Oregon at last.

H. S. Gibson made a trip to Portland last week.

Mrs. Edith Woodlee, who has been sick with the measles the past week, is getting better.

Ray Woodlee is building a fine barn on his place.

W. F. Douglass made a brief business visit to Portland one day last week.

Mrs. R. B. Gibson and Miss Edith Chapman called on Mrs. Howlett Sunday afternoon.

Mr. and Mrs. Will Douglass entertained at dinner Sunday Mr. and Mrs. Roy Douglass, Robert Moehne and Arthur Blumh.

George Preston hauled up a load of furniture for McMillan on Monday.

## Christian Church News

The Teacher Training Class will meet at the church at 7 o'clock on Thursday evening.

Usual services next Lord's Day. Preaching by the Pastor. Morning theme, "Christian Liberty"; evening theme, "Brotherly Love".

The automobile speed way contest is proving very helpful and creates considerable enthusiasm. One of the features of the contest is that every pupil shall have his bible. Last Lord's Day there was 100 percent of bibles present.

The Boy Scouts recently organized have already gathered quite a band of scouts and say they will have at least 25 by March 1. Any boy twelve years of age or over, who is enrolled in the Bible School and attends regular, is eligible to become a member of this band.

Mrs. Clara G. Esson of Forest Grove, State Bible School Superintendent for the Christian Churches, spent last Lord's Day with the church occupying the pulpit both morning and evening. At 3 o'clock in the afternoon she conducted a conference with about 30 Bible School workers present at which time definite steps were taken looking toward the school attaining the "1914 Front Rank Standard" which is an international standard of organization and efficiency adopted by the International Bible School Committee. There are seven main points to be attained before any school can be called a "Front Rank School" and the school at this place has met four of the requirements and will meet the remaining three in the very near future. Mrs. Esson said of the school and its organization: "It is one of the best of its size in the state".

W. Givens, Pastor.

## Somewhere Local News

Attend the basketball game Saturday night and boost for your home team.

Mrs. Morton returned to Portland yesterday to be absent for an indefinite time.

Albert Kitching and wife have gone to Crawford, Wash., to visit Mr. Kitching's parents.

The Progress received items from Currinsville which we are sorry to say, had to be omitted this week, on account of the lateness of their arrival and the length of the items.

The special meetings which have been held this week by the Re-organized Church of Jesus Christ of L. D. S., have not been very well attended, presumably on account of the weather. They will continue, however, until after next Sunday.

## Pin Money.

It was the bride's first request for money.

"I must have some pin money," said she.

"Certainly," said the bridegroom. "Here's a quarter. That ought to buy five or six papers of pins."—Washington Herald.

## Slow but Not Sure.

"Your daughter is not engaged to young Johnson yet, then? I suppose it is a case of slow and sure?"

"Well, yes—he is slow, and she is not at all sure."

Labor is the fabled magician's wand, the philosopher's stone and the cap of Fortunatus.—Johnson.

## A Genius.

"So you insist that your boy Josh is a genius?"

"Yes," replied Farmer Corntosset. "I don't know exactly what a genius is, but we've got to give some excuse for his not doing any regular work."

Washington Star.

# Ten Electric Generating Plants

Widely scattered have been built by the Portland Railway, Light & Power Co. for the purpose of providing

Reliable Electric Service

to its patrons. Through high tension transmission lines, each of these generating plants are intercommunicative, so that the service is insured against unforeseen interruptions.

FEED

ALL FEED MAY LOOK ALIKE TO YOU but not to your horses. Give them some of ours for a change and see how they will eat it much more greedily than they have been attacking their old fodder. Good feed means good feeding and as a horse owner you know that means better horses in every respect.

Estacada Lumber and Produce Co.

## Clean Up the Orchards

Saturday afternoon an interested audience of about 75 persons listened with pleasure to several speakers who were here under the auspices of the State Board of Horticulture.

Judge Dimick of Oregon City was the first to be introduced by A. O. Whitcomb. He urged the use of the most advanced methods in farming and orcharding in order to improve the quality and increase the surplus of production so we will be ready for the splendid opportunities which will be ours on the opening of the Panama canal. Mr. Malbolief followed Judge Dimick. He is a member of the Portland Chamber of Commerce, the Commercial Club, and well versed on transportation and marketing questions. He said, "Our opportunities are what we make them through practical energy and good judgment." He placed stress on commercial co-operation, which boiled down means common sense applied to any industry. Given the quality, the marketing of products becomes automatically simple.

Mr. Williamson, secretary of the society, gave clearly the law in regard to fruits. It is unlawful to sell diseased fruits or to maintain a neglected and diseased orchard. The recourse is a notice to owners to care and spray if curable or destroy within a stated time. If not done the County Inspector can do the same at the owner's expense.

Mr. Freytag, the County Fruit Inspector, announced that beginning February 1, he will be in this vicinity inspecting orchards, issuing official warnings where needed and would "see the matter through" applying the ax if necessary. It is believed that every one will cooperate with him in this step which is for the general welfare of the community.
