less it is to suffer from indigestion. Stanford University, Cal. - While John Caspar Branner, head of the geology and mining department of Stanford, has discovered radium-bearing "What do you think about wigs?" ford, has discovered radium-bearing ore of extreme value. The specimens ore of extreme value. The specimens over which Professor Branner was over which Professor Branner was uxury and sometimes a bald necesworking in his laboratory are from the state of Ceara, in Brazil. Radium was not known to have existed there. The ore which led to the discovery was Allen's Foot-Ease is a certain cure for hot sweating, callus, and swollen, aching feet. Sold by all Druggists. Price 26c. Don't accept any substitute. Trial package FREE. Address Allen S. Olmsted, Le Roy, N. Y. The Stanford geologist was testing for other minerals when his attention New York's first elevated railroad was built in Greenwich street in 1857 and was operated by a cable which ran underground and over the strucwas drawn to the carnotite. The carnotite was subjected to the tests employed to determine whether an ore contains radium and responded.

At least 225,000 women and girls News of the discovery has been sent work in manufacturing establishments to Brazil. The exact location of the was cut off by Wilson's order, they in Pennsylvania, 25,000 being under 16 region from whence the samples came has been kept secret. as has the name of the sender of the ore specimens.

Only two carnotite deposits are known to exist in the United States. Both are in the West, one in Colorado and the other in Utah. Australia has the largest carnotite deposits. From carnotite ore is obtained uranium oxide, and radium comes from this latter substance. According to geologists, only 2 per cent of the carnotite is uranium oxide, and only one part in 3,000,000 of this oxide is uranium. This advances the price of radium to about \$90,000 a gram.

Dr. Branner is well acquainted with the geology of Brazil, as he has spent considerable time there on governbook on Brazilian geology.

Professor Branner received the Hay-

den medal in 1911 for distinguished contributions to geology and is recog-nized as one of the world's foremost by the daily use of geologists.

AVIATOR REMAINS IN AIR 16 CONSECUTIVE HOURS

Munich, Germany-Ingold, an aviator, Sunday broke the world's record for an endurance flight. He remained in the air 16 hours and 20 minutes, and covered a distance estimated at 1050 miles without landing. Ingold Canada is nearly 30 times as large started at Mulhausen, Alsace, and flew as Great Britain and Ireland, the total to the north. He then proceeded southward to Munich, landing in a sub-

area of the dominion being only 237, 000 square miles less than the whole The previous record of 14 hours, minutes, was made by Brunolanger at Johannisthal, February 3. Students working their way through Princeton university earned more than

"All is Well That Ends Well"

Along with dyspensia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not head work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with DR. PIERCE'S -

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.

Don't Wait Till You're All Bunged Up. Use S. S. S. Now.

If you will go into any first class store and get a bottle of S. S. S. you are on the way to getting rid of Catarrh. But don't let anyone work off that old trick of something "Just as good."

S. S. Is taken into the blood just as naturally as the most nourishing food. It spreads its influence over every organ in the body, comes through all the veins and arteries, enables all muccus surfaces to exchange inflammatory acids and other irritating substances for arterial elements that effectually cleanse the system and thus put an end to all catarrhal pollution.

S. S. S. cleans out the stomach of muccus accumulations, enables only pure, blood making materials to enter the intestines, combines with these food elements to enter the circulation, and in less than an hour is at work throughout the body in the process of purification.

The medicinal components of S. S. S.

Tou will soon realize its wonderful intence by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a steadily improved nasal conditions, are selected by the absence of headache, a decided clearing of the air passages, a steadily improved nasal condition, and a steadily improved nasal condition, and a steadily improved nasal condition, and an analysis of boddily relief that proves how completely catarrh often infeats the entire system.

You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, peoriasis, bottles, and all other diseased conditions of the blood. For special advice on any blood disease write to The Swift Specific Co., 2012 Swift Bidg., Atlanta, Ga.
