## Gresham Cannery

The hustling people of Gresham  
will probably have their cannery  
ready for the 1915 crop, for work is  
to be begun on the erection of the  
plant, September 1st. Nearly all  
of the \$15,000 of capital stock hav-  
ing been disposed of. It is planned  
to run the cannery on a co-operative  
basis, a plan which has been found  
successful in other localities, and it  
is believed that its establishment  
will result in the cultivation of hun-  
dreds of acres in Powell Valley,  
now idle. If Estacada does not  
get a cannery, the Estacada prod-  
ucts will probably be welcome at  
Gresham.

## The Stock Yards

Many farmers have asked the  
question: "When will the Estacada  
stock yards be ready?"  
On inquiry, it appears that the  
stock yards people are kind of  
"looking at the gift horse's teeth,"  
inasmuch as they are not satisfied  
with the lease which W. F. Cary  
gave them and are asking for a ten  
year lease. It is likely this detail  
will soon be adjusted and Estacada  
will get the yards. From the inter-  
est and inquiry already displayed,  
it is apparent that the farmers wish  
to do business with the stock yards  
just as soon as they are established.

May See the Joke

The Advance prints the follow-  
ing anecdote, given by the late Cy  
Warman.  
A Scotchman came upon an auto-  
mobile overturned at a railway  
crossing. Beside it lay a man all  
smashed up.  
"Get a doctor," he groaned.  
"Did the train hit you?" asked  
the Scotchman.  
"Yes, yes, get a doctor."  
"Has the claim agent been here  
yet?"  
"No, no, please get a doctor."  
"Move over, you," said the Scot,  
"till I lie down beside you."

## Free Concert

A free concert will be given in  
the Springwater Church, next  
Saturday, Aug. 1st at 8:20 P. M.  
Estacada and neighboring people  
are all invited to attend. Refre-  
shments will be sold after the  
concert and a collection will be  
taken to help defray the expense  
of the purchase of the new song  
books for the church. The Chor-  
al Society, under the direction of  
Mr. David Horner, will sing  
"Hail Smiling Morning," a mad-  
rigal entitled "A Lover and His  
Lass," "Strike the Lyre" and  
"Goodnight, Farewell." A male  
quartet will sing funny glee songs  
and a mixed quartet will sing a  
madrigal from Sullivan's opera,  
"The Mikado." There will be  
duets and solo piano selec-  
tions by Miss Mary Folsom and  
Mrs. Fred Horner. Also violin,  
cello and piano trios and solos.  
Everyone is cordially invited to  
come, as the church has been en-  
larged and will hold all.

G. Gutteridge of Springwater is  
laid up for a few days, having come  
in contact with the hoof of a nerv-  
ous colt.

Mr. and Mrs. Wright and niece,  
Fanny Campbell of Roseburg, motored  
to Estacada last week and  
spent a few days visiting at the  
Bell's home.

Mrs. Prudie O'Connor, with her  
daughters, Ruetha and Katie of  
Houston, Texas are visiting at the  
home of Mrs. Emily Lady of Estacada.  
Inasmuch as it has been  
fourteen years since the friends  
have seen each other, they are  
thoroughly enjoying the reunion.

C. C. Saling's new Ideal Green  
Feed silo, purchased from the De  
Laval Co. arrived by freight Mon-  
day last. Mr. Saling figures it will  
be up and in operation within a  
couple of weeks. This is one of  
the first silos to be erected in this  
section and it is but the beginning  
of this style of dairy feeding.

Al Lindsey, whose latest address  
is Julian, Mont. writes to the Progress  
and wishes to be remembered to all  
old friends in Estacada. He reports  
Julian as a wart on the prairies, with  
no railroad but plenty of flies and  
mosquitoes, some hail, wind and sun-  
shine, but the tone of the letter was  
all of the latter element.

Mr. and Mrs. H. Githens of Es-  
tacada and Emma Fitzgerald of  
Portland, took a five-gallon can of  
eastern brook trout to Deer Lake,  
beyond Baldy Mountain and liber-  
ated the fish there. The fish were  
from 10 to 12 inches in length and  
arrived at the lake in good condi-  
tion. Carrying fish under these  
conditions represented a hard trip  
and one that few men would have  
accomplished. On the return trip  
the party caught about 100 good  
trout in the North Fork of the  
Clackamas.

The Misses Nettie and Mahry  
Currin of Heppner, Ore. are visiting  
among old friends in Currinsville.

Mrs. Frank Bittner of Elwood is  
entertaining her sister Helen of  
Aberdeen, Wash.

The Springwater Sunshine Cir-  
cle met at the home of Wm. Clos-  
ner last week.

Mrs. Esther Neal of Salem is vi-  
siting at the home of P. M. Wagner  
of Estacada.

Mr. and Mrs. Edgar Heiple  
visited friends and relatives in  
Garfield last Sunday.

Mrs. Mber of Springwater is en-  
tertaining friends from Hood River,  
Oregon.

Mrs. S. E. Harker and Miss  
Sara D. Harker, of Palo Alto,  
Calif., spent a day as guests of  
Mrs. E. W. Bartlett last Tuesday.

Mrs. Anna Held, one of the pio-  
neers of George has been very ill for  
the past week, but is slowly im-  
proving now.

The Scott family of Springwater  
suffered the loss of a first class cow  
this week. The animal was valued  
at \$275.

Messrs Guthrie and Sampson of  
Estacada made a couple of days fish-  
ing trip up the Clackamas last week  
and returned with a happy smile  
and a few fish.

Mrs. Frank Bittner and sister,  
of Elwood, returned last week  
from the death bed of their moth-  
er, who recently died at her home  
in Aberdeen, Wash.

A party of Estacada, Garfield  
and Currinsville people picniced  
on Eagle Creek near the bridge  
last Sunday and all went swim-  
ing.

Mr. Jesse Yount, who has just  
returned from Shanghai, China,  
where he served four years in  
the navy, is visiting his uncle,  
H. H. Yount of Currinsville.

Miss Hattie Bellis returned to  
her home in Estacada Tuesday  
last, after making an extended  
visit with relatives in Spokane,  
Wash.

H. C. Butler of Currinsville has  
just completed a new barn on the  
A. J. Brown place and will soon  
commence the building of a similar  
structure for W. W. Dillon.

Marshall Ames brought in a bas-  
ket of 52 fine trout last Sunday,  
having caught them in the Clacka-  
mas near Ewing's camp. Few other  
good catches were reported last week.

Miss Frankie Hermitage of Union,  
Oregon is the guest of her cousin,  
Mrs. Irwin D. Wright. Miss Her-  
mitage expects to remain the bal-  
ance of the summer.

Miss Edith Chapman of Eagle  
Creek returned Monday from a  
very delightful trip to LaCenter,  
Wash. Miss Ethel Park was the  
guest of Miss Chapman Tuesday  
evening.

Mrs. Mary Stubbe reports the  
loss of two pigs by accidental  
poisoning. One of the pigs  
weighed well over 300 lbs. and its  
loss represents a goodly cash sum.

Mr. H. F. Gibson of Barton re-  
ports that next week he will furnish  
the Progress with a lot of infor-  
mation regarding the construction  
work soon to begin on the new Bar-  
ton Bridge.

E. S. Shankland returned to his  
Morrow home last Sunday from  
Alberta, Clackamas County, where  
he has completed a \$2,000 residence  
for Mrs. Nora Miller. Mrs. Miller  
and son Clay returned with him and  
remained over Sunday.

A party composed of Ed Boner,  
Ernest Generowski, Wm. Tucker  
and Amos Millard, made a four day  
trip up the Clackamas last week  
and reported poor luck, as the trout  
were not rising to a fly or taking  
bait.

A Springwater correspondent re-  
ports that horseshoe pitching is re-  
ceiving its share of attention on that  
side of the river, with Messrs  
Looney, Sarver and Fisher, willing  
to meet all comers, "catch as catch  
can," and "half Nelsons" barred.

Messrs. Looney and Fisher of  
Springwater are preparing to ship  
four car loads of four foot wood  
within a few days. The sample  
cord delivered at this office was the  
kind that burns and that's all they  
claim for it.

A team, belonging to Paul  
Klaetsch attached to a heavy wag-  
on, ran away last Saturday morn-  
ing, going through the main streets  
of Estacada and finally colliding  
with an old buggy, in front of  
Yonce's barn, completely demolish-  
ing the buggy and skinning the  
horses legs to some extent.

## The Right Spirit Shown

Judging from the remarks of  
the various local merchants and  
others in Estacada in the past few  
days, and from the tone of the  
remarks made at the recent De-  
velopment League meeting, it  
looks as though Estacada and its  
inhabitants could not be called  
ungrateful in their attitude to-  
wards the Portland Railway  
Light & Power Co. with the ad-  
vent of the Reo Intercity Truck  
Co. as a possible competitor.

It is pleasing to chronicle this  
attitude and show of "sticking by  
old friends" for we all know  
what the railway company has  
done for Estacada and vicinity in  
the years past. Estacada is in  
reality a railway town, a child of  
the P. R. L. & P. Co. and the  
mother corporation has never let  
us stray far from its care. We  
all know that the railway com-  
pany have always gladly paid  
their enormous taxes to help us  
build our schools and support  
them and have always met us  
more than half way in any en-  
deavor or effort we have made to  
help ourselves.

The fact cannot be overlooked  
that any level headed merchant  
can plainly see that from a finan-  
cial standpoint, in the long run,  
it is best to stick with the railway  
company, for their present ser-  
vice is good and getting better  
every day. Our freight is hand-  
led almost the same as express  
now and few people have found  
fault with the rates and when  
ever possible the company have  
equalized those rates to the best  
of their ability.

This is the first time that Esta-  
cada has had a chance to really  
show their appreciation and the  
Progress wants the railway peo-  
ple to know it too.

## Land Products Show

Arrangements have been made to  
have moving picture illustrated  
lectures given during the coming Land  
Products Show in Portland. These  
lectures are to cover a wide range  
of farming, from poultry work to  
prune culture, with views of proper  
methods of packing, picking, evap-  
orating, tree spraying etc. Min-  
iature models of farms will be shown,  
illustrating the proper arrange-  
ment for either dry or irrigation work.  
The Better Babies Department will  
be an innovation this year, besides  
musical features and regular Chau-  
taqua programs. Estacada must  
be represented this year with an ag-  
ricultural exhibit and the Estacada  
babies could probably take prizes  
too, for they are one sure product,  
not subject to weather conditions,  
and of the very best.

## The Gravel Bunkers

Mr. F. D. Hunt, Traffic Man-  
ager of the P. R. L. & P. Co. in a  
letter to this office, writes as follows:  
Portland, Oregon,  
July 24, 1914.

R. M. Standish,  
Estacada, Oregon,  
Dear Sir:  
Replying to your letter of June 26th  
relative to bunkers at Estacada. We  
have had Mr. Humphrey prepare an estimate  
as to what these bunkers would cost  
and he advises that it will cost to  
build the bunker required by the county  
\$2,476.50, the county's proportion being  
\$2,038.45. I note in your letter that you  
estimate the cost to be about \$300.00.  
I expect to be in Estacada shortly and  
I will bring the blue print and detail  
along so you may see what goes to make  
up this amount.

Yours very truly,  
F. D. Hunt,  
Traffic Manager.

The Progress printed an estimate  
of about \$300.00 some time ago,  
quoting a price furnished by Chas.  
Duncan, supervisor of District 10.  
Duncan's figures probably merely  
included the actual cost of the  
wooden bunker alone, while the  
railway company's estimate prob-  
ably includes the entire cost of the  
elevated construction, the tracks,  
catenary work, patent dumping ap-  
paratus, a gold-plated spike or so,  
and possibly the depreciation on the  
company's bonds, insurance, taxes  
and other details, only to be com-  
prehended by an expert accountant  
or a railway commission.

Anyway, it looks as though the  
bunkers would become a reality be-  
fore long, for when the railway  
company gets busy, results follow.

Mrs. J. W. Reed with the aid of  
several of the ladies, gave a deli-  
cious party Tuesday afternoon in Es-  
tacada park, to forty children.  
Mrs. Reed's sister, Miss Oakley of  
Seattle, was an adept at entertain-  
ing the children, as her work is  
along kindergarten lines. The re-  
freshments included ice cream and  
other good things and that, of  
course, completely satisfied the  
guests.

## Standing of PIANO Contestants Week ending July 25

Inasmuch as Miss Grace Denney had obtained the largest number of votes, during the week ending July 18th, she was awarded the weekly prize. ## Prize Corn

John Ely of Currinsville obtained  
last year a cob of corn from the fa-  
mous stock that won the \$20 O. W.  
R. & N. corn prize in Portland.  
He planted this corn on his Currin-  
ville land and today it represents  
about 1-16 of an acre of as fine corn  
as can be raised anywhere, with  
good growth to the stalks and prom-  
ise of well-filled ears. This patch  
is merely an experiment as com-  
pared with his 12 acres of early  
white and yellow field corn, with 3/4  
of an acre of Minnesota No. 13.  
Mr. Ely expects to make a fine ex-  
hibit at the Estacada and Canby  
Fairs and has promised samples for  
the permanent Estacada exhibit.

A fire occurred Sunday night in  
Sandv, which completely demolish-  
ed the Sandy livery barns and the  
home of H. Jackson. Six horses  
and a number of vehicles were  
burned, with a loss of more than  
\$5,000 with little insurance carried.  
The origin of the fire was unknown.  
Many people in Estacada and vicin-  
ity could see the illumination, but  
were unaware of its origin until  
Monday.

Harvey Gibson of Barton is re-  
ported to have had his jaw bone
