

ESTACADA PROGRESS

Devoted to the Interests of Eastern Clackamas County

VOLUME 8, NUMBER 29

ESTACADA, OREGON, THURSDAY, APRIL 8, 1915

\$1. PER YEAR

SOCIAL HYGIENE TO BE DISCUSSED

Meeting for Both Sexes
Friday April 9th

The following announcement and program is being sent to every man in Estacada and vicinity, by the Oregon Social Hygiene Society:-

A Call For Action

The Social evil and the suffering resulting therefrom are subjects of much serious thought and consideration on the part of many of our best citizens.

You are invited to a conference of the leading men of Estacada and vicinity called by the undersigned to consider this problem, which, in one or another aspect, touches the life of every home.

The Oregon Social Hygiene Society, recognized as one of the strongest in the country, is now ready to co-operate with us in starting an active and steady campaign of education in our community. There will be a place in the campaign for every man in the community, who is legitimately and earnestly interested in the protection of our boys and girls.

It is a call for sane and constructive action.

Mayor H. V. Adix will preside. A comprehensive program has been prepared and the field will be well covered by a member of the Executive Board of the Oregon Social Hygiene Society from Portland, and local speakers.

Claude W. Devore,
J. W. Reed,
Irwin D. Wright,
Program Committee.

No collection.

PROGRAM

Conference of Physicians, Educators
And Others On Social And
Moral Hygiene

(A Meeting for Men. Bring a Friend.)

Friday, April, 1915

Eight o'clock P. M.

Family Theatre
(Courtesy, A. E. Sparks.)

Estacada, Oregon.

Chairman: Mayor H. V. Adix.
8:00 P. M. The Extent and Result of Sexual Vice—"The prevalence and General Seriousness of Venereal Diseases and Their Effect upon the Individual and the Home." Dr. R. Morse.

"Present Conditions Among Boys and Girls." Burgess F. Ford.

Aquarium At Coming Fair

John Githens of Alspaugh has made a suggestion as to an attractive exhibit that might be made in the form of an aquarium at the coming East Clackamas Fair, filled with trout and such other fish as could be obtained.

Mr. Githen's hobby is raising trout and his private spring, pool and stream are now well filled with eastern brook trout, as well as the native species. If the fair committee will fix up some kind of an aquarium, he will gladly make an exhibit of these fish. Some enterprising plumber might get good advertising by installing a bath tub, with proper flow of water, for the housing of this exhibit.

8:50 P. M. Causes and Remedies—"The Four Sex Lies and Other Causes, Remedies." A. F. Flegel (Member, Executive Board of Oregon Social Hygiene Society.)

9:30 P. M.—"What Can We Do for Estacada?" A. Demoy.

9:45 Adjournment.

At 3 o'clock, Friday afternoon of the same day as the men's meeting, there will be a similar meeting held for women and girls, over the age of 13 years. A committee comprising Mrs. E. W. Bartlett of Estacada, Mrs. H. G. Trowbridge of Garfield, Mrs. Fred Robley of Faraday, Mrs. C. N. Felsom of Springwater and Mrs. John Ely of Currinsville are in charge of the arrangements for the women's meeting.

The ladies of this committee, with the aid of the various women's societies, will make a house to house canvass to insure a large attendance at this important meeting, and invitations and programs will be distributed.

The subject, "The Parents' Duty to the Child" will be presented by Mr. A. F. Flegel, the well known Portland attorney, and vice president of the Oregon Social Hygiene Society.

No charge will be made for admittance to either of these meetings, and no collection will be taken up, as the good work is handled and financed by the Oregon Social Hygiene Society with the co-operation of the citizens of Estacada.

Undoubtedly the the seating capacity of the Family Theatre will be taxed to its limit, and only those arriving first will obtain seats.

HE WHO WORKS MAY EAT Block Captains Meet Monday Night

Two Dozen Chickens Wanted

No man will deserve such an awful amount of credit for his public spiritedness, because he works a few hours on Clean Up Day, Wednesday, April 14th, for everyone of them will receive a free chicken dinner, at the C. I. C. rooms, that will be worth not less than \$2. per plate.

Glance over this menu and prepare to take care of your share of this chicken dinner, which the ladies of the C. I. C. have promised.

Chicken
Dumplings and Gravy
Salads
Cabbage Shrimo Lettuce
Potatoes Pickles
Bread and Butter
Coffee
All Kinds of Pies

The present plan is for the dinner to be served at 1 o'clock and it is hoped that the greater part of the work will be finished by that time, as most of the private property will be cleaned before Clean Up Day and the handling of the refuse will comprise most of the work, except on the flat, where much work must be done.

The committee in charge of the selection of the block captains, overlooked blocks 13 and 14 in Zobrist Addition, which will be in charge of Wm. Underwood, and the block at the head of the Boulevard Hill, which will be captained by Bert H. Finch.

A meeting of the captains and all others interested, is to be held at the Family Theatre, at 8 o'clock on the Monday night preceding the Clean Up Day, when suggestions and a full campaign of the work will be taken up. Also the committees in charge of the selection of a dumping place, obtaining of teams, etc. will report.

In the case of parties, who cannot take part in the work that day, they may pay \$2. as their share towards the cause, this money to be paid to C. W. Devore, to be used in defraying as far as possible the cost of teaming.

The ladies of the Civic Improvement Club are giving the dinner, doing the work and donating the majority of the supplies, but they need CHICKENS.

Buying Right Of Way

Wm. Andersen and H. A. Rands of Oregon City, president and engineer of the South Fork Water Commission, are spending a few days in Estacada and vicinity, arranging for the purchase of the right-of-way for their pipe line. Their proposition to the property owners seems to be fair and equitable and little opposition is expected, in this vicinity at least.

Inasmuch as the State Supreme Court, last week, passed favorably upon the validity of the bond issue, work on the project should begin at once.

Still They Come

Buyer C. E. Lucke, last Monday noon, shipped out the tenth carload of livestock, including hogs, lambs and cattle, from the Estacada stock yards, for which he paid the growers over \$900.00. Next shipment scheduled for Monday, April 19th.

Correction

In last week's issue, attention was called to the basket social and dance, to be given at the Garfield Country Club, Friday evening, April 9th, and it read that admission was 50c for the entertainment, instead of only for the dance.

The entertainment is to begin at 8:30 o'clock, followed by a social dance. A charge of 50c is made for all gentlemen, who remain for the dance, but the social and entertainment are free and everyone is invited to join in the good time. Lunch will be served by the club.

24 CHICKENS WANTED

for this dinner, and the public is asked to donate these birds. Look over your flock tonight and pick out one that isn't laying or earning its feed, and notify Mrs. Kuhrasche or Mrs. John Lovelace, that you will give one bird.

The offer of this opportunity to donate a chicken, is not confined to the citizens of Estacada alone and if any of our neighboring farmers feel so disposed to help out, their chicken will not have died in vain.

No questions will be asked by the dinner committee as to where you got the chicken, just so long as you deliver the bird. No fault will be found with the age, sex or previous condition of servitude of the poultry, but if it is cleaned first, it will be a little more welcome.
