Tractor Demonstration Draws

W. R. Reid and sons of Bannockburn Ranch in Garfield are highly pleased with the efficiency shown by their new Samson Sieve Grip Tractor. While they have done little plowing with it yet, it has proven an economical power for disking, harrowing and general farm work.

Several parties from this section have witnessed this machine at work and another season should see a number of these tractors replacing horse power, besides doing the general work of a stationary engine.

Fishermen And Others Attention!

If you want to make a sure catch, regardless of the bait, fly or spinner used, be present next Friday night, April 30th at the May social at the Estacada M. E. Church.

May baskets, filled with candies, flowers and other dainties will be angled for. Home made candy will be sold. May games will be enjoyed and a fine program rendered, with refreshments free.

You need not bother to bring your fishing tackle, but bring your wife, best girl or friend.

A special invitation is extended to the people of the Christian Church to join in this frolic.
