

## A fair exchange is no robbery

### That's Why Business Is Good

Every day we are offering a fair exchange for

**Eggs, Poultry, Potatoes, etc.**

Through error our advertising manager quoted two prices on eggs last week but we paid the higher price of 17c per dozen in trade for every egg we bought, after the Progress came off the press. We intended to do this anyway, but even at this price we didn't get half enough eggs to fill our orders.

## Wanted Eggs

### 25 Cases Now

We will pay **16½c cash, or 17½c in trade**

The egg market is very firm.

**Poultry** market is flooded and prices are down. Better wait a while to sell your poultry.

## Wanted Potatoes

Potatoes still remain the same.

**Cash \$1.50 Trade \$1.60**

**50 Sacks at these figures**

## What You Can Get

in exchange for your Produce

**FEED THAT IS GUARANTEED TO PUT PORK ON THE HOG.** And at prices that are right.

**GROCERIES** Have you ever looked inside of our 9x12 grocery department? You will be surprised at the variety of goods that we handle in such a small space, and hundreds of our friends marvel at some of the prices we are able to make. We keep everything usually carried in a first class grocery store.
