FLORENCE Oil Cook Stoves

"Look for the Lever"

The finest oil stoves made. Fully
 guaranteed. Whether you have
 decided to buy an oil stove or
 not, let us show you this line.
 Absolutely reliable—simplest to
 operate.

CLACKAMAS WINS MEDALS Panama-Pacific Exposition Awards Made

Of the 128 gold, silver and
 bronze medals and honorable
 mentions won by the Willamette
 Valley Exposition Association,
 over one-third, or to be exact,
 49 awards were captured by
 Clackamas county products.
 Eight counties are entered in
 the Association's display.

The Association received 19
 gold, 52 silver, 51 bronze medals
 and six honorable mentions. Of
 this number, Clackamas county
 farmers will receive 11 gold, 22
 silver and 15 bronze medals and
 honorable mention. It is consid-
 ered significant that Clackamas
 county should take 11 out of the
 19 gold medals.

The valley display has attract-
 ed as much attention as any in
 the Oregon building.

The county exhibit is in charge
 of O. E. Freytag of Oregon City.

Now Entitled to Pull 'Em

Its Doc Dale of Estacada from
 now on. Leave off the George,
 for beginning last Saturday, the
 title of Doctor of Dental Surgery
 was either pre or affixed to his
 name. Reports from the state
 examinations for dentists, show-
 ed that all but nine of the seven-
 ty-two applicants were passed,
 and George was among the sixty-
 three. As to where Doc will open
 up office has not been announced
 as yet.

Local Musicians In Concert

Rev. and Mrs. C. F. Aue of
 Springwater, are this week in
 Eugene, where they are giving
 violin and cello concerts, under
 the auspices of the University of
 Oregon.

Reagan Road Done

Thanks to the volunteer work
 of the nearby residents and with
 a \$150. donation from the city of
 Estacada, the Reagan road has
 been well rocked and graveled
 from Shafford St. to the top.

American Laundry 8; Estacada 1

It sure pays to advertise, judg-
 ing from the creditable showing
 made by the American Laundry
 base ball team, against the Esta-
 cada boys, at Estacada last Sun-
 day.

The laundry workers thorough-
 ly cleaned, washed, mangled,
 ironed, starched and sewed but-
 tons on the newly organized Esta-
 cada ball team. The fever chart
 finally read 8 to 1 at the end of
 the ninth inning and all danger
 past.

Possibly the least said about
 the game, the better. The weath-
 er was nice anyway, the newly
 ventilated fencing was handy for
 the fielders to chase home-runs
 and the Portland girl fans were
 there with their glad raiments
 and latest metropolitan kidding,
 and even Byers couldn't hand it
 back fast enough.

The only Estacada player with
 a clean record was Bill Under-
 wood and he umpired, and um-
 pired a good game too, although
 it was seldom that Estacada got
 near enough to first base to call
 for a close decision.

A fair showing of loyal Esta-
 cada fans decorated the grand-
 stand and did everything in their
 power to help the local boys win.
 A couple of strange faces were
 among the locals, but their ab-
 sence will not be missed another
 game.

Allowances must be made for
 last Sunday's game, as it was the
 initial performance of the Esta-
 cada gang and Manager Simmons
 with the help of a few of the old
 standbys made a creditable show-
 ing. Estacada made three hits,
 including a three bagger by Jim
 Park, and singles by Lee Bron-
 son and an unknown first base-
 man.

The same old ball playing spirit
 is there though, and next Sun-
 day's game with a rehabilitated
 Estacada team, including a num-
 ber of the old players, will give
 a good accounting of themselves
 and deserve the support of the
 fans.

WANTED—Second-hand Stock
 Saddle.

Address J. W. Moore,
 Cazadero, Or.

Rev. A. J. Darling, formerly
 of Estacada, died at the home of
 his daughter in Portland, Wed-
 nesday afternoon, June 16th; ser-
 vices will be held in Portland,
 June 17th and the remains will
 be brought to Estacada for inter-
 ment in Lone Oak Cemetery,
 June 18th by the I. O. O. F.

The Estacada Base Ball team
 will play with the Kenton Giants
 in a fast game, Sunday, June 20th
 at 2:30 P. M. at the Estacada
 Ball Park.

The Library Fund entertain-
 ment given by Mrs. Mary R. Sel-
 leck, Interpretive reader, at the
 Family Theatre last evening,
 under the auspices of the C. I. C.,
 pleased the audience and deserv-
 ed a better attendance than it
 had. Mrs. Trowbridge and Mr.
 P. F. Standish rendered musical
 selections in their usual pleasing
 manner.

Selecting Breeding Hens.

In selecting the hens for the breed-
 ing pen in the spring the following
 factors have been found by observa-
 tion and experimentation to be essen-
 tial to heavy egg production—namely:
 First, breeding from heavy producers;
 second, the use of mature birds, prefer-
 ably hens, not pullets; third, line breed-
 ing rather than too close inbreeding or
 outcrossing; fourth, breeding from
 birds which were early producers as
 pullets; fifth, selecting birds which
 show a good, vigorous constitution;
 sixth, selecting for egg type long,
 rather deep bodies, with abundant
 room for the organs of digestion and
 reproduction; seventh, selecting large
 specimens of the breed; eighth, select-
 ing late-motlers, since they are usual-
 ly the best winter layers; ninth, breed-
 ing from birds which have shown by
 records to be persistent layers; tenth,
 selecting birds that eat well, rise early
 and retire late, for such birds are usual-
 ly heavy layers.—Orange Judd Farmer.

Keep Young Turkeys Dry.

The main thing in raising young
 turkeys is to keep poult perfectly dry
 and never allow them to get wet. They
 should be kept indoors until the dew is
 off the grass and never be allowed to
 be caught in a shower of rain.
