Road Changes Now Made In September

Changes in the boundaries of road districts in the county must be made at the September term of the county court, according to an amendment to the law as passed by the last legislature.

Heretofore the changes have been made at any time of the year, but the new law says that they can only be made once a year and only at the September term. As the term begins on the first day of the month, those who desire changes in the road districts will have to get their petitions circulated at once in order to present them in time. The amendment as passed by the legislature reads as follows:

"Sec. 6313. The county courts of the several counties of this state shall, as often as they may deem necessary, but no oftener than once a year, divide their respective counties or any part thereof, into suitable road districts, each of which shall be numbered, and cause a brief description of the same to be entered upon the county records. Each county court, at the September term thereof, 1915, shall so arrange the road districts of the county as to conform to the provision of this section, and at the September term of said court every year thereafter and at no other term make such changes in the road districts of the county as may be deemed necessary, provided, that all road districts formed under the provisions of this act shall be formed from contiguous territory."

Well Known Musician to Teach

The many friends of Mrs. H. G. Trowbridge of Estacada are pleased to learn of her decision to give piano and organ instruction the coming season.

Mrs. Trowbridge, owing to her years of study and teaching of music is especially qualified to give proper instruction to beginners, as well as to advanced musicians.

Mrs. Trowbridge is a graduate of the musical course at Carlton College, after which she graduated with high honors from the four year course at the Wisconsin Conservatory of Music and later spent three years at the Conservatory, teaching piano and pipe organ.

For the time being, she will confine her class to a limited number of pupils and many of the parents are hoping to have their children avail themselves of this opportunity.
