Some Bear Story

Little Margaret Klaetsch of Dodge, in a letter to the Progress this week says: "Mrs. D. Dwyer of Dodge has just returned from a few days visit with her daughter, Mrs. Florence Nichols of Glenwood, Wash.

She reports fine crops of wheat and oats, rich soil from which 2,000 bushels of grain were thrashed off of 8 acres. And reports seeing a big wild cranberry marsh in the mountains of Washington. Lots of bears, so thick they try to run them down with autos."

Fred Jorg, W. B. Simmons and Alfred Kolpin of Kenosha, Wis., a brother of Mrs. Simmons, who is here on a two months visit, left Saturday for a ten days outing in the mountains. They will fish the Clackamas from the mouth of the South Fork to the Oak Grove and anticipate landing plenty of trout.

The latest names to be added to the Ford automobile register are Mrs. A. C. Gerber of Viola and G. R. Crawford of Garfield, both of whom recently purchased machines from the Estacada agent, J. W. Reed.

A delightful dancing party was held last Saturday evening at Log LaBarre. About a dozen couples from Estacada, Cazadero and Garfield motored out to that popular resort, where the evening was spent with dancing, followed by ice cream and cake.

W. F. Cary of Estacada returned Monday from a few days spent at the Astoria Regatta, where he was instrumental in rescuing Mathoit of the "Vogler Boy," the racing boat which sank.

New Location Sept. 15th

Work is rapidly progressing in the remodeling and painting of the I. M. Park building on the corner of Broadway and 2nd Sts. Park & Closner, the enterprising Main St. merchants expect to move into the building about Sept. 15th with their present and enlarged stock of merchandise.
