# The Best

Is the cheapest in the long run  
**Dodge Bros Automobiles**

have the best of materials, workmanship, and comfort. You start everything—the engine, lights and car—from the seat. A starter that starts, lights that light and only a slight finger press does it. They climb any hill and go up to 60 miles. The DODGE BROS. have millions back of them and are the oldest automobile part mfgs. in the U. S. The DODGE has been tried out under all severe tests for two years before being put on the market. REMEMBER that TIMKEN BEARINGS are on the best cars made and the Dodge has them throughout.

A demonstration anytime gladly given.

## Clackamas Garage

Estacada, Oregon  
J. R. Morrow, Prop.

### Pastor Leaves

The many friends of Pastor C. B. Rees were sorry to see him conclude his term of service at the Estacada Methodist Church last Sunday.

Mr. Rees, accompanied by Will Dale and Owen Smith in the latter's car, left Monday for Roseburg, where Mr. Rees will attend the conference and Mr. Smith will represent the local church as a lay delegate.

Too much credit cannot be given to the small band of church workers who successfully raised the balance due on the pastor's salary, before his departure. Old pledges were collected and the balance gladly subscribed by those men and women who are always practising unselfish Christian principles.

### Services at Home

Until further notice, the Church of the Latter Day Saints will hold their services in the homes of their members, instead of in their former quarters on Main and 2nd Sts.

### Regarding News Items

The Progress is continually in receipt of news items sent in by unknown correspondents, all of which are of news value, but owing to the sender refusing to sign his or her name to the item, it cannot be published. As has been explained before, the Progress cannot publish a list of those present at social or other functions, for if this rule was not lived up to, the paper would each week look like a copy of the Estacada telephone directory and few readers would be interested in reading the lists.

We ask all readers to feel free to write or phone in news items of all kinds, as the local correspondents and the editor are not able to keep in close touch with all sections, but the name of the sender must be known here, altho the name will not appear in the paper.

Leroy D. Walker and L. A. Brandes of Portland were in Estacada last Wednesday attending to some matters pertaining to the Estacada State Bank, of which they are officials.

### Estacada Won As Usual

While not especially proud of the distinction earned, it is some satisfaction to know that an Estacada man came out on top, according to a report in the Molalla Pioneer of last week.

One of the Estacada boys landed in the peaceable settlement of Molalla with a regular jag on and proceeded to talk about cleaning the town.

Naturally he didn't have to look far for his fight and after knocking his adversary down three times in succession, said adversary planted a rock between his Adam's apple and his left incisor, inflicting a painful wound, necessitating a doctor bill of \$5., a Recorder's fine of \$15. and an order to beat it towards home, which he did.

### C. I. C. Dance

The first C. I. C. dance of the season will be held next Friday evening, Sept. 24th, at the Estacada Pavilion. Dancing will begin at 8.30 P. M. and continue until 2 A. M.

An innovation in the supper line is promised, with the far famed C. I. C. chicken tamales served for 25c.

Good music and a good time is assured and everyone is invited. Tickets \$1.

### Game Violations Reported

The authorities are investigating the reported game law violations in this territory, especially in the Currinsville section, where unlawful shooting of pheasants and quail has occurred.

To date, no strict enforcement of the hunting laws has occurred in this vicinity, but the authorities promise to make an example of the next violator.

The open season for China and Native pheasants opens October 1st and there should be good sport during the open season, judging from the number of birds around the nearby farms, but if unlawful shooting occurs before the season opens, the law abiding sportsmen suffers.

Lester Hale of Currinsville, who was operated upon last week for appendicitis is reported to be getting along finely.
