## The Best

Is the cheapest in the long run  
**Dodge Bros Automobiles**

have the best of materials, workmanship, and comfort. You start everything—the engine, lights and car—from the seat. A starter that starts, lights that light and only a slight finger press does it. They climb any hill and go up to 60 miles. The DODGE BROS. have millions back of them and are the oldest automobile part mfgs. in the U. S. The DODGE has been tried out under all severe tests for two years before being put on the market. REMEMBER that TIMKEN BEARINGS are on the best cars made and the Dodge has them throughout.

A demonstration anytime gladly given.

### Doc Says

After an absence of three weeks, Dr. and Mrs. Adix returned from a trip through California.

The San Francisco, San Diego and Tijuana fairs were visited. The last mentioned place being in Northern Mexico.

Medical clinics in the best hospitals in San Francisco and San Diego were attended by the doctor, there being eminent physicians from all over the United States on professional and pleasure trips.

California has thousands of miles of hard surface pavements and the original levy was over \$15,000,000 by this state alone, for its hard surface highways. That this has been a profitable move is demonstrated by the fact that another levy will be made soon and from the benefit to the state and farmers, it seems to be popular. One automobile has been seen hauling a load of produce to market with two to four loaded wagons attached. The marketing facilities are therefore increased greatly and the farmer is gainer as much as the tourist.

Irrigation is the best asset in many parts of California. Crops grow abundantly with water but where no water is present make a poor showing.

While California is a wonderful state, Oregon looked good to us, especially when the green trees and pastures again were to be seen as nature makes them.

### An Appreciation

The members and friends of the M. E. Church met at the parsonage Friday evening and tendered a reception to the new pastor and wife. Rev. and Mrs. Henry Spiess. After a pleasant evening and the guests had departed, the pastor's wife found many things to enrich her larder.

The pastor and wife desire to herewith express their appreciation.
