

# ESTACADA PROGRESS

Devoted to the Interests of Eastern Clackamas County

VOLUME 9, NUMBER 5

ESTACADA, OREGON, THURSDAY, OCTOBER 21, 1915

Oregon Historical Soc. EAR  
207 Second St.

## WON IN THE LAST 8 MINUTES E. H. S. Defeats St. Johns 14 to 12

The biggest crowd of enthusiastic rooters that has attended a foot ball game this season, got a \$1 run for a 25c ticket at last Saturday's game, between the James-John High School team of St. Johns and the Estacada foot ball boys.

To name Estacada's star would be to show the entire line-up from Wagner, Denny, and Dale behind the line to the boys who formed the stone-wall itself.

The Jimmie-Johnies were captained and generated by a Chinese athlete, who played quarterback and all hats were taken off to this heady, snappy player, but for whom the team would have offered little opposition, although each man played his individual part well.

The local boys probably were a trifle heavier than their opponents, but this added weight was not what won for E. H. S., but regular old fashioned hard line plunging.

At the outset of the game, Estacada carried the ball to within a few yards of their goal by a series of line plunges, then changed tactics and attempted a pass which resulted disastrously, their opponents getting the ball and until within about eight minutes of the end of the game, had possession of the pig-skin the majority of the time, making big gains and 12 points by expertly using the forward pass and other trick plays.

Soon after the beginning of the last quarter when Estacada's chances were as good as a fern in a Garfield apple orchard, the home gang got hold of the ball and by line plunges, coupled with a fair break in luck, ran it through for a touch-down with the goal kick added, leaving the score 7 to 12. The second touch-down with its well kicked goal followed rapidly and among the cheers and yells of the students and townspeople, the St John's boys were defeated.

This was Estacada's first opposing team which expertly played the open game of football with trick plays and well aimed passes and they came near meeting defeat. Had the game been played in the rain or with a wet ball, St. John's wonderful offense would have utterly failed. Estacada must practice a defensive system to offset Saturday's style of offense and furthermore must be

## Council Meeting

The Estacada City Council met in special session in the City Hall last Tuesday evening and completed the details of the city and special road budgets, and discussed the adoption of better book-keeping methods for the offices of Recorder and Treasurer.

The council investigated the reports current in Portland papers regarding the accident to Estacada City Marshall A. G. Ames last Saturday and after listening to testimony from Marshal Ames and others, decided to prefer no charges against him, unless further investigation discloses sufficient grounds. According to Mr. Ames account of the accident, he was in no way to blame and two similar ones have occurred in the same place, one previous and one since.

He furthermore states that he was not intoxicated and the testimony of others substantiates his claim.

## Sister Cities Day

The Manufacturers' & Land Products Show has designated Tuesday, Oct. 26 as "Sister Cities Day." The Sister Cities being, Oregon City, Vancouver, Linnton, Estacada, Gresham and Oswego.

Local people are invited to attend the show on this day.

more on the alert for double passes, fake and trick plays, and incidentally supplement their strong offensive game with similar tactics.

Estacada is handicapped by not having a second or scrub team to practice against. It would be great sport for all concerned if some of the boys of Estacada would organize a scrub team and give the high school boys a good scrap with its consequent real practice.

Bob Morton of E. H. S. '13 refereed the game well and with the aid of linesmen Guthrie, Somers and St. Johns representatives handled the game in a good sportsmanlike manner.

E. H. S. will play Milwaukie on the Estacada grounds next Saturday afternoon and everyone should attend this contest. Many people have not attended these games because they do not understand the game of foot-ball but even without a technical knowledge of the game, they will thoroughly enjoy the sport and incidentally help the student athletic body to make both ends meet financially. Remember a winning team for Estacada is as good and cheap an advertisement as the town can have.

## DID YOU RESERVE A SEAT Livestock Luncheon Promises Crowd

From present indications there will be from 60 to 100 livestock growers from this part of the county, as the guests of the P. R. L. & P. Co. at the luncheon and meeting to be held at the Hotel Estacada next Saturday noon.

With the cooperation of the young ladies in the telephone office, the Progress has already received reservations from the majority of the stock growers in this vicinity.

In order that Mine-Host Laury of the Estacada Hotel may know how many guests to figure on, it was necessary that reservations be made by Thursday evening. In as much as but a few women have expressed a desire to attend this meeting, it has been decided best to make it a "stag affair", as the presence of some of the fair sex might prove too strong an attraction to some of the growers and the business of the meeting would be lost sight of. All growers should bring their families to town on Saturday anyway, as the moving picture show will be open as usual and the merchants will still be at their regular stands.

## Harvest Festival

The Harvest Festival in the Springwater church last Sunday was well attended by a happy and grateful throng of people, which filled the edifice to overflowing. The music was well appreciated and the chorus under Mr. David Horner's inspiring direction sang two great chorus works of Hayden and Handel: "The Heavens Are Telling" from the "Creation" and the "Hallelulah Chorus" from the "Messiah."

Mr. Fred Horner's solo from the "Messiah" was listened to in rapt attention.

The morning sermon was preached by Rev. C. F. Aue, the pastor, and the afternoon sermon by Mr. Walter Givens of Estacada.

Everything, including the dinner, was excellent.

## Hog Prices Better

With the price of pork 65c higher than ten days ago, Buyer Lucke is meeting with success in purchasing hogs in this vicinity, having shipped one carload Wednesday morning and contemplates making another shipment Monday.

## Instructive Parent-Teachers Meeting

Last Thursday afternoon's meeting of the Parent-Teachers' Assn. at the Estacada school was especially well attended and the 35 or more present were well repaid with the fine program, which had been arranged by Mrs. Maud Graham.

Dr. Meier of Portland was the leading speaker, her address dealing with "School Hygiene" and in the course of her talk, she plainly pointed out to the assembled mothers, their duty and the care which they should exercise over the health of their children, in detecting adenoids, defective hearing, etc.

The musical program included a solo by Mrs. Claude W. Devore and four beautiful violin duets by Mr. and Mrs. C. F. Aue.

A part of the program consisted of a feature rendered by the pupils of Mrs. Graham's class.

Dr. R. Morse of Estacada conducted an interesting and instructive "question box".

The next meeting will be Thursday, November 11th. The topic will be "The Study and Appreciation of Pictures as Taught in the Grades". The program will be in charge of Miss Wash.

The club meets the second Thursday afternoon of each month in the auditorium of the school, and is arranging to have a series of lectures delivered to the mothers by Miss McQuaid of the school faculty, covering the subject of home making, including cooking, millinery work, home decoration, etc.

As a suggestion, the Parent-Teachers Association could not father or rather mother a more important undertaking than the establishment of a public kindergarten in connection with the local schools.

## Feature Films

As advertised elsewhere in this paper, Mgr. Sparks of the Estacada Family Theatre has completed plans for the showing of the famous Kleine-Edison Feature Films, every Wednesday evening, beginning October 27th. For some time past there has been a desire expressed by the "movie fans" of Estacada and vicinity for high grade feature pictures and Mr. Sparks has gone to a heavy expense to satisfy this demand and trusts that the public will back him up by regularly attending.
