Jas Linn of Currinsville, who last week received a kick from his Ford crank resulting in a broken wrist, is not letting the accident interfere with his driving the car, although he possibly can't help with the family washing, as a good husband should.

Fred Bartholomew of Estacada returned this week from a few days business trip in Seattle.

Miss Helen Ross of Portland is the guest of Miss Ednah Deming of Garfield for a few days.

## County Sunday School Convention

The Progress is in receipt of the program for the Twenty-Fourth Annual Convention of the Clackamas County Sunday School Association, which will be held in the M. E. Church at Molalla, Friday and Saturday, November 12th and 13th.

This program is too lengthy to reproduce herewith, but it holds forth the promise of an interesting two days session, to which all are invited and it is hoped that Estacada will be well represented. In ending the program reads—"Bring your Bible, note book, pencil, Sunday School report and yourselves."

## Cape of Good Hope.

The Cape of Good Hope lies at a considerable distance from the end of South Africa and is, in fact, the middle of the three promontories, severally inconspicuous, which jointly terminate a slender peninsula some twenty miles in length forming the barrier between False bay and the Atlantic ocean on the west. These three headlands, lying near together and commonly undivided on a map of moderate scale, are locally designated Cape Point. It was here that Bartholomew Diaz first encountered in full force the prevalent south-easterly gales and denounced the rugged, threatening, three-fold promontory under the sounding appellation of the Cape of Storms, to be afterward rechristened by pious, trustful hearts the Cape of Good Hope.

## Pairing in Legislatures.

The custom of pairing in the house of commons originated in Cromwell's time. "Pair off" is the phrase used to signify that two members of a legislative body of opposite political opinions agree to absent themselves from voting for a certain period. By "pairing" in this way they neutralize each other's absence. The whips of the house generally manage to find "pairs" when, for any reason, members desire to be absent temporarily.

## County Will Pay For High School Work

There are seven standard high schools in Clackamas county, at Oregon City, Colton, Canby, Milwaukie, Molalla, Estacada and Sandy, that will share in the high school tuition fund law. All tuition pupils attending these standard high schools will have their tuition paid by a tax on all of the property in Clackamas county, with the exception of that property situated within the boundaries of the high school districts.

The Progress editor had hoped to attend the annual session of the Oregon State Editorial Association in Salem, Nov. 5th and 6th, where he could meet some real live editors and newspaper men, but owing to press of more important matters, such as Stockyards excursions, collecting subscriptions and the like, has had to give up the trip.

The editor's 2 year old son, John Hubbard Standish, is suffering from a mild attack of the mumps.

## Preaching Services

Preaching services will be held in the Currinsville School House Sunday, Nov. 7th at 2 P. M. by the Latter Day Saints. Everyone cordially invited.

Supervisor Hunt of Road District 49 has installed a larger and later type of crusher in the lot near Hayes Mill in Garfield, to replace the smaller crusher which was removed a few weeks ago. This latter installation will probably be a permanent one.

J. R. Morrow of the Clackamas Garage of Estacada has installed a large vulcanizer, for the repair of auto tires. This needed equipment should help keep more of the local money at home.

**YOU** bet the cops are wise to the little chew that satisfies—with a nibble of *the Real Tobacco Chew* tucked into their cheeks they are happy on their beats. No bunches to disfigure the face. The little chews mean the pouch lasts a long time and saves coin.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

ASK YOUR DEALER FOR W-B CUT CHEWING TOBACCO. IT IS THE NEW "REAL TOBACCO CHEW"—CUT LONG SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is *The Real Tobacco Chew*. That's why it costs less in the end.

The taste of pure, rich tobacco does not need to be covered up. An excess of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

Notice how the salt brings out the rich tobacco taste.
