THE OLD CLIPPER SHIP.

Now Almost Vanished. She Was Once Queen of the Seas.

In memory of the ship W. P. Frye. John Gould Fletcher writes in the New Republic a eulogy on "clipper ships," now almost vanished from the seas.

"Sometimes the lookout on a great steamer wallowing and thrashing through the heavy seas by night sees far off on his lee quarter something like a lofty swinging light. Beautiful as a tiered cloud, a ghostly clipper ship emerges from the surges that keep running away before day on the low Pacific shore. Its upper works are kindled by the sun into shafts of rosy flame. Swimming like a duck, steering like a fish, easy, yet dry, lively, yet stiff, she lifts cloud on cloud of crowded, stainless sail. She creeps abeam within hull, she skips, she chases, she outpaces like a mettlesome racer the lumbering teakettle that keeps her company. Before she fades into the weather quarter the lookout cries: 'Holy jiggers! Are you the Flying Dutchman, that you go two knots to our one?' Hoarsely comes back this answer from the sail: 'Challenge is our name, America our nation, Bully Waterman our master. We can beat creation!'"

"And its way, Rio.
Way-hay-hay, Rio.
Oh, fare you well, my pretty young girl!
For we're bound to the Rio Grande!"

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

Mr. and Mrs. Walter Snuffin, of Garfield, returned home Saturday, from Dufur, after an extended visit at the home of Henry Epperson, who formerly resided in Garfield. Both Mr. and Mrs. Snuffin were glad to get back home where the rain is preferable to a foot of snow, with corresponding coldness.
