Carries 732,208,450 Persons

The P. R. L. & P. Co. may well be proud of the record which they are now giving publicity, of having carried 732,208,450 persons on the cars of their city and interurban railway system in the past nine years, with not a person killed on their cars.

Nursery Stock Inspected

County Fruit Inspector, P. F. Standish of Garfield, was called to Ardenwald this week, to pass inspection on a large shipment of nursery stock, which is to be sent out of the state.

Mr. Standish is constantly called upon to inspect similar shipments from nurserymen in this county, among them being the O. W. Failing nursery of Garfield, and several nurseries near Canby and Molalla.

Career of the Levelers.

Levelers first appeared in Germany. Two men, Munzer and Storck, taught that distinctions of rank violate the rights of mankind. This was in the sixteenth century. At the head of 40,000 men Munzer commanded the sovereign princes of Germany and the magistrates of cities to resign. His followers ravaged the country until one of the German overlords defeated them in battle. Their leader was beheaded.

A party of Levelers appeared in England in 1647, where they became powerful in parliament. They determined to level all ranks and establish an equality of titles and estates throughout the kingdom. About this time Cromwell departed for Ireland. The Levelers raised mutinies in various quarters. Cromwell put them down in 1649 and imprisoned their leader.

A party of Levelers appeared in England during the French revolution. A "loyal association" was formed against them, and their efforts brought no results.—Kansas City Star.

Floating a Loan.

"I want to see if I can't borrow a little money from the Brokers and Stokers' bank."

"Well?"

"What sort of man is the president of it? Is he one of these fellows who are impressed by a rusty suit, or does he think a man is a good risk who affects loud vests and gay spats?"—Pittsburgh Post

Mr. Herman Ross of Seattle, spent the Christmas week-end at the home of his cousin, Mrs. H. G. Trowbridge of Estacada. Mrs. Ross and daughter, who arrived a few days prior, will remain for an extended visit. Mr. Ross left Monday for Seattle to attend to business matters.

Enjoyable Christmas entertainments were held last Thursday at Viola, one being in the school house in the afternoon in charge of Miss Myrtle Woodle and one occurring in the church that evening.

L. H. Stone of Fairview was an Estacada business visitor Monday, in the interests of the O. A. C. Glee Club, which held a concert at Gresham, Thursday the 30th.

Owing to lack of space, the Progress is unable to chronicle the full list of parties now ill, as owing to the past Christmas feasts, coupled with an epidemic of la grippe, tonsillitis and colds, too many people are temporarily on the sick list.

Guy Wilcox of Springwater, has rented the I. G. Wolf property of 40 acres, which he will operate in connection with his nearby farm.

Mr. and Mrs. Lee Wills of Fairview, Oregon are spending a few days this week at the home of her parents, Mr. and Mrs. R. J. Palmateer of Garfield.

The George Commercial & Social Club, last week added to the equipment of their comfortable club house, a new organ.

Commissioners Walk Few Miles

County Commissioners Knight and Mattoon, were Estacada visitors bright and early Thursday morning, Commissioner Knight having arrived on the early car, regardless of the cold.

After warming up in the Progress office, which is always open for the "early birds", they proceeded to hike to Lower Garfield, preferring the walk, to a ride in the cold, to act in the capacity of mediators in the settlement of a drainage ditch altercation, of several years standing.

The editor takes off his hat to any or all commissioners who will hike out into the country, bright and early, on a cold frosty morning, to investigate and arbitrate, where a certain ditch of ice cold water shall flow. Most county commissioners would have let said ice cold stream meander hither and yon, until warm weather came, at least.

The amount of energy already expended in words over this little stream of drainage in the past three years, if applied to the working end of a shovel, would have effected proper drainage for a stream the size of the Clackamas. But it is to be hoped the county's highest tribunal has settled it for once and all.

THE GOOD JUDGE GIVES FIRST AID.

JUDGE, THAT FELLOW CAUGHT ME OFF MY GUARD-- HIT ME IN THE EYE AND STOLE MY POUCH OF W-B CUT-- THE NEW CUT REAL TOBACCO CHEW.

THEN TAKE SOME OF MINE AND YOU'LL BE ALL RIGHT SOON.

COME ups, come downs, the quality of W-B CUT Chewing—the Real Tobacco Chew, new cut, long shred, is always the same. Rich tobacco means less grinding, less spitting, a better chew, a longer chew—and a small chew takes the place of the big wad that men had to put up with in the ordinary kind.

Get a pouch. Give it a quality test.

"Notice how the salt brings out the rich tobacco taste"
