

Council Meeting Items

The Estacada City Council met in the office of Recorder Devore, last Tuesday evening and disposed of considerable business, besides considering a number of other important matters.

After auditing and ordering current bills paid, the Street & Public Service committee, was authorized to close a contract with the P. R. L. & P. Co., for the city's future lighting.

Inasmuch as the sewer, in the alley adjoining the M. E. Church, was found to be about 18 inches higher than shown on city's plats and too high to handle the drainage from the church, the council agreed to stand the additional expense necessary to carry the church's sewer connection to a point low enough to furnish proper flow.

N. C. Jannsen, a well digging and drilling contractor of St Johns, presented to the council an estimate of the cost of installing a driven well, to supply Estacada with its future water supply.

Mr. Jannsen's proposition was of interest to the council and a committee was appointed to obtain further information from other cities using similar water, as to the cost of up-keep and other items.

There will probably be a special meeting held this month, to take action in connection with certain sidewalk ordinances that have not as yet been conformed to.

Springwater Grange Installs

Installation of the officers of the Springwater Grange took place last Saturday, the installing officers being Mrs. Ed Bates, assisted by Mr. Bates of Estacada, both being past masters.

The officers installed, comprised the list shown in the December 23rd issue of the Progress.

Three candidates were also initiated into the 1st and 2nd degrees and seven in the fourth. A splendid dinner was served to about 40 members.

H. M. Patton who recently sold out his Springwater holdings and went back to Pennsylvania, his native state, has returned to Springwater, but has not as yet located permanently.

Communion services were held in the Springwater Church last Sunday, and a splendid sermon was preached by Rev. Aue on the Lord's Supper.

Mrs. Maud Dittebrant and twin daughters, of Portland, spent a few days this week visiting at the home of her sister, Mrs. E. W. Bartlett of Estacada.

Mrs. Owen Eblen of Klamath Falls, is visiting at the O. O. Bland home in Estacada.

Dog Wrecks Store

The 65 pound dog belonging to Ed Hunt of Estacada, was overlooked Wednesday evening, when Marchbank's store was closed for the night, but he was much in evidence the next morning, when on opening up, assistant Clyde Havens discovered not less than \$20 worth of candies, soft drinks, tobaccos, fruits and broken glass scattered around.

Apparently the hound, in his anxiety to be with his master, became careless in his footing, besides having chewed up over a yard of linoleum near the door.

There will probably soon be special bargains offered, one being fancy-dog-mixed-confectionery-tobacco-flavored; the other being one dog.
