There is no better dairy feed than this when fed with Dried Beet Pulp. Also a car of Shorts which I bought before the market advance of \$1.50 per ton and I am giving you the benefit of the old price, while this car lasts.

The Hog market is advancing rapidly and I believe that now is the time to begin feeding those pigs that you have neglected so long, because of market conditions.

**Baby Nursery Innovation**

As usual, it takes eastern Clackamas people to start the ball a rolling along novel and unique lines, the latest innovation being the proposed baby nursery in connection with the Estacada M. E. Church.

Many parents would attend divine services but for the nuisance to themselves and others, of having little children with them. But this excuse will no longer be acceptable, for the high school girls, comprising the Invincibles Sunday School class, have agreed to act as nurse girls during the church hour each Sunday, taking charge of and entertaining the youngsters, while the parents are attending services.

Elsewhere in this paper appears the notice of the retirement of S. P. Waterbury from the Estacada firm of Waterbury & Chapman. In the retirement of Mr. Waterbury, the store's patrons will miss his cheery greetings and kindly service, but his many friends are glad he is able to drop out of the harness and enjoy his remaining years in ease, and they also wish Mr. Chapman success in his conduct of the business alone.
