### PARK & CLOSER

Broadway at 2nd - Estacada, Oregon

#### Hereford Stock Bought

Henry Githens of Currinsville last week purchased an extra fine registered Hereford bull from a Brownsville stock raiser. Mr. Githens contemplates the purchase of three similarly well bred heifers.

#### Correction

An error appeared in the last issue of the Progress, in stating that Mr. H. Joyner was a candidate for the presidency of the George C. & C. Club, as we are advised since that he was not.

While several additional cases of scarlet fever have developed in the Eagle Creek section, among them being the two little children of Jas Menane, all the sufferers, including B. F. Cogwell's daughter, are reported to be getting along nicely.

But for the heavy snow, a fire which started in the tankhouse on the Viola Douglass farm Sunday night, might have spread to adjoining buildings. The blaze, which had probably been caused by attempts early in the day to thaw out frozen pipes, was discovered and extinguished in time to save all but the roof of the building.

## Chevrolet

(pronounced Shev-ro-lay)

The fastest and most powerful, 2 and 5 passenger automobile ever produced under \$700. The celebrated "VALVE IN HEAD" motor. Electric lights, bright and dim; self starter (that starts every time); electric horn; everything used in an expensive car. The best value in a modern priced car ever given. Extra rim and demountable wheels. Average 25 miles to a gallon of gasoline.

THREE SPEEDS FORWARD. No car FULLY EQUIPPED, is near this in price.

Completely Equipped  
"The Product of Experience"  
On the market three years  
Unequipped - \$585.  
**\$675. Price in Estacada**  
Clackamas Garage - Estacada, Oregon.

#### Does Estacada Want Fast Basketball?

Overtures were made this week by Mgr. Edgar Horner of the crack Springwater basketball team, to form an Eastern Clackamas basket ball team, to play in Estacada, where they would meet the fastest teams of Portland and the state.

Mgr. Horner interested the Progress in his proposition and it looks as though the maintaining of such an organization here, would be a big benefit to the town and advertisement for the community.

It was suggested to start out with a line up of such well known basketball warriors as Edgar, Fred and Harold Horner of Dodge and Bob Morton and Milt Evans of Estacada, with such good men as John Closser, Sylvester Lawrence and others, as substitutes. If Eastern Clackamas could be represented with a team such as that, it would furnish a lot of good sport for the public.

It would cost about \$15 to stage each game in the Estacada Pavilion and a bunch of local men should be gotten together who will guarantee these expenses, for an attendance of 60 people per game, would pay the bill.

Owing to unsettled conditions, Earl Kilgore of Springwater cannot play.

#### Wednesday Feb. 9th Show

Next Wednesday evening's show at the Family Theatre will be a 5 part Edison Drama featuring Viola Dana in the "Children of Eve."

#### Ejectment Suit Won

In the case of Walter Lemon of Garfield vs S. P. Pesznecker of Estacada, which came up before Justice Devore last Friday at the Estacada City Hall, the jury rendered a verdict in favor of the plaintiff.

The case was the outcome of the lease of the Lemon farm, resulting in the owner obtaining an ejectment of the defendant from the premises.

Attorneys Bartlett of Estacada and Woerndle of Portland, represented the plaintiff and defendant respectively. The jury comprised Messrs Wooster, Lovelace, Jones, Zobrist, Havens and Finch.

The Feb. 1st market report of the Portland Stock Yards, quotes top hogs at \$7.60.

### THE UNITED STATES CREAM SEPARATOR

Seven Strong U. S. Features—Examples of a vast difference between the U. S. and other cream separators.

- (1) Small bowl—very easy to run.
- (2) Nickel Silver Skimming Device—the only guaranteed non-rusting skimming device.
- (3) Easy Mechanical Washing—brushes and brushing almost needless.
- (4) Sanitary Bowl Chamber Liner—milk never comes in contact with the iron frame.
- (5) Automatic Cut-Off—impossible for milk or water to penetrate into the gear chamber.
- (6) Gears—strong, medium sized. (Drive Gear not too large, Pinion Gears not too small) quiet running, will wear indefinitely.
- (7) Closest skimming—the U. S. Holds the World's Record.

Call, telephone or write, and we will bring one out.
