**Free W. O. W. Entertainment**

Eagle Creek Camp No. 539 W. O. W. will give an entertainment Saturday evening, Feb. 12th, comprising a side-splitting comedy, entitled "Millions In It." A number of other laughable stunts will be pulled off, followed by "eats" for everyone. Remember, this entertainment is free and everyone is invited.

**E. H. S. ECHOES**

Clyde Denny Managing Editor  
 Veneta Page Local Editor  
 Lewis Jones Sporting Editor

At the regular meeting of the Student Body, several subjects of considerable importance were discussed. A new system of awarding "Es" was adopted, in which the athletic "Es" were to be made six inches long and fancy, while those for debate and oratory are to remain Old English style, as before.

A 15c rate was adopted for all members of the Student Body. For the rest of the semester, anyone holding a student-body receipt, may witness any event given under the auspices of this organization, for 15c.

Dont forget the Willamette Quartette concert to be held in the High School assembly next Friday, February 18th., 1916. The program will consist of Plantation melodies College, songs, Readings and Instrumental selections. One and one half hours high class entertainment for only twenty-five cents. Special rates for children fifteen cents.

The debate to occur on February eleventh has been postponed to February twenty-fifth on account of sickness of one of Jefferson's debaters.

**Timber Wanted**

The Progress is in receipt of a letter from Portland parties, as follows:—

"We have an inquiry for a tract of land with sufficient timber to cut 250,000 hewn ties and at what price stumpage could be purchased. Kindly advise promptly if there is anything in your vicinity that could be secured and at what price?"

Eastern Clackamas timber owners should land this order and in order to do so, the Progress wishes to have every party in this section, who has any timber suitable for hewn ties, advise this office.

Inasmuch as the average tie, means about 40 feet of lumber, it is not likely that a single piece of timber containing 10,000,000 feet could be found here, but by combining tracts, it should be possible.

The locating of this order, with its immense amount of labor, would prove a valuable asset to this country and a stimulus to local business. By combining forces it should be possible to interest the parties desiring this timber and this appeal should meet with early answers from all interested.

**Correction**

The list of members elected on the Board of Directors of the George S. & C. Club, as shown last week, did not include the name of Peter Rath and is hereby corrected.
