

THE GRAIN MARKET Is fluctuating

So we cant quote prices far in advance—

But THE VOTE MARKET Is Steady

Remember You Get 100 Votes For \$1.00

We want to impress on you, the money to be saved in buying

Your Groceries in Quantities

And before you ever even think of placing your order for **GROCERIES** out of town—

Call And Let Us Figure On It

Its our business to land your order and we can do it.

We handle a complete line of **GRAIN, HAY, FEEDS, GROCERIES, ROPE, PAINTS and OILS, GARDEN and FIELD SEEDS.**

Our stock is complete in every one of these lines and we want to serve you.

On \$10.00 worth of Groceries you get **1000 votes**, and in every case you have gotten a dollars worth for a dollar in trade. The votes cost you nothing, because this contest is on the square and we are not going to raise our prices enough to make you pay for the prizes. We want you at all times to compare our prices with those quoted you elsewhere.

Our policy is "For Every Dollar A Dollars Worth".
