Coming—The Dance Of The Season

An all-night dance, with a bountiful supper served at midnight, will cap the climax of the season's dances, when the C. I. C. give their next party, at the Estacada Pavilion, Monday evening, February 21st.

This affair, coming the evening before a legal holiday, should bring out a crowd, for Bronson's orchestra will furnish the music and with Mrs. Bob Currin at the head of a committee of five ladies, a success is assured.

Dont forget—it is for next Monday evening—at the Estacada Pavilion, with dancing from 9 to 3 and everyone is invited to join the crowd. Tickets \$1. as usual with ladies free.

E. H. S. ECHOES

Clyde Denny Managing Editor
Veneta Page Local Editor
Lewis Jones Sporting Editor

KAZFEMA - seems to be a rather secret part of the French Carnival, but the editor has been informed by the managing person that Kazeema has been ordered and is on its way to the play-shed where it may be seen March 10.

The big event of next week will be the debate between the Woodburn's negative and Estacada's affirmative teams. This will be held in the Assembly Hall on February 25th at 7:30 o'clock.

Dont forget the annual entertainment on Feb. 22nd. The main speaker of the day will be a University of Oregon man, who will speak from 11 until 12 o'clock, on the subject, "The Life of Washington" A Parent Teachers meeting will be held in the afternoon.

The E. H. S. basket ball team lost a hard fought game to the Springwater five last Saturday night by the score of 28 to 15. The game was fast and the victory was not determined until the last few minutes of play.

Actual track training begins March 1 and E. H. S. expects to have about 25 candidates out for positions on the team. With all the letter men along with the new material we expect to have an excellent team which will come near landing the county championship.

Next Friday night the E. H. S. basket ball team will clash with the Oregon City High School at Oregon City. This is the first of a series of two games, the next game to be played at Estacada, Sat. Feb. 26. "Watch the old fight" against the County Seat-ers.

Buying More Registered Cattle

Henry Githens of Currinsville is spending this week at Brownville, Or., where he is purchasing some thoroughbred Hereford heifers. These fine animals will be shipped by boat and rail to Estacada, where they will be added to his herd, which is now headed by a fine registered Hereford bull.

Mr. Githen's purchases are coming from the famous herd belonging to Frank Cochran of Brownsville.

Supper Nets \$25.

The chicken supper, which was served last Saturday evening in the M. E. Church's new basement, netted about \$25.

It is highly probable that the ladies could have gotten off with less work and donations, had each member contributed her share in cash, but the rest of us would not have profited by one fine supper.

Breaks Leg Twice

A few weeks ago, little Tommy McCabe of Eagle Creek, while at play, fell and broke his leg above the knee. Owing to the fracture having occurred in the fleshy part of the leg, it was only after considerable hard work that Dr. Adix was able to set the broken bones without the aid of the X-ray.

Last Wednesday, Tommy, who was able to be about on a crutch, slipped on a wet plank, fell and broke the leg again and may be permanently crippled as the result, notwithstanding the ability of the doctor to again join the fracture.

An informal dancing party was given last Friday evening at the George Club house and on Saturday evening a business meeting was held, at which time it was decided to issue "social memberships" for non-members who may desire to participate in the social enjoyments of the club.

Tractor vs Horses

Our SAMSON  TRACTOR

has not eaten a bite for over four months, we have looked it over and could not find any place for repairs, we turned on the switch and it started without any trouble. We have fed our horses well during the same time and a few days ago one horse took sick and died.

The Samson Model 15 is a good machine but the 16 models are better. The new small machine is a little heavier, has more traction, and several other new and effective points. If you are interested in the new Samson Sieve Grip Tractor, we will be pleased to send you Sieve Grip Siftings, if you so desire. Better still, we will be glad to wire your order to come in the next carload for Portland, which will be soon.

DODGE BROTHERS MOTOR CAR

Thousands of these cars have traveled thousands of miles, Winter and Summer, in all lands.

As a result, every dealer has accumulated a mass of interesting and impressive information. For example, they are constantly receiving reports from owners of the unusual economies in gasoline consumption, tire mileage and repair bills.

These owners' experiences are so much out of the ordinary, and indicate such a marked saving, that we are sure it will be well worth your while to inquire into them.

ASK THE MAN WHO OWNS ONE.

The motor is 30-35 horsepower
