

G stands for GIVENS GROCERIES and GRAIN

and we want to impress upon you the latter 2 items, Groceries and Grain and the fact that GIVENS expects you to let him figure on your order before placing it elsewhere.

It's our business to land your order and we can do it, if prices and good goods are essential.

We handle a complete line of GRAIN, HAY, FEEDS, GROCERIES, ROPE, PAINTS and OILS, GARDEN and FIELD SEEDS.

Our stock is complete in every one of these lines and we want to serve you.

On \$10.00 worth of Groceries you get 1000 votes, and in every case you have gotten a dollars worth for a dollar in trade. The votes cost you nothing, because this contest is on the square and we are not going to raise our prices enough to make you pay for the prizes. We want you at all times to compare our prices with those quoted you elsewhere.

Our policy is "For Every Dollar A Dollars Worth".

"A Satisfied Customer is the Best Advertisement"

DE LAVAL

Cream Separators

ARE TIME TESTED

Every little while you hear of some brand new cream separator, claiming to be a "world beater" and just as good as the De Laval but a little cheaper. These "mushroom" machines stay in the limelight only until they are "found wanting" by the the users and in a short time drop out of sight.

It takes years of experience to build a "good" cream separator. More than 30 years of experiments and experience have made the De Laval pre-eminently the best machine on the market for the separation of cream from milk.

If you buy a De Laval you run no risk of dissatisfaction or loss. It's time tested and time proven. Why experiment? Why take chances with an inferior machine when you know that the De Laval is the best machine for you to buy.

If you are thinking about buying a separator we will consider it a favor if you will permit us to set up a De Laval for you on your own place and have you give it a fair trial.

Votes Are Worth \$ \$ \$ Dont Pass Them Up

BERT H. FINCH

Estacada, - - Oregon

It Will Soon Be Time For You To Get Busy

You will need - In The Field -
PLOWs, HARROWs, DISCS, SEEDERS and GRAIN DRILLS
