"Your Satisfaction Is Our Success"

Celebrates 88th Birthday

About a dozen of the Currinville ladies were the guests of Mrs. E. E. Saling, Friday, February 25th at a dinner party given in honor of Mrs. Artemesia Saling, in celebration of her 88th birthday. Following the dinner, a quilting bee was enjoyed.

Noah Heiple of Currinville is building a new garage on his place and his brother Henry is erecting a new barn to house a fine team, which he lately purchased in Portland.

Preaching services will be held at the Garfield Memorial Church, next Sunday afternoon, at 3 o'clock.

Two Acres To Alfalfa

J. W. Moxley of Morrow Station contemplates a planting of two acres of alfalfa this year. While this may sound small to a farmer living in Eastern Oregon or in an alfalfa growing country, it sounds good here, for it means more experimentation with this valuable crop.

Mr. Moxley has been exceptionally fortunate in the culture of first class yellow dent corn and now has alfalfa well rooted on his land, which has been thriving for three years, not having suffered from winter killing.

Judging from the number of inquiries that have come in from local farmers who are willing to experiment in alfalfa culture, there is no doubt but that this section is willing to cooperate in any work, which will help lower the cost of pork or cattle production.

Exhibit Of Prizes

The window display of the East Clackamas Supply Company is this week attracting much attention, as about half of the space is given up to an exhibit of about a dozen loving cups, medals, a clock, watch fob and about a hundred prize ribbons, which have been won by Ed Shearer, the Garfield poultry expert, on his exhibits at the different poultry shows in recent years.

No More Snow Shoes

From now on, Noble McMillan, chief engineer of the P. R. L. & P. Co.'s farm crew on their Springwater ranch, will no longer cover the farm roads and mountain trails on horseback or on snow shoes, for he is the proud owner of a Ford touring car, purchased Saturday from the Estacada Garage.

Mac doubts whether he can drive it all the way to Timothy Meadows or the Hot Springs now, owing to the present condition of the trail, but by the time the trails are clean, he will make the run to Roaring River within thirty minutes or do the John Lovelace act into the foamy depths of the Clackamas.

More Cement Walks

Grade stakes were this week placed along the property lines of the I. O. O. F. and Park & Closner properties in Estacada and cement walks will be built within a few weeks.

The friends of Fred Gartner of Los Angeles, formerly assistant cashier of the Estacada State Bank, will be pleased to learn of his recent appointment as cashier of the bank at Oatman, Arizona, where he and his family are now living.
