What have you heard about the Carnival? The "French Carnival" given by the High School March 10th. It will be especially entertaining. Side attractions will be enjoyed by both old and young. Everyone should see "Kazemma" also hear "Black Patti"; the great African Prima Donna from Madagascar, sing and the newly organized High School band will play.

Domestic Science has proven a success in E. H. S. not only are the Junior and Senior girls learning to bake bread and wash dishes, but also scrub floors, varnish woodwork, nail down linoleum and wash windows.

The debates that were held Friday night were a success at both places, not in score, but in value received by the debaters. At Jefferson an affirmative team was courteously received and royally treated. Though the team met defeat there none of them regret the trip. The team states that whole city and school were back of their team and over \$40 was taken in at the door. Our negative team won from Woodburn by a 2-1 decision here.

Inspector Buys Machine

Last week, P. F. Standish of Garfield, purchased a Flying Merkel motor-cycle, which he figures will facilitate his work as County Fruit Inspector, as he is now working in the lower end of the county, where he is meeting with the support of all residents in cleaning up and spraying fruit trees.

The new machine is capable of high speed, but it is possible to push it along by hand, as the inspector has found out, having already walked a few miles back to a garage, to get the whang-doodle connecting with the thing-abob readjusted.

H. H. Tracy, formerly of the firm of Tracy & Givens of Estacada, is now in Kansas, where he will remain attending to business matters for a few months.

The Bert Chapman house on 2nd and Currin Sts., in Estacada is being improved with the addition of a large back porch, with the wood shed moved from the rear of the lot nearer the house.

Mrs. Ralph Cummings of Mosier, Or. spent a few days recently visiting at the home of her brother, Bert H. Finch of Estacada.

Givens Returns From East

Walter Givens of Estacada returned home Friday, after spending a couple weeks on a business and pleasure trip in Iowa and Kansas.

He reports prosperity evident everywhere in that section and brought with him a bountiful supply of optimism, and predicts early "good times" in Oregon.
