 "Your Satisfaction Is Our Success"

Barton Taxpayers Get Together

The Barton branch of the Eastern Clackamas Taxpayers League held a meeting at the school house, Saturday, Mar. 4th. Several questions affecting the welfare of Eastern Clackamas and the public at large were discussed and a plan was outlined whereby the Barton gravel pit could be operated successfully, without making any expensive changes in the plant as it now stands. A committee of five taxpayers was appointed to meet the County Court at the plant some day this week and submit the plan for their approval.

This committee and others will also attend the meeting at Cur-rinsville, March 20th and ask for the cooperation of Estacada and other sections in locating a suitable grade around what is known as the Boring Hill.

It is claimed that by making a slight detour (less than 1/2 mile) a much better road could be secured and it is further pointed out that there would be no use for the three roads crossing the creek between what is commonly

The Junior class is trying to make arrangements to give their play in the Logan Grange Hall, if satisfactory equipment for the stage, can be secured.

Next Friday afternoon, the 10th of March is the day set apart for the tug-of-war between the Freshmen and Sophomores. The winners having the privilege of flying their flag on March 17th.

The upper classmen have not decided on the place for the tug as yet but they will have a place by Friday.

The Junior class extends a note of thanks to all those who helped in any way to make the play a success. Those, who loaned furniture, costumes and furnished music, are especially thanked.

called "Swede Hill" and Boring, since this route would furnish a shorter and easier grade.

Much interest was shown in the work the League is engaged in and another meeting will be held soon.

To Light Halls

The demand for electric lights in the nearby rural sections, which owing to the cost of installation cannot be accommodated, should offer a good field for the activities of S. P. Pezneckner of Estacada, who has taken the agency for the Yale System of Lighting.

This system is based on gas generated from common stove gasoline, and may be installed either in a central piped system or in individual, portable lamps or lanterns.

Mr. Pezneckner is now lighting his place of business at a cost of 1/3c per hour, with a brilliant 600 candle power light. Through special arrangements with the manufacturers, he has a special lighting proposition to make to the first grange, church or other community organization, which is willing to consider better illumination for its building.

Gold Rooster Service

In the obtaining hereafter of the famous Gold Rooster films, for the Wednesday night performances at the Estacada Family Theatre, Mgr. Sparks is to be congratulated, as this means the local movie patrons are to be treated to the same high-grade photo plays, as are now shown at the popular Majestic Theatre in Portland.

Beginning at 7:30 sharp next Wednesday evening, will be presented the beautiful six reel American drama in color, entitled—

The Beloved Vagabond

adapted from the novel by Wm. J. Locke featuring Edwin Arden, supported by Bliss Milford and Kathryn Brown-Decker.

It is the tale of one Paragot, deprived in youth of his faith in Man; of his search for it throughout the land; of his sad return, and of something he found in a cottage.
