## Chevrolet

(Pronounced Chevrolay)

This powerful car was originated by Mr. Chevrolet, the great automobile racer. The famous motor was acknowledged to be one of the very best to withstand the hard usage on a race-track—where the motor must be on the greatest possible strain for hours at a time. That it has demonstrated its strength has been proven many times in the last three years. The motor must test out 37 horsepower on the factory block before being passed.

The mileage on gas is 25 miles and the tire mileage is very low.

Price in Estacada — \$675. — for 5 passenger

### Grown Ups Dress As Kids

Mr. and Mrs. J. W. Reed of Estacada entertained a number of friends Wednesday evening at a unique party, each guest dressing as they did at the age of ten years. The result was a comical spectacle of fat and skinny legged "Little Lord Fauntleroy's" and a bevy of as pretty, giggly and silly little girls, with short dresses, hair in ribbons and curls, as could be found at a children's party today. Children's games and refreshments comprised the evening's entertainment.

### Opens Auto Repair Shop

S. P. Pesznecker of Estacada is this week moving into the larger Hunt building on Main, formerly occupied by Park & Closner, where he is equipping the place for automobile repair work, with garage quarters for four cars.

Mr. Pesznecker is an experienced machinist and metal worker and should build up a good business in this location. His son, Steve Pesznecker, Jr., will be associated with his father, as he recently graduated from a six months course at the Portland Y. M. C. A. in automobile repair work.

Besides the repairs they will carry a line of parts and accessories, specializing on the Dodge and Chevrolet parts.

### His Double Loss.

"I've been robbed in that hospital!" shouted the loony ex-patient as he met a policeman.

"Who robbed you, and what did they take?" asked the policeman

"Why, one of the orderlies took my watch, and all the doctors took my temperature." — Baltimore American.
