

### The Sophomore

A clever play, dealing with college life, entitled The Sophomore, will be presented by the young people of Mrs. Devore's and Mr. Irvine's Sunday School classes, early in April.

The practice and rehearsing is now going on, under the supervision and direction of Mrs. Devore. The date for the presentation will be announced soon.

Supervisor Fred Lins of George, last week completed the dragging of the main road in his district from the church to the George bridge, rounding up the roadway in good shape, although this week's rains have softened up the grade since.

Mrs. Emily Lady and daughter Virginia, formerly of Estacada, but for the past two years, residents of Houston, Texas, have returned here, where they will make their future home.

Supervisor Frank Millard of Springwater with a crew, is putting the finishing touches on the Springwater Hill Road, having dressed the rocky road from the top of the hill, down to Dubois' Mill, filled in all holes and packed the roadway well with the steam roller.

Luther Henthorn of Estacada, at present janitor of the Estacada schools and up till recently, a partner in the Estacada Furniture Company, expects to move with his family to Eastern Kansas, as soon as school closes, where he will engage in farming.

Had Walt Givens, the Estacada speed demon, been travelling at more than 15 miles per hour, last Saturday, when his axle broke near Eagle Creek, this notice would have necessitated heavy black borders above and below. As it was, no harm was done, other than to the machine, coupled with a shake up for his passengers, Rev. and Mrs. Williams.

Frank Ewing of the railway company has ordered a big bill of lumber from Hayes' Mill of Garfield, and Allen & Samson of Estacada, and will soon build a new house and remodel the barn and other buildings on the company's farm, in Springwater.

Lillian Dale, the little daughter of Mr. and Mrs. Geo. Dale of Estacada, was severely bitten in the left cheek, by a dog, last week, necessitating cauterization and dressing by a physician.

O. W. Twombly of Garfield, left last week for Pasco, Washington, where he will remain for several months in connection with the sheep shearing work, at which he is an experienced hand.

### Parent-Teacher Association

Cheerfulness was the key-note of the March meeting of the Parent-Teacher Association, under the able direction of Miss Anderson. The speaker of the afternoon was Principal Guthrie, whose topic was "The Magic of Optimism". In addition to his inspiring talk, the following program was rendered:

- Piano Solo... Miss Erica Johnson
- Recitation..... Nova Smith
- "..... Helene Barclay
- "..... Retha Ames
- "..... Dorthy Eschleman
- Chorus, "The Joy-Killer"
- ..... 4th & 5th Grades
- A Love Story.... Miss Eva Wash
- Vocal Solo, "Smiles and Frowns"..... Mrs. Devore
- "The Key to Happiness"..... Miss Anderson

The meeting closed with the presentation of flowers and cheery quotations.

The next meeting, under the direction of Miss Welsh, will be held April, the thirteenth.

### George Residents Join League

At a meeting held last week at the George Club, twenty-two taxpayers joined the Eastern Clackamas Taxpayers' League, the list of names, having been this week recorded by the secretary of the parent association.

Had the weather and road conditions been better last Monday, a big delegation from George would have attended the regular League meeting at Currinsville.

### First Auto Through

J. W. Reed in an Oakland Six, has the distinction of having driven the first automobile since last fall, through the bad stretch of road, from Viola, down Clear Creek to Fisher's Mill.

Many of the nearby residents claimed no machine could make the trip at this time of the year, but last week, the Oakland, with two passengers plowed its way through sticky clay, axle deep, without any serious bother.

### Preparedness

At the Estacada M. E. Church next Sunday evening, Pastor Spiess will preach on the subject of "Preparedness", especially applicable to the Boy Scout movement, now underway.

Mrs. Sarah Palmateer of Garfield, spent last week at the home of her daughter, Mrs. Wilbur Wade in Currinsville.

The Garfield Dorcas Society met last week at Log LaBarre, where they were the guests of Mrs. H. A. LaBarre.

Mr. and Mrs. A. E. Sparks of Estacada, entertained a dozen friends last Friday evening at duplicate whist, followed by a dainty supper.

Owing to what appears to be another epidemic among the horses of Garfield, the services of a veterinarian were necessary, having been called Monday by Mr. Christman, who has a couple of ailing animals.

Mr. and Mrs. Will Wright and Miss Harriett Hill of Portland, were week-end visitors at the home of Mr. and Mrs. I. D. Wright of Estacada.

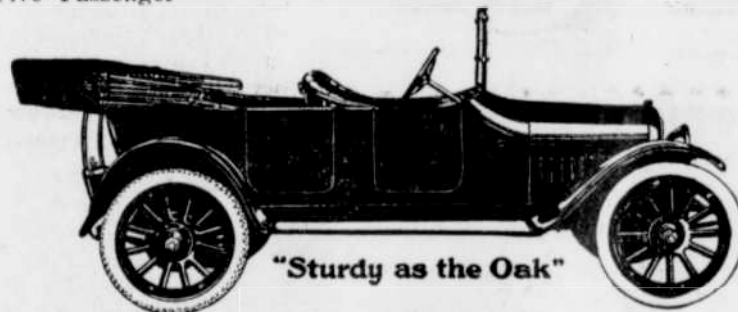

Chester Womer and Adolph Spiess of Willamette University, are in Estacada, where they are sampling mother's cooking during their Spring vacation.
