Last Friday afternoon the Sophomores lengthened their unbroken string of victories by winning the cross country run. Of the seven runners, Warren Mc Willis and Lewis Jones took first and second places respectively netting their class nine points. The third, fourth, and fifth places were taken care of by Ernest Smith, Robert Ewalt, and Albert Linns in the order named. The result was Sophomores 9, Freshman 4, Juniors 2, and Seniors 0.

The annual interclass track and field meet will be held on the athletic grounds next Friday afternoon. We are expecting a number of good records to be made as there are enough new men to make the old stars work for their places.

Mr. B. Vedder the County School supervisor visited the school on Monday taking charge of the teachers' training class, giving them a lecture on the difficulties of teaching in a country school.

Don't forget the Juniors are going to give their play in the Logan Grange Hall Saturday, March 25th. If you missed the original performance don't miss this last chance.

Everyone is invited to attend the Websterian program, Friday the 24th at 2:05.

The Websterians will entertain the Adelpheis at a party in the school house, Friday the 24th.

expenses, not believing that all of it would be used but that it would probably be needed to help out in emergencies that were unforeseen.

What the committee that was appointed to revise the estimates did in that case, is a matter of recent history. The estimate of \$3780, made by the County Court for its yearly expense and which was really somewhat larger than was necessary, was reduced to \$2320 by the committee and in consequence, Clackamas county can boast of having the cheapest County Court in the state, considering population and wealth.

As compared with other counties in the state, the expenses of administration in this county are not extravagant.

Lane county is nearer to that of Clackamas in population and valuation than any other county in the state, Lane being slightly larger than Clackamas in both.

The larger items of expense compare as follows:

Lane County Circuit Court \$15,000; Clackamas \$11,000.

Widows' Pensions, Lane \$10,000; Clackamas \$11,000.

Care of poor, Lane \$16,405; Clackamas \$12,000.

Clerk and Recorder, Lane \$14,800; Clackamas \$8,710.

Assessor, Lane \$10,630; Clackamas \$5,720.

Treasurer, Lane \$2,451; Clackamas \$3,121.

Sheriff, Lane \$13,560; Clackamas \$7,690.

County Court, Lane \$4,000; Clackamas \$2,320.

School Superintendent, Lane \$6,270; Clackamas \$3,813.

Total, Lane \$93,116; Total Clackamas \$65,374.

Roads and bridges, Lane \$135,000; Clackamas \$232,000.

The law makes it the duty of the County Court to make the annual tax levy and fix the rate for all purposes. This fact, gives to some people the erroneous impression that the County Court is accountable for high taxes, but a moment's reflection should show that the County Court has little to do except to compute the rate from the amount that must necessarily be made up, for instance the state levy of 3.22 mills; school and library, 3.28 mills; county, 3.5 mills and the road levy, 8 mills etc."

Judge Anderson's address was greatly enjoyed and many taxpayers today feel more kindly disposed towards the Judge and the County Court, than prior to his address and furthermore feel better acquainted with him personally and the Judge's personality is one of his best assets.

In as much as a delegation of taxpayers from Boring and vi-

### The High School Band

The attention of the News was called to the fact that in the recent account of the French Carnival, no mention was made of the debut at that time of the newly organized high school band, which played several selections.

This omission was entirely unintentional and the editor hereby wishes to apologize, as much credit is due the band members and especially the leader, Wilbur Wade of Currinsville.

D. C. Zink, Travelling Freight & Passenger Agent of the P. R. L. & P. Co., was an Estacada business visitor last Tuesday.

Community were at the meeting to present a proposition to the people of this end of the county, favoring the relocation of a road to do away with the present poor grade and dangerous Boring hill road, Messrs. Telford, Morand and Meyer of Boring and Hanson of the Swede Settlement, acted as spokesmen. During the discussion, Messrs. H. F. and Harvey Gibson of Barton, presented a similar, yet differently routed road, which would better favor the travel from the north end of the county, besides calling attention to the present road via the
