

The word **SERVICE**

represents what I am striving to do for the farmers of this community. I am trying to keep myself posted on the everyday and seasonable wants of my patrons, not only in the **Selling** but the **Buying** end of my business.

For Instance — One week we are all interested in alfalfa seed and lime, consequently I am getting in touch with the wholesalers to supply those needs.

Again — I am constantly looking for **Better Markets** for the disposal of my **Patrons' Produce** and all I ask of you is your continued patronage.

Why not supply your needs in—

Groceries Flour Feed Garden and Field Seed Etc.

where you can obtain the—

HIGHEST PRICE for what you have to sell

and where you can obtain the—

LOWEST PRICE for what you have to buy?

I am continually on the look out for markets—

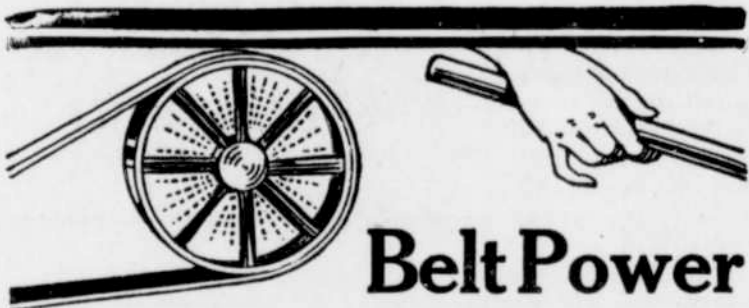

FOR YOUR PRODUCE

No matter what you have to sell, it will cost you nothing to secure my cooperation in marketing same.

In other words — I Want To Serve You — For
