Me-quitoses in Bagdad.

A round the world electrical engineer tells this story:

"We ran up to Bagdad to put over a little deal with the pasha, a former government official who had been prominent in the days of Abdul Hamid. His palace was infested with mosquitoes, and we had to plan to give him relief.

"He lived in the usual Moorish house, with high walls, flat roof with parapets, few windows and open court. The old pasha looked exactly as if he had just stepped out of a Broadway musical comedy with his shining silk robes, turban and red shoes with up-turned toes.

"In the palace garden was a stream with a fall of about ten feet. It would develop about one-fourth horsepower. We built a water mill, equipped it with a dynamo, wired the palace and started up some gigantic electric fans. These fans cooled the air and also blew through the rooms a narcotic sufficiently powerful to cause the mosquitoes to fall in a coma. All that remained was for the servants to go around and sweep them up in piles to be destroyed"—G. T. Hadley in World Outlook.

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound and ¼ oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and removes dandruff. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.
